The Complete Guide to Affiliate Marketing on the Web Bruce C. Brown, 2009 Affiliate marketing is a highly profitable online advertising method in which website merchants pay independent third parties to promote the products or services of an advertiser on their Web site. In other words, affiliate marketing involves posting a company's banner on your Web site or blog and attempting to send visitors to their Web site. If someone clicks on that banner or goes to that site and buys something, you will be paid a commission. While some affiliates pay only when a sale is made, some selling big ticket items like cars, credit cards, travel, and so forth have modified the model and pay for qualified leads. Affiliate marketing is now viewed as a key component of a company's online marketing strategy. Affiliate marketing is an advertising technique that originally was developed by Amazon.com. In this new book you will learn how to master the art and science behind affiliate marketing in a matter of hours. By investing a few dollars you can easily increase the number of visitors to your Web site and significantly increase sales. If you want to drive high quality, targeted traffic to your site, there is no better way than affiliate marketing. Since you only pay when a sale is made, your marketing dollars are being used more effectively and efficiently compared to any other advertising method. The keys to success in affiliate marketing are knowing what you are doing, devising a comprehensive and well-crafted advertising plan, and knowing the relationships between your website, search engines, PPC advertising, and campaign methodology. This groundbreaking and exhaustively researched new book will provide everything you need to know to get you started on generating high-volume, high quality leads. You will learn the six steps to a successful campaign: keyword research, software needed, copy editing, setup and implementation, performance analysis, return on investment, and reporting and avoiding PPC fraud. In addition, we spent thousands of hours interviewing hundreds of today's most successful affiliate marketing masters. This book is a compilation of their secrets and proven successful ideas. Additionally, we give you hundreds of tips and tricks to ensure your website is optimized for maximum search engine effectiveness, which will drive business to your Web site and increase sales and profits. You will find actual case studies from companies who have used our techniques and achieved unprecedented success. If you are interested in learning hundreds of hints, tricks, and secrets on how to implement affiliate marketing, optimizing your website for maximum search engine effectiveness, developing a cost-effective marketing campaign, and ultimately earning enormous profits, this book is for you. IM Cash Jinger Jarrett, 2012-10-27 In this two volume set, previously based on my books, *Internet Marketing for Free: The Guide*, and *1001 High Traffic Sites to Market Your Business for Free*, you will discover all the free internet marketing techniques I use to market my business. I will show you: How to use search engine optimization and marketing without over optimizing or getting your site banned. These simple techniques are enough to help your website rank well in the search engines and will work for years to come. How to use blogging, not just as a business model but as a way to also drive traffic to your business and connect with readers and customers. I'll show you easy ways to get ideas for blog posts. You'll never run out of ideas for content. How to use article writing and submission now. (Article writing is still effective if you know what to submit and you write for your readers, not the search engines.) How to use press releases to drive traffic to your site and I include my favorite places to submit. How to use forums and why they're still a great way to promote your business. (Forums have been a staple of the internet for years, and they're not going away any time soon. This is an excellent way to promote especially if you're a beginner, and you can earn while you learn.) How to create an affiliate program for your business and do it for free. You'll learn how to leverage the power of affiliate programs to expand your business into places you might not be marketing. Having affiliates will allow you to do this. How Joint Ventures are the fastest way to get paid once you start using them and where to go to find the best joint venture partners. Why free classifieds aren't dead yet, and how they can help you market your business quickly especially if you are just starting out. (They can even help you with your search engine rankings, so they're well worth a look.) How to get started with pay per click search engines for free. Use all the free traffic available to help you find the winning ads in your business before you blow your marketing budget on this marketing technique. How doing just 5 simple things a day can set you up to have unlimited traffic for years to come (Rule of 5 marketing). How to use social bookmarking and linking to generate passive traffic. In part 2 I'll show over 1000 places where you can market your business. This includes the best directories, most popular search engines, press release directories, article directories, social sites, video sites and more. It's all included. Eliminate all the guesswork in trying to find the best traffic for your business. (Includes checklist and bonus resources to help you make more money and get the job done now.)
