The Universe Next Door James W. Sire, 2020-08-04 For more than forty years, *The Universe Next Door* has set the standard for an introduction to worldviews. This sixth edition uses James Sire's widely influential model of eight basic worldview questions to examine prominent worldviews that have shaped the Western world, critiquing each worldview within its own frame of reference and in comparison to others.

Universe Next Door James W. Sire, 1988

The Universe Next Door James W. Sire, 2006 The second edition was updated and expanded to include sections on Marxism and secular humanism, as well as a completely reworked chapter on what is now widely known as New Age philosophy rather than new consciousness. And the third edition offered further updating and revisions, including a thoroughly revised chapter on New Age philosophy and, perhaps most importantly, a new chapter on postmodernism. Now the fourth edition refines the definition of worldview itself, incorporating Sire's thinking and teaching during the past decade and it will continue to aid anyone who wants to understand the variety of worldviews that compete with Christianity for the allegiance of our minds and hearts.

Included in this expanded format are a new chapter on Islam and informative sidebars throughout. The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well, keeping this standard text fresh and useful. In a world of ever-increasing diversity, *The Universe Next Door* offers a unique resource for understanding the variety of worldviews that compete with Christianity for the allegiance of minds and hearts. *The Universe Next Door* has been translated into over a

dozen languages and has been used as a text at over one hundred colleges and universities in courses ranging from apologetics and world religions to history and English literature. Summary of James W. Sire's *The Universe Next Door* Everest Media, 2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The purpose of this book is to outline the basic

worldviews that underlie the way we in the Western world think about ourselves, other people, the natural world, and God or ultimate reality. We must understand and then genuinely communicate with others in a pluralistic society. #2 A worldview is a set of presuppositions that we hold about the basic makeup of our world. It is the basis for all our thoughts and actions. It is not a professional philosophy or theology, but a basic understanding of the world that we all have. #3 A worldview is made up of a series of basic assumptions that are generally unquestioned by each of us, rarely mentioned by our friends, and only brought to mind when we are confronted with a foreign ideology. #4 We cannot avoid assuming some answers to these questions. We will adopt either one stance or another. Refusing to adopt an explicit worldview is itself a worldview or at least a philosophical position.

The Universe Next Door James W. Sire, 1976

The Next Generation Gary Zustiak, 1996 Generation X has been called the least wanted generation of all time. Things such as abortion and the pill have limited their numbers. Zustiak puts a spin on the X factor (an unknown quantity). If this generation will find their value in Christ, they could accomplish great things for Christ.

Naming the Elephant James W. Sire, 2004-05-06 In this companion volume to *The Universe Next Door*, James W. Sire offers his refined definition of a worldview and addresses key questions about the history of worldview thinking, the existential and intellectual formation of worldviews, the public and private dimensions of worldviews and how worldview thinking can help us navigate an increasingly pluralistic universe.

Rethinking the Church Then and Now Terriel Byrd, 2025-10-10 This book seeks to engage church congregates and Christian educators socially, theologically, and spiritually. The social issues facing the contemporary church extend far beyond the traditional norms of habitual worship traditions and practices. This work explores the ways in which urbanization, pluralism, gender issues, multiethnic and multiracial themes influence the social teachings of the church in a post-postmodern society.

Contours of the Kuyperian Tradition Craig G. Bartholomew, 2017-03-21 Abraham Kuyper was a remarkable figure in the modern age: pastor, theologian, politician, journalist, and educator. His writings launched what is known as Dutch neo-Calvinism. Widely known but little read, Kuyper is now receiving the global recognition that his influential thought deserves in this introduction by Craig Bartholomew.

EarthCurrents Howard A. Snyder, 1995 The next 40 years will bring incredible shifts in global culture. Everything is coming together. Trends in science, medicine, and electronic communications indicate that the planet is becoming one giant ecosystem. Yet, at the same time, wild forces are tearing our world apart. Snyder shows readers how to engage this rapidly changing world without losing their souls.

Justice League of America (1960-) #208 Gerry Conway, 2018-10-04 The heroes go to 1962 on Earth-Prime in order to stop

the Crime Syndicate from stealing the nuclear weapons in Cuba during the Cuban Missile Crisis, thereby preventing the nuclear holocaust future they saw in 1982 on Earth-Prime. Their next mission: stop Per Degaton and restore the Earth-2 timeline.
