The Witch's Book of Wisdom Patricia Telesco, 2003 In this earthy, practical and wise volume, Telesco offers sound advice on magick and spirituality as they coincide with everyday life. With the lessons and insights she has gained over the last eighteen years, she explores a variety of issues that are key to every witch's growth, while also demystifying many modern myths about witches.

Narrating the Beginnings Alberto Bernabé Pajares, Raquel Martín Hernández, 2021-04-02 The present book is a compilation of studies on narratives of mythical origins in different cultures written by outstanding specialists. It aims to provide a broad view on creation-myths from different times and areas of the world with a particular focus on how these texts contributed to the conception of the past as “universal history”, as a common origin of mankind or as the great opening, the theatrum mundi. On the other hand, the purpose of this book is to study the phenomenon from a typological point of view, analyzing the specific characteristics of this particular type of texts, rather than finding influences between the different cultures in the genesis of these narratives.
