Linden's Last Life Alan Cohen, 2009-10-15 "In this magical thriller, Alan Cohen, always the charismatic teacher, spins a charming, compelling, and well-paced tale of destiny and love. I highly recommend this book."— Brian L. Weiss, M.D., the

author of *Many Lives, Many Masters* In this parable, Linden Kozlowski is about to end it all, but he's intercepted by a monk who convinces him that if he runs away from life, he'll have to return, and his problems will just get worse. To escape the pain of the world forever, Linden stays alive long enough to make a mystical deal to never be reborn again. When a strange and unexpected turn of events occurs, Linden has second thoughts about his decision...but can he reverse it? His extraordinary adventure literally takes him to the ends of the earth, where he gathers allies, faces overwhelming forces, and realizes that he must decide if life is worth living and if love is more powerful than destiny.

Past Life Dreamwork Sabine Lucas, 2008-04-18 The first book to approach reincarnation from the perspective of dreams • Identifies soul bloodlines, the key to past life therapies • Combines the author's own experiences with case studies and dreamwork with empirical research • Reveals how the analyst and client are often karmically linked In *Past Life Dreamwork*, Sabine Lucas examines "soul bloodlines"--character traits, talents, and life issues that are the common elements and circumstances of successive past lives. Found threaded through our dreams, these bloodlines reveal the forces manifesting in this life, and, taken together, they shape individuality as well as destiny within the reincarnation cycle. Though a wealth of past life related material regularly surfaces in dreams, until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences. Using the results of 27 years of personal and professional work, Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level. She distinguishes three types of past life dreams--classic, informatory, and hybrid--and demonstrates how to distinguish these from other dreams. Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind. These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives. Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance through

an understanding of the patterns of our psychic soul inheritance.

Past Life Awakening Mark Beale,2025-05-27 Past Life Awakening contains seven in-depth case studies of real spiritual regressions that cover hypnotherapy, past-life regression, between-lives regression, and spirit releasement therapy, including earthbound spirits, dark entities, and ETs. These cases illustrate how spiritual therapy is done, from the initial context of the issues to the enlightening stories that clients discover in hypnosis about the root causes in past lives, in other dimensions, and with entities. The seven spiritual laws reveal how to get effective therapeutic resolutions and the ultimate messages from the sessions so that they help both healers improve their practices and people along the path of spiritual awakening.

The Complete Idiot's Guide to Past Life Regression Michael R. Hathaway,D. C. H. Hathaway,2003 Judging by the more than 2 million web pages dealing with past lives and past life regression (PLR), people aren't only - seeing dead people, - they're interested in finding out whether or not they were some of those dead people in a previous life. Going way beyond a belief in reincarnation and karma, 'regressionists' want to know who they were and what their lives were like - and reputable psychiatrists are using hypnosis to reveal the past life issues that are keeping their patients from living better lives today. In CIG to Past Life Regression, a board-certified past life regression therapist reveals the ins and outs of PLR. Is past life regression for real? Are children really closer to their past lives than adults? Can I be hypnotized - and can I trust the hypnotist and what he/she tells me? What will a session be like? Is one session enough? And what about self-hypnosis? How can knowledge of past lives make my life better today?
