**M Lipman**

**The Story of Marriage** John Bevere, Lisa Bevere, 2014-08-19 ONCE UPON A TIME... Marriage was forever. It was a covenant that knit one man and one woman together. This weaving made both stronger, nobler, and more vibrant expressions of who they were created to be. They were better together than either had been on their own. The wedding ceremony was but a beginning. It was the gateway to build their happily ever after. Each choice and action was designed to construct the life their union represented. Husband and wife walked into the great unknown with hearts, hands, and voices intertwined to express the love of their Creator. How did we lose touch with this profound love story? In *The Story of Marriage*, John and Lisa Bevere invite you to rediscover God's original plan. Whether you're married, single, or engaged, your story is a part of His. Interactive book includes: - Daily devotionals - Questions for group discussion - Tools for mapping your dream marriage - Steps for writing your story well

*Inside the Castle* Joanna L. Grossman, Lawrence M. Friedman, 2011-07-18 A comprehensive social history of families and family law in twentieth-century America *Inside the Castle* is a comprehensive social history of twentieth-century family law in the United States. Joanna Grossman and Lawrence Friedman show how vast, oceanic changes in society have reshaped and reconstituted the American family. Women and children have gained rights and powers, and novel forms of family life have emerged. The family has more or less dissolved into a collection of independent individuals with their own wants, desires, and goals. Modern family law, as always, reflects the brute social and cultural facts of family life. The story of family law in the twentieth century is complex. This was the century that said goodbye to common-law marriage and breach-of-promise lawsuits. This was the century, too, of the sexual revolution and women's liberation, of gay rights and cohabitation. Marriage lost its powerful monopoly over legitimate sexual behavior. Couples who lived together without marriage now had certain rights. Gay marriage became legal in a handful of jurisdictions. By the end of the century, no state still prohibited same-sex behavior. Children in many states could legally have two mothers or two fathers. No-fault divorce became cheap and easy.

And illegitimacy lost most of its social and legal stigma. These changes were not smooth or linear—all met with resistance and provoked a certain amount of backlash. Families took many forms, some of them new and different, and though buffeted by the winds of change, the family persisted as a central institution in society. *Inside the Castle* tells the story of that institution, exploring the ways in which law tried to penetrate and control this most mysterious realm of personal life.

***Narrating Marriage in Eighteenth-Century England and France*** Chris Roulston, 2016-04-22 In the eighteenth century, when the definition of marriage was shifting from one based on an hierarchical model to one based on notions of love and mutuality, marital life came under a more intense cultural scrutiny. This led to paradoxical forms of representation of marriage as simultaneously ideal and unlivable. Chris Roulston analyzes how, as representations of married life increased, they challenged the traditional courtship model, offering narratives based on repetition rather than progression. Beginning with English and French marital advice literature, which appropriated novelistic conventions at the same time that it cautioned readers about the dangers of novel reading, she looks at representations of ideal marriages in *Pamela II* and *The New Heloise*. Moving on from these ideal domestic spaces, bourgeois marriage is then problematized by the discourse of empire in *Sir George Ellison* and *Letters of Mistress Henley*, by troublesome wives in works by Richardson and Samuel de Constant, and by abusive husbands in works by Haywood, Edgeworth, Genlis and Restif de la Bretonne. Finally, the alternative marriage narrative, in which the adultery motif is incorporated into the marriage itself, redefines the function of heteronormativity. In exploring the theoretical issues that arise during this transitional period for married life and the marriage plot, Roulston expands the debates around the evolution of the modern couple.

**Dictionary of Scripture and Ethics** Joel B. Green, Jacqueline E. Lapsley, Rebekah Miles, Allen Verhey, 2011-11-01 2012

Reference Book of the Year Award, Academy of Parish Clergy This one-stop reference book on the vital relationship between Scripture and ethics offers needed orientation and perspective for students, pastors, and scholars. Written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation, it is the best reference work available on the intersection of these two fields. The volume shows how Christian Scripture and Christian ethics are necessarily intertwined and offers up-to-date treatment of five hundred biblical, traditional, and contemporary topics, ranging from adultery, bioethics, and Colossians to vegetarianism, work, and Zephaniah. The stellar ecumenical list of contributors consists of more than two hundred leading scholars from the fields of biblical studies and ethics, including Darrell Bock, David Gushee, Amy Laura Hall, Daniel Harrington, Dennis Olson, Christine Pohl, Glen Stassen, and Max Stackhouse.

**Henry James, Gertrude Stein, and the Biographical Act** Charles Caramello, 2000-11-09 Focusing on biographical portraiture, Charles Caramello argues that Henry James and Gertrude Stein performed biographical acts in two senses of the phrase: they wrote biography, but as a cover for autobiography. Constructing literary genealogies while creating original literary forms, they used their biographical portraits of precursors and contemporaries to portray themselves as exemplary modern artists. Caramello advances this argument through close readings of four works that explore themes of artistry and influence and that experiment with forms of biographical portraiture: James's early biography of Nathaniel Hawthorne and his much later group biography, William Wetmore Story and His Friends, and Stein's celebrated Autobiography of Alice B. Toklas and her largely forgotten Four in America, which comprises biographies of Ulysses S. Grant, Wilbur Wright, Henry James, and George Washington. The first comparative study of these two great expatriate writers, Henry James, Gertrude Stein, and the Biographical Act addresses questions of art, influence, and literary culture by analyzing important biographical portraits that themselves address the same questions.
