The Subversive Harry Potter Vandana Saxena,2014-01-10 The seven books in J.K. Rowling's Harry Potter series bring together a variety of aspects of young adult fiction and portray youthful rebellion as well as cultural containment and an adolescent's negotiations through these conflicting forces. This detailed study of Harry Potter explores the limits of the formulaic structure of adolescent fantasy fiction and also examines the impulse of exploration, subversion, and resistance contained within the formula. Within both subversion and containment in the narrative, young adult fantasy becomes an embodiment of the experience of adolescence--its angst, rebellion and also its journey of personal maturation.

In Transition Emily Corbett,2024-05-28 The first book-length work of its kind, In Transition: Young Adult Literature and Transgender Representation examines the shift in the young adult book market towards increased representation of transgender characters and authors. Through a comprehensive exploration of historical conventions, genres, character diversity, and ideologies of trans representation, Emily Corbett traces the roots of trans literature from its beginnings in a cisgender-dominated publishing world to the recent rise in trans creators, characters, and implied readers. Corbett describes how trans-ness was initially perceived as an issue to be overcome by cisgender authors and highlights the ways in which the market has changed. Through careful analysis of texts that have until now received little scholarly attention, Corbett weaves together different theoretical approaches and fields of study to provide a map of the textual and cultural histories of this twenty-first-century publishing phenomenon. Focusing on trans authorship, authentic storytelling, and intersectional diversity, this book charts changing public attitudes, the YA book market, and the unique sociocultural moment in which

these books are published. In Transition contributes new perspectives on the intersections of adolescence and trans-ness and sheds light on a dynamic subset of YA literature that has yet to receive sustained analysis.

Alanna Tamora Pierce,2017-08-03 From now on I'm Alan of Trebond, the younger twin. I'll be a knight. Alanna has always craved the adventure and daring allowed only for boys; her twin brother, Thom, yearns to learn the art of magic. So one day they decide to switch places. Disguised as a girl, Thom heads for the convent; Alanna, pretending to be a boy, is on her way to the castle of King Roald to begin her training as a page. But the road to knighthood is not an easy one. As Alanna masters the skills necessary for battle, she must also learn to control her heart and to learn who her enemies are. Filled with swords and sorcery, adventure and intrigue, good and evil, Alanna's first adventure begins . . . In the second adventure: Still disguised as a boy, Alanna becomes a squire to none other than the prince of the realm. Prince Jonathan is not only Alanna's liege lord, he is also her best friend - and one of the few who knows the secret of her true identity. But when a mysterious sorcerer threatens the prince's life, it will take all of Alanna's skill, strength, and magical power to protect him - even at the risk of revealing who she really is . . .

Literature and the Child Bernice E. Cullinan, Lee Galda, 1998 With a slender design and appealing art, Cullinan and Galda present a thought provoking discussion on how children can read to respond, read to learn, and read to enjoy. This text provides evaluation criteria for selecting superior children's books, rather than listing thousands of titles and synopses. Booklists direct readers to quality literature, and extended discussions of selected titles demonstrate the selection criteria. Multicultural literature is discussed throughout the text, with a separate chapter on more specific multicultural issues. Numerous teaching ideas, many of which are contributed by classroom teachers, provide practical applications. This is a book for teachers, stressing the use of good books in a literature based curriculum.
