Agatha Christie J.C. Bernthal,2022-08-25 The undisputed Queen of Crime, Dame Agatha Christie (1890-1976) is the bestselling novelist of all time. As the creator of immortal detectives Hercule Poirot and Jane Marple, she continues to enthrall readers around the world and is drawing increasing attention from scholars, historians, and critics. But Christie wrote far beyond Poirot and Marple. A varied life including war work, archaeology, and two very different marriages provided the backdrop to a diverse body of work. This encyclopedic companion summarizes and explores Christie's entire literary output, including the detective fiction, plays, radio dramas, adaptations, and her little-studied non-crime writing. It details all published works and key themes and characters, as well as the people and places that inspired them, and identifies a trove of uncollected interviews, articles, and unpublished material, including details that have never appeared in print. For the casual reader looking for background information on their favorite mystery to the dedicated scholar tracking down elusive new angles, this companion will provide the most comprehensive and up-to-date information.

The Library Journal Book Review ,1974

Contemporary World Fiction Juris Dilevko,Keren Dali,Glenda Garbutt,2011-03-17 This much-needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non-North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non-English-language fiction titles are fully annotated and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.

Exhibitors Daily Review ,1924

Immigrant Women's Voices and Integrating Feminism Into Migration Theory Nyemba, Florence,Chitiyo, Rufaro,2020-12-25 Migration is a multifaceted phenomenon that plays a critical role in today's world, yet there have been few attempts to look beneath the surface of the mass movements of people. Particularly, the changing face of migration is becoming more feminized, with women increasingly moving as independent or single migrants rather than as the wives, mothers, or daughters of male migrants. Yet, in literature on migration, the voices of women are still silent. This creates an urgent need to advance academic research on female international migration by examining women as independent migrants. *Immigrant Women's Voices and Integrating Feminism Into Migration Theory* comprehensively documents the experiences of immigrant women across the globe and the important theories that define their experiences. The chapters give firsthand accounts of women speaking about their own experiences on migration and topics associated with women and migration. This book aims to give women their own voice and to stand apart from previous literature in which male relatives spoke on behalf of immigrant women to tell their stories for them. While highlighting topics on women in migration including feminism, gendered social roles, first-person narratives, and the female identity, this book is ideally for professionals in social science disciplines as well as practitioners, stakeholders, researchers, academicians, and students wanting to expand their knowledge on women and migration, gender violence, and women empowerment.

Saturday Review of Politics, Literature, Science and Art ,1870

Globalization, Human Rights and Populism Adebowale Akande,2023-06-16 This book offers a comprehensive and multidisciplinary global overview of populism and human rights in the light of globalization. It examines why the dominant (neo)liberal paradigm of the last decades resulted in major economic and social inequalities which resulted in the surge of national populism, led by the election success of right-wing parties, movements, and leaders across the world. It discusses, among other topics, the success of Brexit in Britain and the election success of Donald Trump and Marine Le Pen and explains why there is a need for a dialogue on human rights and globalization in this era of populism. Further contributions analyze various important topics of the field, including cross-culturalism, globalization, human rights, challenges and threats, diversity, curbing global corruption, sustainable development, populism, the decline of free speech, the new nationalism, internationalization, global regime of human rights, leadership theory, global management competencies, gender, quality management, individualism-collectivism, and examples of new initiatives in global organizations. This makes the book a valuable and useful resource for students, researchers, and scholars of international relations, political science, sociology, political psychology, law, diplomatic studies, Communication and media studies, economics, education and management, as well as practitioners and policy-makers interested in a better understanding of globalization, populism, and human rights.
