**Migration Literature in Translation** Mattea Cussel, 2025-05-02 *Migration Literature in Translation* explores the unique case of Latinx literature translated into Spanish, drawing from Latinx studies, sociology, political philosophy and cultural studies. The book focuses on works by Helena María Viramontes, Achy Obejas, Daisy Hernández and Junot Díaz, analysing migration literature and translation as a social practice. Cussel introduces the ‘integrated translation critique’, a new methodology that examines the transformation of texts through translation and their reception, while incorporating empirical social research methods. This innovative approach highlights the roles of various actors—scholars, translators, authors, reviewers, and readers— in shaping Latinx literary texts’ mobility and meaning across languages and cultures. Through qualitative research including focus groups, questionnaires and fieldwork in Europe, Latin America and the US, Cussel sheds light on how transnational readers engage with translated migrant stories. By addressing the cultural, social and political dimensions of translation, this interdisciplinary work offers a sociological perspective on literary translation. It is essential reading for scholars and students in the sociology of translation, Latinx and migration literature, and migration studies.

**(In)Hospitable Encounters in Chicanx and Latinx Literature, Culture, and Thought** Maria Antònia Oliver-Rotger, Pere Gifra-Adroher, 2024-10-17 This volume addresses the notion of (in)hospitality in the culture, literature, and thought of Chicanx and Latinx in the United States. It underscores those “stranger others” against whom nativist fear and state violence are directed: undocumented migrants, refugees, and asylum seekers. Critical analyses focus on the topics of immigration and state violence, hospitality in written and visual narratives, and the role of hospitality in the translation of academic and literary works. All essays explore the conditional character of hospitality towards Chicanx and Latinx and its attending myths and discourses. Dwelling on the predicament that individuals and groups face as strangers, unwelcome guests, and unwilling hosts, the essays also explore the ways in which Chicanx and Latinx writers, artists, and filmmakers may or may not challenge the guest-host relationship. The ethical concern that runs through the volume considers material history and the institutional, disciplinary regulation of the uncertainty of hospitality acts as factors determining the narratives about foreign others. Con ellos llega a las manos del lector el sobresalto, el caos, la carcajada o el miedo provocados por la irrupción de lo inaudito en una realidad que hasta ahora creíamos conocer.

Disponiendo de muy poco tiempo, tendrá que encontrar ese secreto del que su abuelo jamás habló: cómo derrotar al mismísimo Diablo.
