**American Born Chinese** Luch, An odd mix of three storylines that are all related in more than mere theme. A) The Monkey King is laughed out of the god's party though he himself is a god. b) Jin Wang has to deal with being one of the few Asian Americans in his class. c) Danny's cousin, Chin-Kee (Chink-y [pun the authors]) a stereotype of all that is negative within Asian culture comes to visit, ruining his life once again.

American Born Chinese Gene Luen Yang, 2024-01-11 Now a hit TV show on Disney + starring Michelle Yeoh! A tour-de-force by New York Times bestselling creator Gene Yang, *American Born Chinese* is a groundbreaking graphic novel about race, friendship and the American Dream, with full-colour artwork. All Jin Wang wants is to fit in. But when his family moves to a new neighbourhood, he suddenly finds that he's the only Chinese-American student at his school . . . Born to rule over all the monkeys in the world, the story of the Monkey King is one of the oldest and greatest Chinese fables . . . Chin-Kee is the ultimate negative Chinese stereotype, and he's ruining his cousin Danny's life . . . These three apparently unrelated tales come together with an unexpected twist, combining unlikely friendships and Chinese mythology in a modern fable that is hilarious, poignant, and action-packed. *American Born Chinese* is an amazing ride, all the way up to the astonishing climax. Don't miss *Lunar New Year Love Story*, Gene's heartwarming YA graphic novel, created with LeUyen Pham, about fate, family and falling in love. To best display the stunning illustrations, this ebook is in fixed format rather than the reflowable format of most ebooks. We recommend you download a sample to your device before purchase if in doubt.

**Ethnic American Literature** Emmanuel S. Nelson, 2015-02-17 Unlike any other book of its kind, this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature. This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American, Asian American, Latino/a, and Native American literary traditions, among others. The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non-European descent and highlighting the ethnic diversity of works from the colonial era to the present. The work features engaging topics like the civil rights movement, bilingualism, assimilation, and border narratives. Entries provide historical overviews of literary periods along with profiles of major authors and great works, including Toni Morrison, Maxine Hong Kingston, Maya Angelou, Sherman Alexie, *A Raisin in the Sun*, *American Born Chinese*, and *The House on Mango Street*. The book also provides concise overviews of genres not often featured in textbooks, like the Chinese American novel, African American young adult literature, Mexican American autobiography, and Cuban American poetry.

The Oxford Handbook of Children's Literature Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched, the essays consider a wide range of texts - from the U.S., Britain and Canada - and take a variety of theoretical approaches, including formalism and Marxism and those related to psychology, postcolonialism, reception, feminism, queer studies, and performance studies ... Graphic Novels in English Foreign Language Teaching Ibrahim Kaddoura, 2017-10-23 Master's Thesis from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 1,5, University of Siegen, language: English, abstract: In this thesis, the author scrutinizes the advantages of using graphic novels in teaching English as a foreign language, and tries to answer the following research question: 'In how far does reading and working with graphic novels improve the linguistic and cultural competence of German students in English as a foreign language (EFL)?' This thesis

consists of two parts: a theoretical part that will acquaint the reader with the notion of visual literacy, some basics on comic style theory, the development of intercultural communicative competence, and second language acquisition. In the second part, the author looks at two research projects dealing with the integration of graphic novels in ELT at a German grammar school. The first project is conducted in an eighth grade and investigates students' linguistic development through reading graphic novels and both students' and the teacher's appreciation of graphic novels. The second research project is conducted in an eleventh-grade and investigates students' development of intercultural communicative competence and both the students' and teacher's enthusiasm towards using graphic novels in language teaching. At the end, the author will answer the research question in the form of a conclusion.
