The Powerful Catalan Victor Bologan,2015-04-28 The Catalan is a solid yet flexible chess opening system that is popular on all levels. Both amateurs and top-level strategists such as Vladimir Kramnik and Vishy Anand employ this opening to put a lot of unpleasant pressure on Black. In The Powerful Catalan grandmaster Victor Bologan presents a complete repertoire for White that covers all of Black's responses. Also included are those variations where Black tries to steer the game into other openings like the Queen's Indian or the Tarrasch Defence. The book is classically structured (starting with the rarest variations before moving on to the most popular ones) and contains original analysis of many recent tournament games. Bologan's clearly formulated verbal explanations are essential for a good understanding of the strategic plans and the tactical themes of the Catalan. ,

The Catalan can lead to a wide variety of positions, open or closed, tactical or strategic, that will suit players of all styles. In this book, Grandmaster Neil McDonald invites you to join him in

The Catalan E00-E09 Bill Harvey,2017-11-26 Savielly Tartakower was commissioned by the tournament organizers of the 1929 Barcelona event for an opening to commemorate Catalonia. The Catalan Opening is a hybrid between the Reti and Queen's Gambit. This volume is indexed by ECO classification so that the reader can focus on his or her area of expertise. Each of these sections contains their own pitfalls and traps. It is more fruitful to study the tactics of an opening you might encounter as White or Black than to study the knight fork, pin or skewer, one tactic at a time. When the type of tactic is provided with the puzzle, it is already half solved. Study the tactics found within an opening you face and you will understand the dynamics of the opening you already use.
