Clarice Lispector

The Hour of the Star Clarice Lispector, 1992 The Hour of the Star, Clarice Lispector's consummate final novel, may well be her masterpiece.

Hour of the Star Clarice Lispector, 2017-03-02 Living in the slums of Rio and eking out a living as a typist, Macabéa loves movies, Coca-Cola and her philandering rat of a boyfriend; she would like to be like Marilyn Monroe, but she is ugly and unloved. Yet telling her story is the narrator Rodrigo S.M., who tries to direct Macabéa's fate but comes to realize that, for all her outward misery, she is inwardly free. Slyly subverting ideas of poverty, identity, love and the art of writing itself, Clarice Lispector's audacious last novel is a haunting portrayal of innocence in a bad world.

The Hour of the Star Clarice Lispector, 2020-10-06 Clarice Lispector's best-selling masterpiece—"her finest book" (The Nation)—now in a special hardcover edition to celebrate the centenary of her birth, with an illuminating new afterword by her son The Hour of the Star, Clarice Lispector's consummate final novel, may well be her masterpiece. Narrated by the cosmopolitan Rodrigo S.M., this brief, strange, and haunting tale is the story of Macabéa, one of life's unfortunates. Living in the slums of Rio and eking out a poor living as a typist, Macabéa loves movies, Coca-Cola, and her rat of a boyfriend; she would like to be like Marilyn Monroe, but she is ugly, underfed, sickly, and unloved. Rodrigo recoils from her wretchedness, and yet he cannot avoid the realization that for all her outward misery, Macabéa is inwardly free. She doesn't seem to know how unhappy she should be. As Macabéa heads toward her absurd death, Lispector employs her pathetic heroine against her urbane, empty narrator—edge of despair to edge of despair—and, working them like a pair of scissors, she cuts away the reader's preconceived notions about poverty, identity, love, and the art of fiction. In her last book she takes readers close to the true mystery of life and leaves us deep in Lispector territory indeed.

The Hour of the Star Clarice Lispector, 2011-11-09 Clarice Lispector died of cancer at the age of fifty-six on 9th December 1977. The Hour of the Star was published that same year and acclaimed by the critics as 'a regional allegory' of extraordinary awareness and insight. Lispector herself defined The Hour of the Star as a book 'made without words ... a mute photograph ... a silence ... a question'. The tale of Macabéa can be read at different levels and lends itself to various interpretations. The book's subtle interplay of fiction and philosophy sums up Lispector's unique talent as a writer and her lasting influence on contemporary Brazilian writing.

The Passion According to G.H. Clarice Lispector, 1988 A disoriented and confused young woman looks back on her life and her place in the world.

A Breath of Life Clarice Lispector, 2012-06-13 A mystical meditation on creation and death in which a man (a thinly disguised Clarice Lispector) infuses the breath of life into his creation [and] forms a dialogue between the god-like author and the speaking, breathing, dying creature herself: Angela Pralini--P. [4] of cover.

An Apprenticeship or The Book of Pleasures Clarice Lispector, 2022-05-03 Now in paperback, a romantic love story by the great Brazilian writer Lóri, a primary school teacher, is isolated and nervous, comfortable with children but unable to connect to adults. When she meets Ulisses, a professor of philosophy, an opportunity opens: a chance to escape the shipwreck of introspection and embrace the love, including the sexual love, of a man. Her attempt, as Sheila Heti writes in her afterword, is not only "to love and to be loved," but also "to be worthy of life itself." Published in 1968, *An Apprenticeship* is Clarice Lispector's attempt to reinvent herself following the exhausting effort of her metaphysical masterpiece *The Passion According to G. H.* Here, in this unconventional love story, she explores the ways in which people try to bridge the gaps between them, and the result, unusual in her work, surprised many readers and became a bestseller. Some appreciated its accessibility; others denounced it as sexist or superficial. To both admirers and critics, the olympian Clarice gave a typically elliptical answer: "I humanized myself," she said. "The book reflects that."

"Coming to Writing" and Other Essays Hélène Cixous, 1991 This collection presents six essays by one of France's most remarkable contemporary authors. A notoriously playful stylist, here Hélène Cixous explores how the problematics of the sexes--viewed as a paradigm for all difference, which is the organizing principle behind identity and meaning--manifest themselves, write themselves, in texts. These superb translations do full justice to Cixous's prose, to its songlike flow and allusive brilliance.

Near to the Wild Heart Clarice Lispector, 2022-04-28 Clarice Lispector's sensational, prize-winning debut novel *Near to the Wild Heart* was published when she was just twenty-three and earned her the name 'Hurricane Clarice'. It tells the story of Joana, from her wild, creative childhood, as the 'little egg' who writes poems for her father, through her marriage to the faithless Otávio and on to her decision to make her own way in the world. As Joana, endlessly mutable, moves through different emotional states, different inner lives and different truths, this impressionistic, dreamlike and fiercely intelligent novel asks if any of us ever really know who we are. Clarice Lispector was a Brazilian novelist and short story writer. Her innovation in fiction brought her international renown. References to her literary work pervade the music and literature of Brazil and Latin America. She was born in the Ukraine in 1920, but in the aftermath of World War I and the Russian Civil War, the family fled to Romania and eventually sailed to Brazil. In 1933, Clarice Lispector encountered Hermann Hesse's *Steppenwolf*, which convinced her that she was meant to write. She published her first novel, *Near to the Wildheart* in 1943

when she was just twenty-three, and the next year was awarded the Graça Aranha Prize for the best first novel. Many felt she had given Brazilian literature a unique voice in the larger context of Portuguese literature. After living variously in Italy, the UK, Switzerland and the US, in 1959, Lispector with her children returned to Brazil where she wrote her most influential novels including *The Passion According to G.H.* She died in 1977, shortly after the publication of her final novel, *The Hour of the Star*.

The Melancholia of Class Cynthia Cruz, 2021-07-13 What does it mean to be working-class in a middle-class world? Cynthia Cruz shows us how class affects culture and our mental health and what we can do about it -- calling not for assimilation, but for annihilation. To be working-class in a middle-class world is to be a ghost. Excluded, marginalised, and subjected to violence, the working class is also deemed by those in power to not exist. We are left with a choice between assimilation into middle-class values and culture, leaving our working-class origins behind, or total annihilation. In *The Melancholia of Class*, Cynthia Cruz analyses how this choice between assimilation or annihilation has played out in the lives of working-class musicians, artists, writers, and filmmakers — including Amy Winehouse, Ian Curtis, Jason Molina, Barbara Loden, and many more — and the resultant Freudian melancholia that ensues when the working-class subject leaves their origins to “become someone,” only to find that they lose themselves in the process. Part memoir, part cultural theory, and part polemic, *The Melancholia of Class* shows us how we can resist assimilation, uplifting and carrying our working-class origins and communities with us, as we break the barriers of the middle-class world. There are so many of us, all of us waiting. If we came together, who knows what we could do.

The Chandelier Clarice Lispector, 2019-11-28 Fresh from the enormous success of her debut novel *Near to the Wild Heart*, Clarice let loose something stormier in 1946 with her second novel, *The Chandelier*. In a body of work renowned for its potent idiosyncratic genius, *The Chandelier* in many ways has pride of place. It stands out, her biographer Benjamin Moser noted, in a strange and difficult body of work, as perhaps her strangest and most difficult book. Of glacial intensity, consisting almost entirely of interior monologues--interrupted by odd and jarring fragments of dialogue and action--the novel moves in slow waves that crest in moments of revelation. As she seeks freedom via creation, the drama of Virginia's isolated life is almost entirely internal: from childhood, she sculpts clay figurines with the best clay one could desire: white, supple, sticky, cold. She got a clear and tender material from which she could shape a world. How, how to explain the miracle... While on one level simply the story of a woman's life, *The Chandelier*'s real drama lies in Lispector's attempt to find the nucleus made of a single instant ...the tenuous triumph and the defeat, perhaps nothing more than breathing. *The Chandelier* pushes Lispector's lifelong quest for that nucleus into deeper territories than any of her amazing works --.

Complete Stories Clarice Lispector, 2018-06-26 One of the most phenomenally acclaimed and successful books of recent

years is now available as a paperback—with three just-discovered stories Here, gathered in one volume, are the stories that made Clarice a Brazilian legend. Originally a cloth edition of eighty-six stories, now we have eighty- nine in all, covering her whole amazing career, from her teenage years to her deathbed. In these pages, we meet teenagers becoming aware of their sexual and artistic powers, humdrum housewives whose lives are shattered by unexpected epiphanies, old people who don't know what to do with themselves— and in their stories, Clarice takes us through their lives—and hers—and ours.

La hora de la estrella Clarice Lispector,2023-12-15 Esta novela contiene trece títulos, una muchacha nordestina llamada Macabea, un escritor desesperado de nombre Rodrigo S.M., una cartomante que fue prostituta, un médico que detesta su oficio, un novio impaciente, un gallo que inesperadamente canta en el puerto de Río de Janeiro. Todas esas cosas están en la novela moduladas por la escritura singular de Clarice Lispector que logra incluir el silencio y el grito. La hora de la estrella es el último libro que Clarice Lispector publicó en vida, pocos meses antes de morir el 9 de diciembre de 1977. Como su personaje Macabea, ante la inminencia de la muerte, Clarice también supo darnos con esta novela su más poderoso resplandor.

The Besieged City Clarice Lispector,2019-04-30 Seven decades after its original publication, Clarice Lispector's third novel—the story of a girl and the city her gaze reveals—is in English at last Seven decades after its original publication, Clarice Lispector's third novel—the story of a girl and the city her gaze reveals—is in English at last. Lucrécia Neves is ready to marry. Her suitors—soldierly Felipe, pensive Perseu, dependable Mateus—are attracted to her tawdry not-quite-beauty, which is of a piece with São Geraldo, the rough-and-ready township she inhabits. Civilization is on its way to this place, where wild horses still roam. As Lucrécia is tamed by marriage, São Geraldo gradually expels its horses; and as the town strives for the highest attainment it can conceive—a viaduct—it takes on the progressively more metropolitan manners that Lucrécia, with her vulgar ambitions, desires too. Yet it is precisely through this woman's superficiality—her identification with the porcelain knickknacks in her mother's parlor—that Clarice Lispector creates a profound and enigmatic meditation on “the mystery of the thing.” Written in Europe shortly after Clarice Lispector's own marriage, *The Besieged City* is a proving ground for the intricate language and the radical ideas that characterize one of her century's greatest writers—and an ironic ode to the magnetism of the material.
