Joel Whitburn's Top Pop Album Tracks, 1955-1992 Joel Whitburn, 1993

Maturity, Marriage, Motherhood, Mortality Preston H Kelsey Professor of Religion Emerita Susan Ackerman, Susan Ackerman, 2025-10-29 Maturity, Marriage, Motherhood, Mortality is a study of women's life-cycle rituals in ancient Israel, beginning with rituals that marked a girl child's birth and then considering a young woman's coming of age and her betrothal and wedding, as well as rituals undertaken by women during pregnancy and during the days and early years after giving birth, before concluding with a discussion of rituals enacted upon a woman's death. Throughout, the book highlights features distinctive to women's life-cycle rituals and especially differences between women's life-cycle rituals and men's, and it puts forward a six-part theoretical model to explain these distinctive features and differences-- Provided by publisher.

Chapter and Verse Tony Banks, 2007 This book is the first time in over 20 years that Tony Banks, Phil Collins, Peter Gabriel and Mike Rutherford have collaborated creatively on a project, working together to create the complete history of Genesis. It is a story that spans 30 years and 30 albums selling a staggering 212 million copies worldwide. It embraces world tours that have played to 25 million people and it covers the high-profile departure over the years of one vocalist, (Peter Gabriel), one highly influential guitarist (Steve Hackett) and their best-known drummer and vocalist (Phil Collins). Key fellow members of the band, management, road crew and entourage have also been interviewed, including Jonathan King (their first manager, who got Genesis signed to Decca in 1967), long-time cohort and road manager Richard MacPhail, Anthony Phillips (guitarist, founder member to 1970), Tony Smith (manager since 1973), drummers Bill Bruford, Chris Stewart and John Silver, and Ray Wilson, the Genesis vocalist after Phil Collins.

Joel Whitburn's Top Pop Albums, 1955-1992 Joel Whitburn, 1993 inch....this work is likely to become a standart work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James, Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

Baptism David F. Wright, 2025-06-27 The Christian church confesses one baptism. But the church's answers to how, whom and when to baptize, and even what it means or does, are famously varied. This Spectrum Multiview volume provides a forum for thoughtful proponents of three principal evangelical views to state their case, respond to the others, and then provide a summary response and statement. Sinclair Ferguson sets out the case for infant baptism, Bruce Ware presents the case for believers' baptism, and Anthony Lane argues for a mixed practice. As with any good conversation on a controversial topic, this book raises critical issues, challenges preconceptions and discloses the soft points in each view. Evangelicals who wish to understand better their own church's practice or that of their neighbor, or who perhaps are uncertain of their own views, will value this incisive book. Spectrum Multiview Books offer a range of viewpoints on contested topics within Christianity, giving contributors the opportunity to present their position and also respond to others in this dynamic publishing format.
