The Complete Ascension Index Joshua David Stone, 2001-01-01 This index for the Encyclopedia of the Spiritual Path is a great resource in your search for ascension, self-realization, and ascended-master teachings. These books collectively explore the deepest levels and understanding of ascension through the personal, planetary and cosmic levels, offering the reader tools to work with that span the spectrum of all of the bodies and ultimately bring them into the subtle realms of cosmic ascension. These tools are practical gems for the purification, healing, cleansing, acceleration and ascension process that covers the individual incarnated soul and extends into the vast monadic and cosmic realms.

Soul Psychology Joshua David Stone, 1995-08-01 There are tens of thousands of self-help books on psychology and human relationships; however, there are very few that integrate the topics of the soul and spirit into the picture. Most books on this subject focus on personality-level self-actualization. The new wave in the field of psychology is transpersonal or soul psychology, which will lead to monadic psychology for the more advanced students of the path. The entire understanding of psychology is completely changed when the soul is properly integrated. It has been said that personality-level self-actualization brings happiness, soul-level self-actualization brings joy, and monadic- and spiritual-level self-actualization bring bliss.

Ascension and Romantic Relationships Joshua David Stone, Janna Shelley Parker, 2000-01-01 This book is a sequel to the first two. It contributes an added dimension to my earlier information. Sedona seems to reflect the best qualities, or perhaps I should say combined qualities, the essences and elements, of the Great Pyramids, Glastonbury, Stonehenge, Ayers Rock, Mount Shasta, the South American Pyramids, Peru, Tibet, Nepal, India, Lourdes, and many other power places around the world. How can I make such a claim? For the reason that I interact on a regular basis with individuals from virtually every corner of the Earth who have spent time in those sacred and mysterious places. Through these travelers, I have learned that there is simply no other place like Sedona.

Soul Psychology Joshua David Stone, Ph.D., 1999-11-02 The words of Sai Baba, God equals man minus ego, are echoed by Dr. Joshua David Stone in his seminal work, Soul Psychology. A veteran transpersonal psychologist and family counselor, Dr. Stone teaches us how our entire understanding of ourselves and others is completely changed when we integrate our soul into the way we live our lives. Based on eighteen years of Dr. Stone's practice, this book is not a psychological approach to spirituality. It is rather a spiritual approach to the psychology of everyday living. At the heart of Soul Psychology is emotional healing through the dismantling of the negative ego, a psychological cancer that prevents us from acting in accordance with our soul's true nature and purpose. This negative energy drives us to find our security outside of ourselves; whereas the only true security is one that is grounded in having a right relationship with self and a right relationship with the Divine. To guide us onto this path of spiritual ascension, Soul Psychology offers a stimulating new viewpoint that expands the boundaries of traditional spiritual practice, providing a wealth of accessible and powerful meditations and exercises, including - The six-step process for healing and spiritualizing emotions - The spiritual science of the seven rays and the twenty-two chakras - Methods for clearing negative psychic energies that inhibit soul growth - The one hundred most common pitfalls and traps on the spiritual path
