A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church, Second Series, Volume 4 Philip Schaff, Henry Wace, 2022-04-29 Philip Schaff's classic work colloquially known as The Early Church Fathers is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church. Comprised of thirty-eight volumes, it is broken into three parts: the Ante-Nicene Fathers, and Nicene and Post-Nicene Fathers, First and Second Series.

Who, Where, and What Is God? Albertus Pretorius, 2022-03-03 The God worshiped by Jews, Christians, and Muslims never existed. This book demonstrates clearly and decisively that it is impossible that the God of the sacred Scriptures, deemed to be an omnipotent, omnipresent, omniscient, caring, benevolent, and just creator and ruler of the universe, could ever exist. Should he be the creator who designed the universe, then he would have been powerless to formulate any other axioms of mathematics, logics, jurisprudence, or ethics that we do have and, therefore, he cannot be the highest authority in the universe. Neither is he able to regulate the universe on a quantum level. All these eternal and immutable axioms may, nevertheless, be described as the mind of an impersonal God. This book is meant for theologians, philosophers, and everybody else interested in religious matters.

Lectures Swami Vivekananda, 1908 The present volume consists chiefly of lectures...delivered in London, England. Two were given in India... . The lectures deal with the teachings of the Upanishads, which contain the essence of Vedânta.-- Preface.

The Signs and Symbols of Primordial Man Albert Churchward,1913 Albert Churchward's famous study of Ancient Egyptian myths and symbology reveals how their mythological culture evolved over thousands of years, influencing other civilizations. The author was among the first Western scholars to investigate the connection between the religious symbols, deities and traditions of Egypt, and those which emerged in later societies. By studying the hieroglyphic texts preserved in the monuments and papyrus of the Egyptian society, Churchward uncovered the origins of legendary stories, the roles of Gods like Horus and Ptah, and the emergence of important symbols such as the triangle, cross and swastika. The religious and cultural influence of this ancient society, whose dynasties stretched across millennia, is revealed to be of staggering magnitude. This book pieces together the connections between Egyptian lore and that of the Hebrews, the Freemasons, the Mayans and various tribal societies. The depth of Churchward's enquiry is enormous; hundreds of drawings, symbols, and photographs accompany the narrative, that the reader may discover the myriad connections and wide-ranging influence of the Egyptians from antiquity onward. Frequent quotations and cites of accomplished workers in the field of Egyptology, such as Dr. Wallis Budge and Gerald Massey, further support the points established.
