*The Impact of the Family* John Witte, Michael Welker, Stephen Pickard, 2022-07-28 The family is humanity's oldest and most basic social institution, but today it is fragile, fractured, and fraught in many liberal lands. This volume gathers scholars from sociology, psychology, history, religion, ethics, law, and medicine from five continents to analyze the complex nature and place of the family in character formation and human flourishing. The chapters study the impact of catechesis, schooling, work, and discipline on the development of individual moral agency and responsibility. They document the critical roles of family love, trust, fidelity, and storytelling in shaping the moral character of all family members from infancy to old age. They describe effective strategies of resistance and resilience for family members who face abuse, divorce, death, chauvinism, racism, and homophobia. And several chapters challenge modern arguments and policies that aim to flatten if not abolish the marital family, even while they call for family law reforms.

**The Lay of the Land** Richard Ford, 2011-01-14 With The Sportswriter, in 1985, Richard Ford began a cycle of novels that ten years later – after Independence Day won both the Pulitzer Prize and the PEN/Faulkner Award – was hailed by The Times of London as “an extraordinary epic [that] is nothing less than the story of the twentieth century itself.” Frank Bascombe’s story resumes, in the fall of 2000, with the presidential election still hanging in the balance and Thanksgiving looming before him with all the perils of a post-nuclear family get-together. He’s now plying his trade as a realtor on the Jersey shore and contending with health, marital and familial issues that have his full attention: “all the ways that life seems like life at age fifty-five strewn around me like poppies.” Richard Ford’s first novel in over a decade: the funniest, most engaging (and explosive) book he’s written, and a major literary event.
