

Walter Ong Oralidad Y Escritura Pdf

Javier Protzel

Comunicación Oral Técnicas y Estrategias de Castro ,Adela,2014-08-06 Este texto-guía, primer volumen de la COLECCIÓN COMUNICACIÓN ORAL Y ORGANIZACIONAL, está diseñado para que el lector entienda las diferencias entre el lenguaje oral y el escrito, para qué nos sirve una buena preparación oral y cuáles son las cualidades más importantes de la expresión oral en público. Así mismo, permite comenzar a planear dicha intervención; para hacerlo, se ofrecen consejos sobre cómo iniciar, cómo planearla y organizarla y, por último, se muestran cuáles son los cuatro tipos de planes efectivos que harán coherente la organización de la misma. El texto incluye, además, herramientas multimediales con una serie de ejercicios que han sido puestos en práctica en talleres llevados a cabo en el ámbito universitario y empresarial.

Comunicación digital Marta-Lazo, Carmen,Gabelas Barroso, José Antonio,2017-03-22 Este manual está dirigido a estudiantes de comunicación y de educación de grado y posgrado. El eje central de toda la obra es el novedoso concepto de Factor R-elacional, atendiendo al nuevo modelo que los autores han bautizado como «TRIC» (Tecnologías de la Relación, Información y Comunicación), que dibuja un nuevo escenario de contextos y mediaciones en la comunicación digital y móvil. Este libro contiene todas las partes esenciales para entender la comunicación digital: fundamentos, principios, interactuantes, competencias, mediaciones e inteRmetodología.Desde una perspectiva educomunicativa, los autores proponen métodos innovadores para llevar a cabo prácticas de aprendizaje digital en entornos presenciales, semipresenciales y virtuales. Como aportación final, se entrevista a seis reconocidos expertos en educación mediática y competencia digital para abordar desde su mirada diferentes temas planteados en el libro, de forma dialógica y abierta a la reflexión. También se brinda a los lectores la posibilidad de participar e interactuar en un laboratorio de experiencias TRIC.

Reír y llorar: lo trágico y lo cómico en formas narrativas de la tradición oral de México ,2022-07-27 Dicen que de la risa viene el llanto o que de la risa al llanto sólo hay un paso o a la inversa; el caso es que la humanidad siempre ha quedado sujeta a oscilar en medio de sus emociones; por eso, no resulta extraño que en nuestra literatura de tradición oral hallemos formas propicias para la risa como pueden ser el chiste, los cuentos jocosos y los cuentos de costumbres donde la caracterización de los personajes tiende a llevarlos a la ridiculización hasta los géneros menos propicios para la carcajada —como el romance, el corrido y la leyenda— pero que siempre dejan asomar una sonrisa. Estas páginas son un rastreo de la risa y el llanto en nuestras formas de contar y cantar.

Innovación docente y renovación pedagógica en derecho internacional y relaciones internacionales. El impacto de la investigación en la docencia Víctor L. Gutiérrez Castillo, 2021-12-10 Desde las autoridades competentes en materia de Educación Superior e Investigación se han desarrollado diferentes sistemas de evaluación curricular del personal docente e investigador universitario en los últimos años; sistemas en los que se presta una especial atención a la innovación docente y la transferencia de resultado de las investigaciones. Por esta razón, avanzar en los procesos de renovación pedagógica en la educación superior, así como en la innovación en la investigación constituye, al día de hoy, una necesidad a la que se tiene que dar una respuesta desde la comunidad universitaria.

Escrituras de la intimidad Rubio, Alfonso, Cardona Z., Patricia, Silva Prada, Natalia, Galeano, Juan, González Martínez, Nelson Fernando, Arcila Yepes, Alejandra, Samacá Alonso, Gabriel David, Criollo Sánchez, Marcela, Moreno Blanco, Juan, Berrío Moncada, Maribel, Zuluaga Hoyos, Gustavo Adolfo, García Jerez, Francisco Adolfo, Vivas Hurtado, Selnich, 2024-10-31 Las escrituras de la intimidad se han constituido en un terreno fértil de indagación interdisciplinaria de las ciencias sociales y humanas. Disciplinas como la antropología, la historia, la filosofía, la sociología y la crítica literaria han construido puentes para abordar los textos en primera persona, cuya lectura jamás podrá ser unívoca ni unidireccional. El carácter polisémico, interdisciplinario y reflexivo de las escrituras del yo queda bien representado en las trece propuestas que componen este libro, que es, también, una colección representativa del estado actual de este campo de estudios en Colombia y de las convergencias disciplinares que ha posibilitado. Desde el intento por superar las consideraciones de las dualidades ficción-realidad y sujeto-sociedad, poniendo en práctica un tipo de investigación situada diacrónica y sincrónicamente, de la que son parte constitutiva tanto las representaciones narrativas como los contextos de enunciación y de apropiación, el lector encontrará métodos históricos, etnológicos, críticos o literarios, sustentados en un material empírico diverso que abarca desde la tradición oral hasta los testimonios de los documentos históricos y las fuentes literarias.

Personalizar el vínculo con la tecnología Francisco Albarello, 2014-10-01 La fuerte innovación tecnológica que vivimos en la actualidad -las redes sociales, los celulares inteligentes, la multitarea, entre otras- no nos da tiempo para pensar en cómo utilizamos estos medios para comunicarnos. Se impone la necesidad de hacer un discernimiento sobre cómo nos vinculamos con ellos y cómo influyen en el vínculo que establecemos con los demás. Estas páginas ofrecen un enfoque original; en ellas se establece un diálogo entre autores e investigadores contemporáneos que indagan los cambios culturales y psicológicos que introducen las tecnologías de la información y la comunicación, y los planteos que realiza al respecto la Doctrina Social de la Iglesia. Como resultado de esta confluencia, se propone personalizar el vínculo con la tecnología, es decir, dotarla de sentido humano poniéndola al servicio de una comunicación que restituya la centralidad de la persona. Un libro de fácil lectura dirigido a educadores, agentes de pastoral, y a la creciente cantidad de usuarios de redes sociales y de los nuevos medios.

Borges-Cortázar Javier Roberto González,2007

Nuestra América negra Inés Pérez-Wilke,Flor Márquez,2013

Mirando hacia el futuro. Manuel Martín Serrano,2022-11-18 Las redes digitales han hecho posible la existencia del espacio virtual, el ámbito donde los internautas pueden operar con la información y establecer relaciones online.En la perspectiva de sus aplicaciones sociales, la virtualización consiste en la utilización de recursos informativos y comunicativos para acompañar a las actividades presenciales o para sustituirlas. En la perspectiva del desarrollo humano, la virtualización es un procedimiento tecnológicamente mediado de incrementar la transferencia de la ejecución a la indicación. Esa transferencia ha hecho posible que la información actúe en la configuración, el funcionamiento y control de todo sistema, actividad o relación que sea programable. Desde entonces, esas programaciones se están convirtiendo en práctica virtual necesaria para la reproducción y el funcionamiento de nuestras sociedades. De hecho, la virtualización ha sido recurso imprescindible para la transformación de las sociedades posindustriales en otras, que se ha dado en denominar globalizadas. Por eso, el análisis de las prácticas sociales que están relacionadas con la virtualización contribuye a esclarecer los cambios existenciales y sociopolíticos que se están produciendo en el presente y que ya están transformando el futuro. Como la virtualización es un proceso que se inició hace aproximadamente 30 años y previsiblemente vaya a prolongarse durante generaciones, el libro tiene un enfoque prospectivo. En esta publicación se analizan cuatro dimensiones de la virtualización que están construyendo ese futuro: la robotización, las intervenciones orgánicas y genéticas en los seres humanos, las relaciones virtuales entre individuos y organizaciones, y la virtualización de la política. Para abarcar estas dimensiones -que tendrán efectos en la sociogénesis y en la antropogénesis- participan en esta obra diecinueve autoras y autores, docentes e investigadores en estos campos.

Procesos Interculturales Javier Protzel,2006 Desde una aproximación sociológica, el autor señala los caminos por los cuales discurren las grandes líneas de los procesos interculturales del Perú contemporáneo. Se presenta los fundamentos teóricos de la cultura, la interculturalidad y el discurso Estado-nación. Se estudia el rol de los medios (cine y TV) como mediación popular en la construcción de identidades modernas.

Female Improvisational Poets Xabier Irujo Ametzaga,Iñaki Arrieta Baro,2018 The present book addresses the struggle for the rights of women in the context of bertsoaritz (improvised oral poetry) in the Basque Country --
