Saint Teresa (of Avila)

Death & Dying in Hispanic Worlds Debra D. Andrist, 2020-09-28 The dispassionate intellectual examination of the concepts of death & dying contrasts dramatically with the emotive grieving process experienced by those who mourn. Death & dying are binary concepts in human cultures. Cultural differences reveal their mutual exclusiveness in philosophical outlook, language, and much more. Other sets of binaries come into play under intellectual consideration and emotive behavior, which further divide and shape perceptions, beliefs, and actions of individuals and groups. The presence or absence of religious beliefs about life and death, and disposition of the body and/or soul, are prime distinctions. Likewise the age-old binary of reason vs. faith. To many observers, the topic of death and dying in the Hispanic cultural tradition is usually limited to that of Mexico and its transmogrified religious festival day of Dia de los Muertos. The studies presented in the ten chapters, and editorial introductions to the themes of the book, seek to widen this representation, and set forth the implications of the binary aspects of death and dying in numerous cultures throughout the so-called Hispanic world, including indigenous and European-derived beliefs and practices in religion, society, art, film & literature. Contributions include engagement with the pre-Hispanic world, Picassos poetry, cultural norms in Cuba, and the literary works of Jorge Luis Borges and Gabriel Garcia Marquez. Underlying the arguments presented is Saussurean structuralist theory, which provides a platform to disentangle cultural context in comparative settings.

Honor hacia Mi Señor Fabio Omar González, 2025-06-18 San La Muerte, una figura venerada por miles en Sudamérica, ha trascendido las barreras religiosas y culturales para convertirse en un símbolo de protección y justicia. Este libro analiza la historia y evolución del culto a este santo esquelético, desde sus orígenes en las reducciones jesuíticas hasta su adopción por las comunidades más marginadas de Argentina, Paraguay y Brasil. A través de un análisis profundo, se explora la controversia que rodea a San La Muerte, incluyendo su relación con la Iglesia Católica, su vinculación con la delincuencia, y la dualidad intrínseca que representa. Una obra fundamental para entender la espiritualidad popular latinoamericana.

Iberian Books Volumes II & III / Libros Ibéricos Volúmenes II y III (2 vols) Alexander Samuel Wilkinson, Alejandra Ulla Lorenzo, 2015-10-05 Iberian Books II & III presents an indispensable foundational listing of everything known to have been published in Spain, Portugal and the New World, or of items printed in Spanish or Portuguese elsewhere, during the first half of the seventeenth century. Drawing on library catalogues, specialist bibliographies and studies, as well as auction catalogue

records, Iberian Books lists 45,000 items, and the locations of some 215,000 copies surviving in 1,800 collections worldwide. These volumes offer a powerful research tool which will appeal to researchers, librarians and to the book selling and collecting communities. They will prove invaluable to anyone with a research interest in the literature, history and culture of the Iberian Peninsula in the early modern age. This set supplements Iberian Books, which logs the Iberian print production up to 1601. Los dos volúmenes de Iberian Books II & III ofrecen un registro pionero de todos los impresos publicados en España, Portugal y el Nuevo Mundo, o en español o portugués en otros lugares, entre 1601 y 1650. A partir del trabajo realizado en bibliotecas, la revisión de bibliografías especializadas y de catálogos de casas de subastas, Iberian Books recoge 45.000 impresos conservados en 215.000 ejemplares preservados en 1.800 colecciones de todo el mundo. Estos volúmenes ofrecen una herramienta de investigación de gran utilidad para investigadores, bibliotecarios, libreros y coleccionistas. Los dos volúmenes resultarán de enorme valor a todo aquel investigador interesado en la literatura, la historia y la cultura de la Península Ibérica de la Edad Moderna.

Viaje a los paisajes invisibles Julián Varsavsky, 2025-02-01 Una crónica de viajes, relatos punzantes que dan voz a testimonios y personajes asombrosos en un recorrido que va desde la Antártida al desierto de Atacama. La guerra, la festiva religiosidad popular, los personajes de excepción, vestigios arqueológicos unidos con caravanas de llamas por el Qhapaq Ñan -Camino Inca-, los desiertos antártico, patagónico, puneño, pampeano, atacameño y andino, pueblos desolados, grandes planicies y la Antártida como gran musa inspiradora son los temas que recorren este conjunto de sorprendentes crónicas. La orfebrería de este relato no parte de un orden cronológico, sino geográfico: va de sur a norte, de Antártida a Atacama. Una crónica depende de lo punzante de la mirada. Y de la capacidad del autor para deconstruir la percepción primaria ante sus ojos.

La última maldición de Aravaca Fernando Ariel Pozzaglio, 2022-06-09 El padre Daniel Santa Juliana, un sacerdote que atraviesa una crisis existencial y espiritual, llega al remoto y lúgubre pueblo de Aravaca, lo que agrava aún más su situación. En el pueblo se encuentra con la doctora María Teresa Urzúa, médica y psicoanalista, que intenta, desde hace algún tiempo, reiniciar su vida profesional y dejar atrás su pasado que la ha condenado a la melancolía y a la soledad. Justo en aquellos tiempos comienzan a suscitarse hechos anormales y macabros en los habitantes de aquel rincón perdido del Chaco. Todas las evidencias indican que el causante de estas desgracias es un culto oscuro que venera a San La Muerte. El cura intentará salvar a los habitantes de Aravaca, quizás para salvarse a sí mismo y demostrar la existencia de la divina providencia, incluso

poniendo en riesgo su vida. La Dra. María Teresa Urzúa quedará envuelta en esta cuestión intentando explicar los hechos, en apariencia sobrenaturales, de manera racional. Pronto se darán cuenta que la secta instalada en el pueblo ha crecido desmedidamente y que tiene adeptos, incluso, dentro las fuerzas policiales y autoridades locales. Religión y ciencia, razón y fe, se imbrican en el relato para demostrarnos que la realidad siempre es más compleja de lo que aparenta ser y que los hechos puros no llegan a nosotros más que a través de la interpretación.
