

# British And American Spelling Differences

**Richard L. Venezky**

*Spotlight on Standard American English and Standard British English* Thomas Schachtebeck, 2011-01-19 Seminar paper from the year 2007 in the subject Didactics for the subject English - Grammar, Style, Working Technique, grade: 1,3, Free University of Berlin (Fachbereich Englisch), course: Sociolinguistics and Varieties of English II, language: English, abstract: Throughout the 20th century, Standard British English (hereafter BrE) and Standard American English (hereafter AmE) made up the two 'reference varieties' of the English language. Even today - in the 21st century - BrE and AmE represent "a large proportion of all native speakers of English (83 per cent)" [Svartvik & Leech 2006: 150] in the world. The reason why these two varieties have acquired such a prestigious position among many other varieties of English is that in Great Britain and in the United States - two of the most influential nations of the 20th century in terms of political power and economical strength - "English has been institutionalised longer than anywhere else" [Cheshire 1991: 13]. Consequently, BrE and AmE "provided the chief native-speaker models which non-native speaking teachers of English" [Svartvik & Leech 2006: 150] aim to instil. Although both 'reference varieties' of English seem to be very much the same at first sight, "British and American English undoubtedly are different, and Englishmen and Americans undoubtedly know it." [Partridge & Clark 1951: 308]. Closer investigations reveal that AmE is different from BrE at levels of phonetics, phonology, grammar, lexis and spelling. Whereas the fields of pronunciation and lexis definitely share the most prominent and numerous differences between AmE and BrE, the field of spelling shows only a couple of minor differences. Today, the vast majority of English lexis is spelled the same in AmE and BrE. However - to a certain extent - there are some characteristic spelling differences between AmE and BrE which many learners of English are not well familiar with. In the following, this paper concentrates on pointing out the major differences in spelling between contemporary AmE and BrE since this linguistic field of interest is very strongly related to the different historical and political developments America and Great Britain went through. Therefore, this paper will first work out some historical reasons for the development of spelling differences between the two 'reference varieties' and highlight America's most influential attempts to standardise American spelling. Afterwards, it will give a detailed overview about the most prominent and common spelling differences between AmE and BrE by categorising them into three major groups and providing a couple of examples for each group, and finally, this paper will briefly reflect on the situation of AmE and BrE in the world today.

**Spotlight on Standard American English and Standard British English** Thomas Schachtebeck, 2011 Seminar paper from the year 2007 in the subject English - Grammar, Style, Working Technique, grade: 1,3, Free University of Berlin (Fachbereich Englisch), course: Sociolinguistics and Varieties of English II, language: English, abstract: Throughout the 20th century, Standard British English (hereafter BrE) and Standard American English (hereafter AmE) made up the two 'reference varieties' of the English language. Even today - in the 21st century - BrE and AmE represent a large proportion of all native speakers of English (83 per cent) [Svartvik & Leech 2006: 150] in the world. The reason why these two varieties have acquired such a prestigious position among many other varieties of English is that in Great Britain and in the United States - two of the most influential nations of the 20th century in terms of political power and economical strength - English has been institutionalised longer than anywhere else [Cheshire 1991: 13]. Consequently, BrE and AmE provided the chief native-speaker models which non-native speaking teachers of English [Svartvik & Leech 2006: 150] aim to instil. In the following, this paper concentrates on pointing out the major differences in spelling

**The Cambridge History of the English Language: English in North America** Richard M. Hogg, Norman Francis Blake, John Algeo, R. W. Burchfield, 1992 The volumes of The Cambridge history of the English language reflect the spread of English from its beginnings in Anglo-Saxon England to its current role as a multifaceted global language that dominates international communication in the 21st century.

A History of the English Language Elly van Gelderen, 2006-01-01 This exceptionally clear text focuses on internal changes in the English language. It outlines the history of English from pre-Old English times to the present. Not only does it present the traditional morphological descriptions of the various stages of the language, it provides many example sentences, texts, and cartoons that are analyzed for the benefit of the student and which make this book ideal for class use. Some language-external topics are covered such as early printing and authorship debates. Tables and figures complement the material covered and exercises review the main points as well as ask further, more challenging, questions. Answers to the exercises are provided, as is a time line listing some of the external events, and some guidance on how to use the OED. Complementary web site information is provided throughout the book, and a companion web site accompanies the book. This book has a

companion website: [www.historyofenglish.net](http://www.historyofenglish.net)

*The American Way of Spelling* Richard L. Venezky, 1999-07-23 Can ghoti really be pronounced fish? Why is o short in glove and love, but long in rove and cove? Why do English words carry such extra baggage as the silent b in doubt, the silent k in knee, and the silent n in autumn? And why do names like Phabulous Phoods and Hi-Ener-G stand out? Addressing these and many other questions about letters and the sounds they make, this engaging volume provides a comprehensive analysis of American English spelling and pronunciation. Venezky illuminates the fully functional system underlying what can at times be a bewildering array of exceptions, focusing on the basic units that serve to signal word form or pronunciation, where these units can occur within words, and how they relate to sound. Also examined are how our current spelling system has developed, efforts to reform it, and ways that spelling rules or patterns are violated in commercial usage. From one of the world's foremost orthographic authorities, the book affords new insight into the teaching of reading and the acquisition and processing of spelling sound relationships.

*American and British English Differences* Source Wikipedia, 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 63. Chapters: English numerals, List of British words not widely used in the United States, List of words having different meanings in British and American English: A-L, American and British English spelling differences, List of words having different meanings in British and American English: M-Z, List of American words not widely used in the United Kingdom, American and British English pronunciation differences, Serial comma, List of works with different titles in the United Kingdom and United States, Holiday greetings, Mid-Atlantic English, Differences between General American and Received Pronunciation, Oxford spelling, Differences between American and British English, British and American keyboards, While, Spelling of disc, List of words having different meanings in American and British English. Excerpt: This is one of a series of articles about the differences between British English and American English, which, for the purposes of these articles, are defined as follows: Written forms of British and American English as found in newspapers and textbooks vary little in their essential features, with only occasional noticeable differences in comparable media (comparing American newspapers with British newspapers, for example). This kind of formal English, particularly written English, is often called 'standard English'. The spoken forms of British English vary considerably, reflecting a long history of dialect development amid isolated populations. Dialects and accents vary not only among the countries in the United Kingdom, England, Northern Ireland, Scotland and Wales, but also within these individual countries. There are also differences in the English spoken by different groups of people in any particular region. Received Pronunciation (RP) has traditionally been regarded as proper English; this is also referred to as...

**A Survey of English Spelling** Edward Carney, 1994 An authoritative, comprehensive and up-to-date survey of this important but hitherto neglected area of the English language. It includes examples, statistics and analyses together with a

detailed contents listing.

This learning and coloring workbook also serves as an effective refresher

for current healthcare and bodywork professionals.

**English Spelling** Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 78. Chapters: American and British English spelling differences, Apostrophe, Cockney alphabet, Deseret alphabet, English alphabet, English orthography, English possessive, English terms with diacritical marks, Hard and soft C, Hard and soft G, I before E except after C, Jesus (name), List of English homographs, List of English words containing Q not followed by U, List of Scripps National Spelling Bee champions, List of the longest English words with one syllable, List of words that may be spelled with a ligature, Ough (orthography), Oxford spelling, Proper adjective, Silent e, Silent k, Silent letter, Spelling of disc, The Chaos, The Sound Pattern of English, Three letter rule, Unifon, William Bullokar. Excerpt: One of the ways in which American English and British English differ is in spelling. American medical text from 1814 showing the British English spellings still used at the time, such as tumours, colour, and centres. In the early 18th century, English spelling was not standardized. Differences became noticeable after the publishing of influential dictionaries. Today's British English spellings follow, for the most part, those of Samuel Johnson's A Dictionary of the English Language (1755), whereas many American English spellings follow Noah Webster's An American Dictionary of the English Language (1828). Webster was a strong proponent of English spelling reform for reasons both philological and nationalistic. Many spelling changes proposed in the United States by Webster himself, and in the early 20th century by the Simplified Spelling Board, never caught on. Among the spelling reform supporters in England, the influence of those who preferred the Norman (or Anglo-French) spellings of words proved to be decisive. Later spelling adjustments in the United Kingdom had little effect on today's American spellings and...

**Beginning Interactive Grammar** Irene McKay,1993 Beginning Interactive Grammar is intended for adults and older teenagers in the beginning stages of language learning. It has been written for both students and teachers to use in a classroom setting. Grammatical explanations as well as communicative activities and more traditional exercises are included. The materials aim to foster a supportive, nonthreatening atmosphere in which learners will feel comfortable enough to engage freely in conversations with one another and with the teacher. The overall goal is to maximize the opportunities for communication by providing the learners with both the means and the motivation for practice.

**Teaching Pronunciation Hardback with Audio CDs (2)** Marianne Celce-Murcia, Donna M. Brinton, Janet M. Goodwin, 2010-04-16 Teaching Pronunciation Second edition is a comprehensive treatment of pronunciation pedagogy. This new edition of Teaching Pronunciation - undoubtedly the gold standard for pronunciation methodology texts - has been revised to reflect recent research into the sound system of North American English, as well as new practices in pronunciation pedagogy. Audio CDs with additional examples are now packaged with the book.

School Life ,1924

**American Speech** Louise Pound, Kemp Malone, Arthur Garfield Kennedy, William Cabell Greet, 1926

**Key Differences Between American & British English:** Drew Anderson, 2025-08-14 Key Differences Between American & British English Unlock the fascinating world of English language variations with this comprehensive guide that reveals the subtle yet significant differences between American and British English. Whether you communicate across borders for work, study, or travel, understanding these distinctions will empower you to speak, write, and connect with confidence and clarity. Explore how spelling changes like colour vs color influence perception, and discover vocabulary differences that could transform everyday conversations. Dive into the nuances of pronunciation and accent, and unravel grammar rules that often confuse learners. This book also decodes cultural etiquette embedded in language, revealing how formality and politeness differ on both sides of the Atlantic. Perfect for language learners, educators, business professionals, and curious readers alike, this guide provides practical examples and insights to help you navigate the English language's rich diversity. Embrace the richness of English by mastering the variations that make it uniquely American and British. Inside This Book, You'll Discover: Spelling Variations: Why Colour and Color Coexist Vocabulary Differences: From Lifts to Elevators Pronunciation and Accent: The Sound of English Across the Pond Grammar Differences: Past Simple vs Present Perfect Punctuation Styles: Quotation Marks and Full Stops Date and Time Formats: Decoding the Calendar and Clock Business and Workplace English: Office Vocabulary and Etiquette Whether you are writing emails, preparing presentations, or simply curious about language, this book is your essential companion for mastering American and British English. **The practice of typography. Correct composition** Theodore Low De Vinne, 1902

*The Spelling Teacher's Book of Lists* Jo Phenix, Katherine Cole, 2003 This revised collection of patterns and facts explains the tricks and tenets of the English language, as well as other aspects of etymology. It is based on a study of common errors that kids make, therefore making it easier for them to adopt correct language usage.

Forms and Functions of English and Indigenous Languages in Nigeria Kólá Owólabí, A. O. Dasylva, 2004

**Why is English Like That?** Norbert Schmitt, Richard Marsden, 2006 Why is night spelled with gh? Why can't sentences end with prepositions? Why does English have so many words that express the same ideas? Questions like these can be difficult for teachers to answer when they do not know the historical background of the English language. *Why Is English Like That?* gives teachers a brief and accessible history of the English without assuming any prior knowledge of the subject. The book outlines the historical events that shaped English; describes how its grammar, vocabulary, spelling, and pronunciation developed over time; and highlights the quirks and exceptions in English that can be explained on a historical basis. By understanding how the English of today evolved from the English of past times, both teachers and students will be more comfortable with the many conventions of the English language. *Why Is English Like That?* also contains reproducible

grammar and vocabulary exercises that will help teachers incorporate some of this historical knowledge into classroom activities. This book was written with English language teachers in mind, and the exercises are designed for ESL/EFL students, but it may also be used by teachers in training (L1 and L2).
