Vampires Versus Werewolves TaShe' Lee,2020-11-15 My book is about a vampire named Sparkle Anderson, and she is a student in high school with her best friends. But her school is a vampire-only school. Their rival species are the wolves. All of a sudden, one of the wolf schools burned down, and they all end up in the vampire school, in the same school as Sparkle and her friends! You can already sense the drama there. But Sparkle falls in love with the wolf boy, Jason, who is very flirtatious and was a very good-looking boy, that is until she realizes that he has a secret of his own that he knew of and kept to himself. Then she starts to see this guy named Johnny, and she takes the chance with him in this new relationship. Now Sparkle is a special breed of vampire. She kept this secret from her friends ever since her mom and dad were murdered. She is a hybrid, both a vampire and a werewolf. Will she be able to keep this secret from her best of friends or will she be able to keep it for as long as she wants?

THEY BITE Jonathan Maberry,David F. Kramer,2009-08-25 From two award-winning authors, a collection of horror legends and folklore from the world of supernatural and paranormal storytelling. The ultimate guidebook to the horrific roots and modern-day expressions of our darkest fears, with contributions from the modern masters of the macabre. Wary mortals have always lived in fear of monsters that feast on human flesh and blood to energize their evil essence. Every culture and country has its demons—and since earliest times we've tried to capture these supernatural predators through the power of storytelling. But they refuse to be tamed . . . Join Bram Stoker Award winners Maberry and Kramer on a chilling journey into the nature of the beast. You'll unearth graves and venture into forbidden caves and forests to discover the evolution of supernatural predators throughout centuries of scares. From ancient heroes battling dragons to wary vampire hunters opening cobweb-enshrouded coffins, this compendium of creepy creatures tracks the monsters of our imagination from the whispered fireside tales of old to the books, comics, and films that keep us shivering on the edges of our seats with delight and fascination.

Undead Apocalypse Stacey Abbott,2016-09-08 Explores the intersection of the vampire and zombie with 21st Century dystopian and post-apocalyptic cinemaTwenty-first century film and television is overwhelmed with images of the undead. Vampires and zombies have often been seen as oppositional: one alluring, the other repellant; one seductive, the other

infectious. With case studies of films like *I Am Legend* and *28 Days Later*, as well as TV programmes like *Angel* and *The Walking Dead*, this book challenges these popular assumptions and reveals the increasing interconnection of undead genres. Exploring how the figure of the vampire has been infused with the language of science, disease and apocalypse, while the zombie text has increasingly been influenced by the trope of the reluctant vampire, Stacey Abbott shows how both archetypes are actually two sides of the same undead coin. When considered together they present a dystopian, sometimes apocalyptic, vision of twenty-first century existence. Key features Rather than seeing them as separate or oppositional, this book explores the intersection and dialogue between the vampire and zombie across film and television Much contemporary scholarship on the vampire focuses on Dark Romance, while this book explores the more horror-based end of the genre Offers a detailed discussion of the development of zombie television Provides a detailed examination of Richard Matheson's *I Am Legend*, including the novel, the script, the adaptations and the BBFC's response to Matheson's script

Bound In Darkness (A Vampire/Werewolf Romance) Cynthia Eden, Hunter... When it comes to killing vampires, werewolf Cade Thain is the best slayer in the Northwest. So when a witch hires him to take out a pureblood vamp, the assassin thinks it will be just business as usual. One less vicious vamp on the streets...one more undead parasite gone from the earth. Then he meets her. Protector... Allison Gray isn't the prey that Cade expects. Beautiful, innocent, she stirs a dark desire within him. Allison hasn't transformed fully into a vampire, not yet, and it's Cade's job to make sure that she never does. Allison thinks that he's at her side to keep her safe, but Cade is supposed to pick the right moment--and kill her. Lover... Killing Allison is soon the last thing that Cade plans. As she begins the transformation that will turn her into a vampire, her bloodlust and their desire merge in an explosion of need that neither can control. But Allison's enemies are closing in, and the coming battle will take Cade and Allison beyond life, beyond love...and into a deadly darkness that waits to claim them both. **BOUND IN DARKNESS**. Warning: This novella is a sexy paranormal romance. As such, it contains blood, sex, vampires, and a hot alpha werewolf. Violence and adult language? Yes, those are included, too. Science Fiction, Fantasy, and Horror Film Sequels, Series, and Remakes Kim R. Holston, Tom Winchester, 1997 Science fiction, fantasy and horror films have spawned more sequels than any other film genre. While the perhaps overly familiar Dracula and Frankenstein have inspired dozens of additional films, such movies as Quatermass and The Omen have also produced several sequels. Over 400 horror, science fiction and fantasy films are analyzed in this comprehensive reference to the genre's sequels, series and remakes. Filmographies are given for each film, providing year of release, studio, running time, cast and credits. This is followed by a plot synopsis, reviews of the work, and a critical analysis.

The Political Companion to American Film Gary Crowdus, 1994 The Political Companion to American Film is an encyclopedic collection of critical essays offering provocative social and political commentary on the work of filmmakers (from Woody Allen to Darryl Zanuck) and other film personalities (from Charles Chaplin to John Wayne), film genres (from crime Movies to World War II Animated Propaganda Cartoons), racial and ethnic portrayals (from African Americans to Native Americans), social issues (from Big Businessmen to the Small Town), theoretical and critical issues (from the Auteur Theory to Postwar American Film Criticism), economic and industrial issues (from Conglomerates to the Studio System), and much more. The Political Companion to American Film features the writing of some of America's leading film critics and authors, many of whom are specialists who have literally written the book on their subjects, and has been edited by Gary Crowdus, Editor-in-Chief of Cineaste, America's leading magazine on the art and politics of the cinema. The expertise and critical insights of these contributors are conveyed in a colorful, comprehensible and jargon-free prose style, and many of the essays include recommended bibliographies.
