William Tecumseh Sherman

The Disappeared Andrew Porter, 2023-04-11 A collection of stories that trace the threads of loss and displacement running through all our lives, by the acclaimed, award-winning author of *The Theory of Light and Matter* “What a beautiful book about the profound mystery of ordinary life.” —Alix Ohlin, author of *We Want What We Want* A husband and wife hear a mysterious bump in the night. A father mourns the closeness he has lost with his son. A friendship with a married couple turns into a dangerous codependency. With gorgeous sensitivity, assurance, and a propulsive sense of menace, these stories center on disappearances both literal and figurative—lives and loves that are cut short, the vanishing of one's youthful self. From San Antonio to Austin, from the clamor of a crowded restaurant to the cigarette at a lonely kitchen table, Andrew Porter captures each of these relationships mid-flight, every individual life punctuated by loss and beauty and need. *The Disappeared* reaffirms the undeniable artistry of a contemporary master of the form.

The Imagined Life Andrew Porter, 2025-04-15 From the award-winning, internationally acclaimed writer, a taut, elegiac novel about a man trying to uncover the truth about the father who left him behind “Packed with so much summer you can smell the chlorine of backyard pools and feel the sunscreen clinging to your skin.” —Good Morning America “Ultimate Summer Reading List” Steven Mills has reached a crossroads. His wife and son have left, and they may not return. Which leaves him determined to find out what happened to his own father, a brilliant, charismatic professor who disappeared in 1984 when Steve was twelve, on a wave of ignominy. As Steve drives up the coast of California, seeking out his father's friends, family members, and former colleagues, the novel offers us tantalizing glimpses into Steve's childhood—his parents'

legendary pool parties, the black-and-white films on the backyard projector, secrets shared with his closest friend. Each conversation in the present reveals another layer of his father's past, another insight into his disappearance. Yet with every revelation, his father becomes more difficult to recognize. And, with every insight, Steve must confront truths about his own life. Rich in atmosphere, and with a stunningly sure-footed emotional compass, *The Imagined Life* is a probing, nostalgic novel about the impossibility of understanding one's parents, about first loves and failures, about lost innocence, about the unbreakable bonds between a father and a son.

Army Of The Potomac Russell Beatie, 2002-07-04 A wide-ranging study of the Army's leaders and their decisions-- Jacket.

The Army of the Potomac: Birth of command, November 1860-September 1861 Russel Harrison Beatie, 2002 Here is the first detailed and comprehensive study of the Army of the Potomac, the Union's largest and most important army in the field throughout the Civil War. It is the first volume in a multipart work that will be the Union counterpart to Douglas Southall Freeman's award-winning epic, *Lee's Lieutenants: A Study in Command*. Like Freeman, Russel H. Beatie meticulously examines the relationships and performance of the high-ranking officers of one army -- the Army of the Potomac -- as well as those who served in the satellite forces that also operated in the Eastern Theater. He draws almost entirely on manuscript sources, many previously unexamined, and thus reaches conclusions about the actions of the Union's prominent generals that differ -- often significantly -- from traditional historical thinking. - Jacket flap.
