The Prosthetic Imagination Peter Boxall,2020-09-03 This book develops a new theoretical account of the historical role of the novel in fashioning our bodies and environments.

Evidence of Things Not Seen Rhonda D. Frederick,2022-07-15 Evidence of Things Not Seen: Fantastical Blackness in Genre Fictions is an interdisciplinary study of blackness in genre literature of the Americas. The “fantastical” in fantastical blackness is conceived by an unrestrained imagination because it lives, despite every attempt at annihilation. This blackness amazes because it refuses the limits of anti-blackness. As put to work in this project, fantastical blackness is an ethical praxis that centers black self-knowledge as a point of departure rather than as a reaction to threatening or diminishing dominant narratives. Mystery, romance, fantasy, mixed-genre, and science fictions’ unrestrained imaginings profoundly communicate this quality of blackness, specifically here through the work of Barbara Neely, Colson Whitehead, Nalo Hopkinson, and Colin Channer. When black writers center this expressive quality, they make fantastical blackness available to a broad audience that then uses its imaginable vocabularies to reshape extra-literary realities. Ultimately, popular genres’ imaginable possibilities offer strategies through which the made up can be made real.

Joss Whedon and Race Mary Ellen Iatropoulos,2016-11-10 Joss Whedon is known for exploring philosophical questions through socially progressive narratives in his films, television shows and comics. His work critiques racial stereotypes, sometimes repudiating them, sometimes reinvesting in them (sometimes both at once). This collection of new essays explores his representations of racial power dynamics between individuals and institutions and how the Whedonverse constructs race, ethnicity and nationality relationships.

Representing the Exotic and the Familiar Meenakshi Bharat,Madhu Grover,2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization: a “fetishizing process”, as Graham Huggan has called it, which separates a “first world” from a “third world”, the Occident from the Orient. The essays collected here re-assess this tendency, not least by focusing on the kinds of intellectual tourism and dilettantism to which it has given rise. The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the “exotic” to the comparatively “familiar” space of contemporary writings; where an exotic mythos can live on into the familiar present; and where certain perceptions and representations of peoples, of literatures, and of languages have turned exoticization and

familiarization into global modes of mass-cultural consumption. Especially by exploring the liminalities between different cultures, this collection manages to trace both the history and the politics of exoticist representation and, in so doing, to make a significant critical intervention.

White Picket Fences Amy Julia Becker, 2018-10-02 A Gentle Invitation into the Challenging Topic of Privilege The notion that some might have it better than others, for no good reason, offends our sensibilities. Yet, until we talk about privilege, we'll never fully understand it or find our way forward. Amy Julia Becker welcomes us into her life, from the charm of her privileged southern childhood to her adult experience in the northeast, and the denials she has faced as the mother of a child with special needs. She shows how a life behind a white picket fence can restrict even as it protects, and how it can prevent us from loving our neighbors well. White Picket Fences invites us to respond to privilege with generosity, humility, and hope. It opens us to questions we are afraid to ask, so that we can walk further from fear and closer to love, in all its fragile and mysterious possibilities.

My Antonia Willa Cather, 2013-02-11 This student edition presents Willa Cather's landmark novel of immigrant life on the American prairies in a compact and affordable format. The text of the 1918 first edition is lightly annotated, and is accompanied by a chronology of the life of the author, an illustrated introduction to the contexts and major issues of the text in its time and ours, an annotated bibliography for further reading (contexts, criticism, and online resources), and a concise glossary of literary terms. The text of the work is also accessible online at an accompanying Web site (visit bedfordstmartins.com/americanlit), where it can be searched electronically.

Everyday Forms of Whiteness Melanie E. L. Bush, 2011-01-16 The second edition of Melanie Bush's acclaimed *Everyday Forms of Whiteness* looks at the often-unseen ways racism impacts our lives. The author has interviewed and surveyed hundreds of college students and reveals that even though we talk as though we live in a post-racial world after the election of Barack Obama, racism is still very much a factor in everyday life. The second edition incorporates new data and interviews to show how the everyday thinking of ordinary people contributes to the perpetuation of systemic racialized inequality. The book introduces key terms for the study of race and ethnicity, reveals the mechanisms that support the racial hierarchy in U.S. society, then outlines ways we can challenge long-standing patterns of racial inequality.

The Native American Declaration of Independence Kerstin Vogel, 2008 This study explores the connections between resistance, religion, and reform in the work of the Pequot writer and Methodist minister William Apess. Drawing on the idea of literary democracy, 'The Native American Declaration of Independence' shows how Apess tries to inscribe himself - and his fellow Native Americans - in the political landscape of the new nation. Apess's work as a Native American man of letters suggests literature as a mirror of national history and a social corrective long before the formulation of corresponding theories by modern critics. Located in the crucible of early nineteenth-century tensions, between civil liberty and communal

responsibility, between Indian Removal and the American Renaissance, Apress's discourse provides a new context for the reframing of both U.S.-American democracy and literary realism with respect to the multicultural heritage of the American continent.

Mixing It Up SanSan Kwan, Kenneth Speirs, 2004-10 The United States Census 2000 presents a twenty-first century America in which mixed-race marriages, cross-race adoption, and multiracial families in general are challenging the ethnic definitions by which the nation has historically categorized its population. Addressing a wide spectrum of questions raised by this rich new cultural landscape, *Mixing It Up* brings together the observations of ten noted voices who have experienced multiracialism first-hand. From Naomi Zack's *American Mixed Race: The United States 2000 Census and Related Issues* to Cathy Irwin and Sean Metzger's *Keeping Up Appearances: Ethnic Alien-Nation in Female Solo Performance*, this diverse collection spans the realities of multiculturalism in compelling new analysis. Arguing that society's discomfort with multiracialism has been institutionalized throughout history, whether through the one drop rule or media depictions, SanSan Kwan and Kenneth Speirs reflect on the means by which the monoracial lens is slowly being replaced. Itself a hybrid of memoir, history, and sociological theory, *Mixing It Up* makes it clear why the identity politics of previous decades have little relevance to the fluid new face of contemporary humanity.

Doctor Who and Race Lindy Orthia, 2013 Bringing together diverse perspectives on race and its representation in *Doctor Who*, this book offers understandings of the cultural significance of race in the program - how the show's representations of racial diversity, colonialism, nationalism, and racism affect our daily lives and change the way we relate to each other.

The black book ,2004 *TheBlackBook - Deutschlands Häutungen* ist das Ergebnis einer Kooperation zweier Nichtregierungsorganisationen aus dem Antidiskriminierungsbereich sowie der Schwarzen Community - ein Versuch, durch die Kombination von Theorie und Praxis Unbewusstes bewusst zu machen, strukturelle Wirkungsmechanismen von Rassismus und Diskriminierung aufzudecken und Strategien für die Stärkung des Selbstbewusstseins und der Selbstbestimmtheit Schwarzer Deutscher darzustellen. Das Buch versammelt Essays, wissenschaftliche Analysen und persönliche oder politische Erfahrungsberichte von AutorInnen mit unterschiedlichem Hintergrund. *TheBlackBook* öffnet allen LeserInnen eine Tür, hinter der sie neue Analysen und kreative Ansätze finden können. Es macht auf Perspektiven und Positionen neugierig, die lange Zeit und auch heute noch von der Gesellschaft nicht wahrgenommen und unter Verschluss gehalten werden.
