Working with English Grammar Louise Cummings, 2018-06-21 This clear and concise introduction offers students of linguistics and English language a comprehensive overview of English grammar, including word structure, major and minor word classes, phrases, clauses and sentences. Based on twenty years' teaching practice, Louise Cummings adopts a unique approach of using three real-world contexts - first language acquisition, language disorders and non-standard dialects - as a pedagogical tool to make grammatical concepts meaningful to students and to improve engagement and understanding. In seven accessible chapters, students are encouraged to develop the analytical skills they require to give a comprehensive description of the grammar of the English language. A range of supportive learning aids is used, including: • Learning objectives and section 'key points' summaries • Varied examples from world Englishes and print media • Homework assignments, exercises and revision questions • Targeted further reading suggestions and 'special topics' boxes • A glossary of 300 entries • An extensive range of online resources for instructors and students, including a test bank of 140 multiple-choice questions, useful links and an answer key.

Black Gold and Silver Sands James D. Snyder,2004 Abiding faith and dogged determination were the main motivators as a handful of hardscrabble farmers began transforming tracts of sand, saw grass, swamp and muck land into the agribusiness infrastructure that underpins Palm Beach County, Florida today. Black Gold and Silver Sands, with over 250 photographs from museums and family collections, tells the county's dramatic history of farming from the days of the hardy pioneers who grew pumpkins and pineapples on the shores of Lake Worth. In this handsome coffee table book, you'll read diaries, letters and personal interviews that describe the faith and fortitude of those who endured sun, spoilage, frost, floods, hurricanes and other hardships in building what would soon become one of the nation's most agriculturally productive counties.
