**Infidel** Ayaan Hirsi Ali, 2007-02-06 One of today's most admired and controversial political figures, Ayaan Hirsi Ali burst into international headlines following the murder of Theo van Gogh by an Islamist who threatened that she would be next. She made headlines again when she was stripped of her citizenship and resigned from the Dutch Parliament. *Infidel* shows the coming of age of this distinguished political superstar and champion of free speech as well as the development of her beliefs, iron will, and extraordinary determination to fight injustice. Raised in a strict Muslim family, Hirsi Ali survived civil war, female mutilation, brutal beatings, adolescence as a devout believer during the rise of the Muslim Brotherhood, and life in four troubled, unstable countries ruled largely by despots. She escaped from a forced marriage and sought asylum in the Netherlands, where she earned a college degree in political science, tried to help her tragically depressed sister adjust to the West, and fought for the rights of Muslim women and the reform of Islam as a member of Parliament. Under constant threat, demonized by reactionary Islamists and politicians, disowned by her father, and expelled from family and clan, she refuses to be silenced. Ultimately a celebration of triumph over adversity, Hirsi Ali's story tells how a bright little girl evolves out of dutiful obedience to become an outspoken, pioneering freedom fighter. As Western governments struggle to balance democratic ideals with religious pressures, no other book could be more timely or more significant.

**Nomad** Ayaan Hirsi Ali, 2010-05-18 Internationally bestselling author Ayaan Hirsi Ali tells the stirring story of her search for a new life in America, recounting dramatic stories of her family and the challenges they faced adapting to Western society as Muslim immigrants. Ayaan Hirsi Ali captured the world's attention with *Infidel*, her compelling coming-of-age memoir, which spent thirty-one weeks on the New York Times bestseller list. Now, in *Nomad*, Hirsi Ali tells of coming to America to build a new life, an ocean away from the death threats made to her by European Islamists, the strife she witnessed, and the inner conflict she suffered. It is the story of her physical journey to freedom and, more crucially, her emotional journey to freedom—her transition from a tribal mind-set that restricts women's every thought and action to a life as a free and equal citizen in an open society. Through stories of the challenges she has faced, she shows the difficulty of reconciling the contradictions of Islam with Western values. In these pages Hirsi Ali recounts the many turns her life took after she broke with her family, and how she struggled to throw off restrictive superstitions and misconceptions that initially hobbled her ability to assimilate into Western society. She writes movingly of her reconciliation, on his deathbed, with her devout father,

who had disowned her when she renounced Islam after 9/11, as well as with her mother and cousins in Somalia and in Europe. *Nomad* is a portrait of a family torn apart by the clash of civilizations. But it is also a touching, uplifting, and often funny account of one woman's discovery of today's America. While Hirsi Ali loves much of what she encounters, she fears we are repeating the European mistake of underestimating radical Islam. She conveys an urgent message and mission—to inform the West of the extent of the threat from Islam, both from outside and from within our open societies. A celebration of free speech and democracy, *Nomad* is an important contribution to the history of ideas, but above all a rousing call to action.

**Women's Writing from the Low Countries 1880-2010** Jacqueline Bel, Thomas Vaessens, 2010 This first-of-its-kind anthology offers the English-speaking readers a unique chance to become acquainted with the leading Dutch and Flemish women writers since the 1880s. Covering a representative range of public and private genres from poetry, critical essays, travel literature and political commentary to diaries and journals, the fifty-six texts are arranged chronologically and are accompanied by brief introductions, chronologies, and brief guides to the authors and works. An important contribution to our understanding of modern European literary canon and the long march of feminist history and literature. (Dutch ed.: *Schrijvende vrouwen*, 978-90-8964-216-5).

*The Rise of the Dutch New Right* Merijn Oudenampsen, 2020-09-13 In the past 20 years, a wave of right-wing populist movements has swept over Europe, changing the face of European politics. The Netherlands has been one of the more iconic countries to partake in this shift. Known internationally as an emblem of progressivism and tolerance, the country soon became a frontrunner in the revival of nationalist and anti-immigrant sentiment. This is the first study to offer an extensive engagement with the ideas behind the Dutch swing to the right. The emergence of Dutch populism, this book shows, formed an integral part of a broader conservative tendency, identified as the Dutch New Right. In the US and the UK, the term New Right has been used to describe conservative backlash movements that arose in opposition to the progressive movements of the 1960s. The Dutch swing to the right, this book argues, formed a belated iteration of the New Right backlash that occurred overseas. This text will be essential reading for students and scholars in the fields of European Studies and Political Science, and Dutch politics and society more specifically.

*The Caged Virgin* Ayaan Hirsi Ali, 2008-09-04 Raised a Muslim but increasingly outraged by her religion's hostility towards women, Ayaan Hirsi Ali has now become one of today's most talked-about, admired and controversial political figures because of her desire to free women from an oppressive Muslim culture. Her bestselling collection of essays, *THE CAGED VIRGIN*, now available in English for the first time, brings together some of her most passionate and compelling writing on a wide range of issues concerning Islam. Drawing on her own first-hand experience and cultural background, she assesses the role of women in Islam both in practice and in theory; the rights of the individual; fanaticism; and Western policies towards immigrant communities. Provocative and compelling in equal measure, *THE CAGED VIRGIN* is an important

addition to the ongoing debate about the 'clash of civilizations' and marks the debut of a writer and activist destined to be one of the key international figures of the early twenty-first century.

*Writing Fundamentalism* Axel Stähler, Klaus Stierstorfer, 2009-05-27 Given its discursive amplification and its very real impact on contemporary societies, fundamentalism has become the focus of much scholarly attention. However, whereas it is commonly recognized to be centred on texts, the complex and at times paradoxical relationship of fundamentalism with literature remains as yet largely unexplored. Based on new research by an international team of scholars working in the fields of literary and cultural studies, the essays gathered in this volume are based on a number of theoretical frameworks and debates and open up a historical perspective which engages critically with received notions of fundamentalism: by exploring literary representations of fundamentalisms and the function of literature in fundamentalism, they enquire into the underlying generic differences and incompatibilities as well as – perhaps more unexpected – the similarities and affinities between fundamentalism and literature. Opening up a historical perspective reaching back to the early sixteenth century, concepts of fundamentalism as a response to exclusively modernist tendencies since the beginning of the twentieth century are challenged in this volume and several contributors begin to explore the rise of fundamentalisms at various points in history characterized by the crisis experience of cultural change. While taking this conceptual base as a point of departure, the articles collected here then spread out on a plurality of theoretical frameworks. Alert to the productive friction between these discourses, which it aims to elicit, the volume confronts earlier research in the disciplines of theology, history of religion, sociology, political history, anthropology and – if less copious – literary studies with postcolonial and cultural studies. With its general focus on writing in English, including American and British literatures as well as the “new” literatures in English worldwide, the collection takes into account cultural and historical affinities and differences which have contributed to the ongoing negotiations of fundamentalism and literature in the English language and transcends borders of both nations and academic disciplines. In exploring new perspectives on fundamentalism and literature, the volume offers tools for a better understanding of this interrelation which should be of interest to scholars across all disciplines concerned with fundamentalism as a social and cultural phenomenon of ever growing global importance and impact.

Feminism and Modernity in Anglophone African Women's Writing Dobrota Pucherová, 2022-07-29 This book re-reads the last 60 years of Anglophone African women's writing from a transnational and trans-historical feminist perspective, rather than postcolonial, from which these texts have been traditionally interpreted. Such a comparative frame throws into relief patterns across time and space that make it possible to situate this writing as an integral part of women's literary history. Revisiting this literature in a comparative context with Western women writers since the 18th century, the author highlights how invocations of tradition have been used by patriarchy everywhere to subjugate women, the similarities between women's struggles worldwide, and the feminist imagination it produced. The author argues that in the 21st century, African feminism

has undergone a major epistemic shift: from a culturally exclusive to a relational feminism that conceptualizes African femininity through the risky opening of oneself to otherness, transculturation, and translation. Like Western feminists in the 1960s, contemporary African women writers are turning their attention to the female body as the prime site of women's oppression and freedom, reframing feminism as a demand for universal human rights and actively shaping global discourses on gender, modernity, and democracy. The book will be of interest to students and researchers of African literature, but also feminist literary scholars and comparatists more generally.

**The Caged Virgin** Ayaan Hirsi Ali, 2008 This work offers a collection of essays that brings together writing on a range of issues concerning Islam. It assesses the role of women in Islam both in practice and in theory, the rights of the individual, fanaticism, and Western policies towards immigrant communities.

Heretic Ayaan Hirsi Ali, 2015-03-24 Continuing her journey from a deeply religious Islamic upbringing to a post at Harvard, the brilliant, charismatic and controversial New York Times and Globe and Mail #1 bestselling author of *Infidel* and *Nomad* makes a powerful plea for a Muslim Reformation as the only way to end the horrors of terrorism, sectarian warfare and the repression of women and minorities. Today, she argues, the world's 1.6 billion Muslims can be divided into a minority of extremists, a majority of observant but peaceable Muslims and a few dissidents who risk their lives by questioning their own religion. But there is only one Islam and, as Hirsi Ali shows, there is no denying that some of its key teachings—not least the duty to wage holy war—are incompatible with the values of a free society. For centuries it has seemed as if Islam is immune to change. But Hirsi Ali has come to believe that a Muslim Reformation—a revision of Islamic doctrine aimed at reconciling the religion with modernity—is now at hand, and may even have begun. The Arab Spring may now seem like a political failure. But its challenge to traditional authority revealed a new readiness—not least by Muslim women—to think freely and to speak out. Courageously challenging the jihadists, she identifies five key amendments to Islamic doctrine that Muslims have to make to bring their religion out of the seventh century and into the twenty-first. And she calls on the Western world to end its appeasement of the Islamists. “Islam is not a religion of peace,” she writes. It is the Muslim reformers who need our backing, not the opponents of free speech. Interweaving her own experiences, historical analogies and powerful examples from contemporary Muslim societies and cultures, *Heretic* is not a call to arms, but a passionate plea for peaceful change and a new era of global toleration. In the wake of the Charlie Hebdo murders, with jihadists killing thousands from Nigeria to Syria to Pakistan, this book offers an answer to what is fast becoming the world's number one problem.

SIHA Journal: Women in Islam (Issue Four) SIHA SIHA, 2018-12-29 *Women in Islam* explores the complexities of gender relations in Muslim communities in the Horn of Africa and beyond, engaging critically with the social, political and cultural challenges associated with the intersection of Islam and gender. With an eclectic selection of essays, academic papers,

opinion pieces and personal narratives punctuated with poetry and art, the journal seeks to spark creative and forward-looking discussions on how to effectively improve the status of women in Muslim societies. Women in Islam is published annually by SIHA, the Strategic Initiative for Women in the Horn of Africa. The fourth issue of Women in Islam is filled with critical analysis, personal stories, and cultural highlights from the Muslim world. The theme of the dossier is women's sexuality, one of the greatest social taboos: articles in this section uncover the complex web of obsession and repression that surrounds female sexuality in Muslim cultures. Further articles address social injustice and legal reform around the world, while others highlight inspiring stories - a women's cycling club in Sudan, and how a young Somali woman followed her dream of becoming a mechanic. With poetry, reviews, and stunning artwork throughout, Women in Islam 4 is essential reading.

Book Review Digest, 2008

Heretic Ayaan Hirsi Ali, 2016-02-01 While the world of political Islam continues to be dominated by acts of violence and a separatist agenda, there are signs of reform in the Arab Spring movement. Ayaan Hirsi Ali who has been at the forefront of the reform movement offers an analysis of what's happening and how it could happen faster. Around the world cracks are starting to appear in the world of political Islam. While its leaders remain strong and defiant and while it continues to be characterized by separatism and an agenda of violence, a number of people have questioned its rigid stances - from Pakistani schoolgirl Malala Yousafzai to Amina Tyler, the activist who posed nude on Facebook to make a point about women's bodies belonging to themselves. Beyond that, political movements across the Middle East - the 'Arab Spring' protests - show that a number of Muslims are increasingly fed up by what they see as a system which is too inflexible, often corrupt and which prevents countries from getting ahead. Author Ayaan Hirsi Ali has long been an outspoken critic of political Islam, specifically its treatment of women. In her books she's told her own story and how she escaped the bonds of a strict Muslim upbringing. In this book she moves beyond the personal story to a more overtly political stance. While women remain her main concern she also addresses Islam's other problems - its emphasis on passivity, its hypocrisy about the modern world, its defensiveness when criticized. Analysing the embryonic protest movements from around the world, she asks what it would take to achieve a reformation - and how long it will take.

**Wanted Women** Deborah Scroggins, 2024-05-21 The author of Emma's War offers a compelling account of the link between Muslim women's rights, Islamist opposition to the West, and the Global War on Terror. Wanted Women explores the experiences of two fascinating female champions from opposing sides of the conflict: Islam critic Ayaan Hirsi Ali and neuroscientist Aafia Siddiqui. With Emma's War: An Aid Worker, A Warlord, Radical Islam and the Politics of Oil, journalist Deborah Scroggins achieved major international acclaim; now, in Wanted Women, Scroggins again exposes a crucial untold story from the center of an ongoing ideological war—laying bare the sexual and cultural stereotypes embraced by both sides

of a conflict that threatens to engulf the world.

**Nomad** Ayaan Hirsi Ali, 2013-09-01 From the author of the international bestseller INFIDEL, a new and provocative book about women and Islam. 'this woman is a major hero of our times' RICHARD DAWKINS 'For me, the three most beautiful words in the emerging language of secular resistance to tyranny are Ayaan Hirsi Ali' - Christopher Hitchens Ayaan Hirsi Ali caused a worldwide sensation with her gutsy memoir INFIDEL. Now, in NOMAD, she tells of coming to America to build a new life, an ocean away from the death threats made against her by European Islamists, the strife she witnessed and the inner conflict she suffered. It is the story of her physical and emotional journey to freedom - her transition from a tribal mindset that restricts women's every thought and action to life as a free and equal citizen in an open society. through stories of the challenges she has faced, she shows the difficulty of reconciling the contradictions of Islam with Western values. Hirsi Ali recounts the many turns her life took after breaking with her family and how she struggled to throw off restrictive superstitions and misconceptions that initially hobbled her ability to assimilate into Western society. She writes movingly of her reconciliation, on his deathbed, with her devout father, who had disowned her when she renounced Islam after 9/11, as well as with her mother and cousins in Somalia and in Europe. Nomad is a portrait of a family torn apart by the clash of civilizations, but it is also a touching, uplifting and often funny account of one woman's discovery of today's America. this is Hirsi Ali's intellectual coming of age, a memoir that conveys her philosophy as well as her experiences, and delivers an urgent message and mission - to inform the West of the extent of the threat from radical Islam, both from outside and from within our open societies. She calls on key institutions of the West - including universities, the feminist movement and the Christian churches - to enact specific, innovative remedies that would help other Muslim immigrants to overcome the challenges she experienced and to resist the fatal allure of fundamentalism and terrorism.

**The Caged Virgin** Ayaan Hirsi Ali, 2006-05-02 Muslims who explore sources of morality other than Islam are threatened with death, and Muslim women who escape the virgins' cage are branded whores. So asserts Ayaan Hirsi Ali's profound meditation on Islam and the role of women, the rights of the individual, the roots of fanaticism, and Western policies toward Islamic countries and immigrant communities. Hard-hitting, outspoken, and controversial, The Caged Virgin is a call to arms for the emancipation of women from a brutal religious and cultural oppression and from an outdated cult of virginity. It is a defiant call for clear thinking and for an Islamic Enlightenment. But it is also the courageous story of how Hirsi Ali herself fought back against everyone who tried to force her to submit to a traditional Muslim woman's life and how she became a voice of reform. Born in Somalia and raised Muslim, but outraged by her religion's hostility toward women, Hirsi Ali escaped

an arranged marriage to a distant relative and fled to the Netherlands. There, she learned Dutch, worked as an interpreter in abortion clinics and shelters for battered women, earned a college degree, and started a career in politics as a Dutch parliamentarian. In November 2004, the violent murder on an Amsterdam street of Dutch filmmaker Theo van Gogh, with whom Hirsi Ali had written a film about women and Islam called *Submission*, changed her life. Threatened by the same group that slew van Gogh, Hirsi Ali now has round-the-clock protection, but has not allowed these circumstances to compromise her fierce criticism of the treatment of Muslim women, of Islamic governments' attempts to silence any questioning of their traditions, and of Western governments' blind tolerance of practices such as genital mutilation and forced marriages of female minors occurring in their countries. Hirsi Ali relates her experiences as a Muslim woman so that oppressed Muslim women can take heart and seek their own liberation. Drawing on her love of reason and the Enlightenment philosophers on whose principles democracy was founded, she presents her firsthand knowledge of the Islamic worldview and advises Westerners how best to address the great divide that currently exists between the West and Islamic nations and between Muslim immigrants and their adopted countries. An international bestseller -- with updated information for American readers and two new essays added for this edition -- *The Caged Virgin* is a compelling, courageous, eye-opening work.

**Prey** Ayaan Hirsi Ali, 2021-07-27 Why are so few people talking about the eruption of sexual violence and harassment in Europe's cities? No one in a position of power wants to admit that the problem is linked to the arrival of several million migrants—most of them young men—from Muslim-majority countries. In *Prey*, the best-selling author of *Infidel*, Ayaan Hirsi Ali, presents startling statistics, criminal cases and personal testimony. Among these facts: In 2014, sexual violence in Western Europe surged following a period of stability. In 2018 Germany, “offences against sexual self-determination” rose 36 percent from their 2014 rate; nearly two-fifths of the suspects were non-German. In Austria in 2017, asylum-seekers were suspects in 11 percent of all reported rapes and sexual harassment cases, despite making up less than 1 percent of the total population. This violence isn't a figment of alt-right propaganda, Hirsi Ali insists, even if neo-Nazis exaggerate it. It's a real problem that Europe—and the world—cannot continue to ignore. She explains why so many young Muslim men who arrive in Europe engage in sexual harassment and violence, tracing the roots of sexual violence in the Muslim world from institutionalized polygamy to the lack of legal and religious protections for women. A refugee herself, Hirsi Ali is not against immigration. As a child in Somalia, she suffered female genital mutilation; as a young girl in Saudi Arabia, she was made to feel acutely aware of her own vulnerability. Immigration, she argues, requires integration and assimilation. She wants Europeans to reform their broken system—and for Americans to learn from European mistakes. If this doesn't happen, the calls to exclude new Muslim migrants from Western countries will only grow louder. Deeply researched and featuring fresh and often shocking revelations, *Prey* uncovers a sexual assault and harassment crisis in Europe that is turning the clock on women's rights much further back than the #MeToo movement is advancing it.
