Dumbing Us Down John Taylor Gatto, 2002-02-01 With over 70,000 copies of the first edition in print, this radical treatise on public education has been a New Society Publishers' bestseller for 10 years! Thirty years in New York City's public schools led John Gatto to the sad conclusion that compulsory schooling does little but teach young people to follow orders like cogs in an industrial machine. This second edition describes the wide-spread impact of the book and Gatto's guerrilla teaching. John Gatto has been a teacher for 30 years and is a recipient of the New York State Teacher of the Year award. His other titles include *A Different Kind of Teacher* (Berkeley Hills Books, 2001) and *The Underground History of American Education* (Oxford Village Press, 2000).

Summary of John Taylor Gatto's *Dumbing Us Down* Milkyway Media, 2024-01-22 Get the Summary of John Taylor Gatto's *Dumbing Us Down* in 20 minutes. Please note: This is a summary & not the original book. *Dumbing Us Down* by John Taylor Gatto is a critical examination of the American education system. Gatto, an experienced teacher, identifies a hidden curriculum within schools that teaches seven detrimental lessons: confusion, class position, indifference, emotional and intellectual dependency, conditional self-esteem, and the impossibility of hiding. These lessons promote conformity, obedience, and reliance on authority, stifling independent thought and action...

Learning Unleashed Evonne E. Rogers, 2016-08-30 Children enter the world curiously hard-wired for creativity and imagination. After a few short years of school, something drastically changes for them. Why? There is an unmistakable and deliberate attempt to control the learning of young people who find themselves sitting in our schools. The industrial model of schooling has taken its toll and victims without remorse. It programs curious young minds to become helpless, dependent, and compliant. It is manipulation and malpractice, but few seem to notice or care. After years of observing and participating in some of these questionable practices herself, Evonne decided it was time to tell the truth about schools. With a credible and strong voice, Evonne tackles the "sacred school rituals" that are rarely questioned and widely accepted as normal. She transparently leads the reader through firmly-held and often faulty assumptions about schooling practices. She offers common sense solutions that challenge us to re-imagine how we do school in this country. With strong conviction, passion, and a call to action, she encourages us to hear and listen to the voices of our children who are crying out for the freedom to learn.

The Freedom Handbook Luke Denis,Chris Hampton,2017-03-03 SHOCKING, BEAUTIFUL, PROVOCATIVE and WILD A big, bold manifesto covering most of our world's issues, this message feels good and positive overall because it's stacked with solutions that sandwich all problems. It reads easily and surprisingly quickly, yet it constantly challenges you and evokes a wide range of powerful emotion. Recognizing the enormous task of changing beliefs, you feel supported at times through a wild journey and the chapter A Whole World's Dark Night of the Soul offers solid footing in scary territory. This is an impassioned guide to breaking the chains that hold humanity back and an insightful, inciting examination of the juxtaposition between mankind's infinite potential and the limitations imposed by the plutocracy that will leave you vibrating with excitement! SOLUTIONS TO END THE LEFT/RIGHT DEBATE Refreshingly principled non partisan look at politics and the world Our future is our choice. Orwellian squared or freedom. This handbook ignores the rabbit holes and evidences just how moot most of these issues truly are. Taking out the trash from our conversations allows us to focus on the core issues. Socialists, libertarians, anarchists, and fans of democracy alike can all find common ground and answers to valid concerns in this strikingly straightforward set of ideas and strategy. STRIKING DECISIVENESS AND SURPRISING DIRECT ACTION Packing a lot of sense, punch and power to help freedom gain more ground and all of humanity to live happier, healthier lives, The Freedom Handbook also provides fascinating insight into the ideas and thinking of two of today's newest and loudest voices for freedom Luke Denis and Chris Hampton, co-founders of the new controversial media channel Incite Insight.

Homeschool Rising Christy-Faith,2024-03-12 Take a good look at the reasons why homeschooling can help today's kids thrive Homeschool Rising is a guide for anyone interested in homeschooling their children, regardless of background. It busts through the myths surrounding homeschooling, reveals the failures of our current school system, and demonstrates how home education and loving, motivated parents can provide a solution for students and families everywhere. There are many assumptions made about homeschooling—that the child will be socially awkward due to lack of social interaction, that parents are not equipped to educate their children, that homeschooling is only for White, Christian, middle-class parents, and more. In Homeschool Rising, educator Christy-Faith offers insights from more than 20 years in the field and her experience working with thousands of students to debunk these myths and misconceptions. The truth is, homeschooling sets today's students up for success in a way that traditional schooling no longer can. This authoritative yet casual and accessible guide provides parents the tools, courage, and knowledge to opt out of the school system and take charge of their children's education. Clear up the confusion and misconception surrounding homeschooling See why homeschooling is a great option for kids of any race, religion, and background Gain the knowledge you need to start your kids off on the right foot with homeschooling Make sure your homeschooled kids are getting the support they need academically and socially New and experienced homeschoolers looking for support, as well as educators, psychologists, and others who work with homeschooled

children, will love the clear, evidence-backed, and conversational information in Homeschool Rising.

Homeschooling Ginny Yurich, MEd, 2025-05-27 During the past five years, homeschooling rates have been on the rise and show no signs of slowing. But many parents lack confidence, questioning whether they are doing it right (or whether they should take the plunge at all). With so many voices offering conflicting advice, it's hard to know where to start and where to go from there. A homeschooling mother of five and founder of 1000 Hours Outside, Ginny Yurich draws from her years of experience and research, as well as her master's degree in education from the University of Michigan, to encourage and equip parents who want to give homeschooling a try or want to improve their experience. Starting from the standpoint of you're doing it right instead of you're doing it wrong, Ginny helps parents understand that just by choosing to homeschool they are · learning through living · allowing for individual timelines · leaving space for boredom · providing multiage experiences · teaching self-reliance · offering freedom · slowing down · and more If you've been on the fence about homeschooling or wondering if you're doing it all wrong, let Ginny encourage you in all you've already accomplished and equip you for even greater things ahead.

The Freedom Outlaw's Handbook Claire Wolfe, 2007-07 Claire Wolfe is back and has expanded her original 101 Things to Do 'Til the Revolution to 179 thought-and-action items. Some will work for nearly everyone. Some are for those who are more radical. Some are serious. Some are fun. All of them will shore up the privacy barrier that's being eroded - if not downright blasted away - by the Patriot Act, by corporate Little Brotherism, and by other laws and regulations. Better yet, Claire will inspire you to free your own Inner Outlaw and kick tyrant butt so you can win back freedom. The choices you make are up to you. But if you've been sitting back waiting for the water to get a little hotter before you jump out of the big government, total control vat, Claire gives you 179 tools to help you plan and work.

The Homeschool Journey Susan Card, Michael Card, 1997 Susan and Michael Card answer your questions about the practical responsibilities of homeschooling, including choosing curriculum, teaching children at different levels, and planning creative and educational lessons.

Branded for Life Howard J. Blumenthal, 2005 Reveals how the power of sophisticated brand management affects not only the goods we buy and the movies we see, but also religion, education, government, and warfare. -- from publisher description.

H.P. Lovecraft Peter H. Cannon, 1989 In the years following H. P. Lovecraft's death in 1960, few of his friends and admirers were moved to write down their personal impressions. This may have been in part because HPL outlived so many of

his colleagues. One can only wonder what intimates such as W. Paul Cook or Robert Barlow might have penned had they not preceded him to the grave. Perhaps others felt they had little more to add to the already ample public record of a successful author. Then, too, the appearance soon after his passing of August Derleth's brilliant critical survey and L. Sprague de Camp's definitive biography seems to have discouraged younger scholars from pursuing Lovecraft studies. Now, in one volume, Peter Cannon has scraped up three hitherto unpublished memoirs, each focused on a critical stage in Lovecraft's career. Though HPL was most comfortable in male society, two out of the three selections are written by women: Clarissa Stone's account of his early literary triumphs, and Leonora Lathbury's memoir of his time in England. Even Robert Pratt's brief view of Lovecraft in his last days spotlights Lyda Arco Long, the outspoken bride of HPL's favourite adopted grandson, Frank Belknap Long. While offering few surprises to the Lovecraft aficionado, these disparate reminiscences amount to an incomparable portrait sure to revive interest in an author unjustly neglected in recent decades.

The International Education Quotations Encyclopaedia Keith Allan Noble, 1995 The subject of this book is education in all its traditional and non-traditional forms. Education is exposed through over 2,500 quotations drawn from a wide range of international sources. From Angelou to Aristotle, from The Bible to The Bridges of Madison County, from Shakespeare to Spender, from Malcolm X to Yoshida to Zuckerman, they are all here. Spanning several millennia, the quotations were carefully chosen from disparate sources and represent the thoughts of well over 1,300 female and male authors. These quotations come from ancient oriental philosophers; Greek and Roman sages; thinkers from the Renaissance and Reformation; Napoleonic-era authors; 19th and 20th century writers; plus scholars and educators now pondering the next century. For those wishing to see the broad reality of education today and of times gone by, this encyclopaedia provides a tremendous number of insights and a wide spectrum of colour. Features * spans 3,000 years and contains over 2,500 entries; * includes more than 1,300 female and male authors; * lists 400 education related topics under 26 letters; * explains the Quotation Quadrangle, a good memory aid.
