The Through Line Archana Mohan,2025-04-14 As leaders, we navigate a multitude of lines - reporting lines, dotted lines, bottom lines, deadlines. Yet amidst this web, there is one line that defines our leadership journey: our through line. What is a through line? Your through line is the psychological core of your leadership story, the golden thread that connects who you are with how you lead. It links your decisions with what matters to you. As you face forward, understanding it provides an anchor in the face of uncertainty. As you uncover it, you discover that understanding who you are is instrumental in unlocking the impact of how you lead. Discover a three-part framework - reach in, reset, reach out - designed to uncover your through line. Through practical exercises, you'll identify the essence of your leadership. Through case studies and scientific research you'll understand why this matters. Armed with this clarity, you'll navigate change with confidence, lead with intention and inspire those around you. Because intentional leadership begins with clarity, purpose, and the courage to lead from within. 'This book is a great guide to rediscover, renew and celebrate the genuine.' - Ruth Dearnley OBE, President and Founder, STOP THE TRAFFIK 'If you want to connect who you are with how you lead, this book offers the clarity and

heart to get you there.’ HÉLÈNE BIANUDI HOFER, Journalist Archana Mohan, a dynamic Chief Operations and Technology Officer, blends her multicultural upbringing with a decade in teaching and 20 years in finance to drive collaboration and innovation. Recognized for her insights, Archana holds academic qualifications from Brown, Columbia, and Yale.

Ontological Necessities Priscila Uppal,2006 Written with the verve of the uninhibited artist but with a clarity of thought and expression more akin to the scientist or scholar, these poems investigate the emotional and philosophical struggles of contemporary life. Often sparked by the horrors depicted in today's news, the poems combine surrealist images with spare and lyrical language to grapple with an increasingly absurd world. The most ambitious piece in the collection is a radical, post-9/11 translation of the Anglo-Saxon elegy *The Wanderer*, and other poems include *Don Quixote*, *You Sure Can*

Take One Helluva Beating, Film Version of My Hatred, Never Held a Gun, and The Romantic Impulse Hits the Schoolyard.

Collecting Stardust Patsy Clairmont, 2001-01-16 When nighttime falls, the stars come out—and so do our nagging thoughts and brilliant ideas. Plans, brainstorming, insights, and reflections get pushed back during our busy days until they disappear. Then, when we at last stumble upon a quiet moment—like bedtime—they rise like the moon in the night sky, to be remembered, cared for, and honored. Our thoughts may revolve around our relationships, or they may simply tell us to pick up oranges at the market. But whether life-changing or trivial, worldly or heavenly, they can keep us from finding the sleep we need...until they are safely captured by pen and paper. Catch Each Shining Hope, Burning Thought, and Glittering Dream. In *Collecting Stardust*, you'll find a place to record your remembrances (thoughts about events that have occurred), reminders (things you want to do), and brilliant middle-of-the-night ideas you can't afford to lose, so that you can free your mind to enjoy God's peace and rest. More than that, you'll find short scriptures and quotations, as well as some petite, end-of-the-day prayers that will soothe your heart, inspire your spirit, and ease you gently into dreamland.

Pillow Thoughts IV Courtney Peppernell, 2020-08-04 The final installment in this bestselling series completes the journey that Courtney Peppernell began with *Pillow Thoughts*. With 600,000 copies sold across the series, *Pillow Thoughts* continues to inspire all who dip into Courtney's encouraging words. Self-healing is the theme of the entire *Pillow Thoughts* series. While books II and III focus on healing the heart and mind, respectively, *Pillow Thoughts IV* offers a balm for healing the soul. Have a cup of tea and let yourself feel.

Pillow Thoughts II Courtney Peppernell, 2018 Following the smash success of her best-selling book, *Pillow Thoughts*, Courtney Peppernell now returns with the follow-up sequel *Pillow Thoughts II: Healing the Heart*. Peppernell understands that healing is a process, and *Pillow Thoughts II* eloquently captures the time and experience that one goes through on their journey to peace through restoration. A collection of inspirational and comforting poems for anyone who is mending from a broken heart.

Pictorialism in Cinema Jarmo Valkola, 2016-09-23 This book explores the unique phenomenon of pictorialism and its connection with other arts in film and media studies. Pictorialism is motivated by the commitment to develop and increase the function and effectiveness of images, sounds, and performances that aesthetically formulate, translate, and change the effects of contemporary cinema to higher dimensions and qualities of art. The book's main focus is when pictorialism as such is the major aesthetic convention used in filmmaking practice, and when pictorialism itself forms the key element of the narrative, considering a number of theoretical and practical issues of filmic narration, including: What are the main challenges of pictorial communication? How is pictorialism used in films? How far is the "pictorial image" a combination of the bodily performance of the characters, the surrounding landscape, and the evocative use of the soundscape? More generally, what is the state of image studies today? The first part of this book deals with the conventions of pictorialist

connections in architecture, painting and photography, and their influences on cinematic representations and on film studies and film theory. The films analysed here combine various styles, but the focus is tracking down pictorialism's influences through a large spectre of matters. The next section explores pictorialism's development in Hollywood cinema, in European Cinema, in avant-garde film, and in documentary. Finally, the book concludes with three large sections devoted to the developers of modern pictorialist cinema, namely Theo Angelopoulos, Aki Kaurismäki and Béla Tarr. As such, this study offers a way to understand the main ideas, subjects and stylisation of pictorialism in cinema, to explore the main ingredients of this phenomenon, and to focus on narratives that are in the service of pictorial matters.
