Arnold. Fiaz Rafiq uses in-depth interviews with Schwarzenegger's peers to tell the life story of the one-time Governor, featuring exclusive interviews with his personal and close friends, fellow bodybuilders and training partners, Hollywood co-stars, directors, executive producers, political personalities and journalists - all offering first-hand accounts of the man they know. Total Recall Arnold Schwarzenegger, 2012-10-01 In his signature larger-than-life style, Arnold Schwarzenegger's Total Recall is a revealing self-portrait of his illustrious, controversial and truly unique life. Born in a small Austrian town in 1947, a year of famine, he was the son of an austere police chief. He dreamed of moving to America to become a bodybuilding champion and a movie star. By the age of 21, he was living in Los Angeles and had been crowned Mr Universe. Within five years, he had learned English and become the greatest bodybuilder in the world. Within ten years, he had earned his college degree and was a millionaire from his business enterprises in real estate, landscaping and bodybuilding. He was also the winner of a Golden Globe Award for his debut as a dramatic actor in Stay Hungry. But that was only the beginning. The Terminator spawned numerous sequels and made him one of Hollywood's biggest stars, as he had a series of hit films including Predator, Total Recall, True Lies and Twins. He married Maria Shriver, becoming part of the Kennedy clan, while going on to become the Republican governor of California, where he led the state through a budget crisis, natural disasters and political turmoil. It is the greatest immigrant success story of our time. His story is unique, and uniquely entertaining, and he tells it brilliantly in these pages. Until now, he has never told the full story of his life, in his own voice. Here is Arnold, with total recall.

Notable Czech and Slovak Americans Miloslav Rechcigl Jr., 2021-12-14 The contribution to the development and culture of America by the immigrants from the territory of former Czechoslovakia, be they Czechs or Slovaks, or Bohemians, as they used to be called, has been enormous. Yet little has been written about the subject. This compendium is part of an effort to correct this glaring deficiency. In this compendium, the focus is on religion, law and jurisprudence, business and entrepreneurship and the notable people in the government, with the narration and assessment about the Czechoslovak American explorers, adventurers and pioneers who paved the way for the colonists and settlers who followed them. An important role among them played the social movement activists. some of whose ideas won the respect and ultimately acceptance by general population, to which subject an entire section has been devoted. Among other, you will find among them abolitionists, freethinkers. suffragists, civil & human rights activists, environmentalists and conservationists, climate change activists, philanthropists, inventors and even futurists or futurologists. Their innovative ideas, inevitably, led to the rise of the plethora of Czech and Slovak American leaders, encompassing, practically, every aspect of human endeavor. As stated in the Foreword, this reference will serve as a powerful research tool for many years to come for scholars and all Czechs and Slovaks on both sides of the Atlantic.
