**The Leaphorn Mysteries** Tony Hillerman, 1991

**Tony Hillerman** James McGrath Morris, 2021-10-14 2022 Mystery Writers of America Edgar Award Finalist The author of eighteen spellbinding detective novels set on the Navajo Nation, Tony Hillerman simultaneously transformed a traditional genre and unlocked the mysteries of the Navajo culture to an audience of millions. His best-selling novels added Navajo Tribal Police detectives Joe Leaphorn and Jim Chee to the pantheon of American fictional detectives. Morris offers a balanced portrait of Hillerman's personal and professional life and provides a timely appreciation of his work. In intimate detail, Morris captures the author's early years in Depression-era Oklahoma; his near-death experience in World War II; his sixty-year marriage to Marie; his family life, including six children, five of them adopted; his work in the trenches of journalism; his affliction with PTSD and its connection to his enchantment with Navajo spirituality; and his ascension as one of America's best-known writers of mysteries. Further, Morris uncovers the almost accidental invention of Hillerman's iconic detective Joe Leaphorn and the circumstances that led to the addition of Jim Chee as his partner. Hillerman's novels were not without controversy. Morris examines the charges of cultural appropriation leveled at the author toward the end of his life. Yet, for many readers, including many Native Americans, Hillerman deserves critical acclaim for his knowledgeable and sensitive portrayal of Diné (Navajo) history, culture, and identity. At the time of Hillerman's death, more than 20 million copies of his

books were in print, and his novels inspired Robert Redford to adapt several of them to film. In weaving together all the elements of Hillerman's life, Morris drew on the untapped collection of the author's papers, extensive archival research, interviews with friends, colleagues, and family, as well as travel in the Navajo Nation. Filled with never-before-told anecdotes and fresh insights, Tony Hillerman will thrill the author's fans and awaken new interest in his life and literary legacy.

**Leaphorn & Chee** Tony Hillerman, 1992 Story Collection: Skinwalkers--A Thief of Time--Talking God.

**A History of American Literature** Linda Wagner-Martin, 2015-07-20 A HISTORY OF AMERICAN LITERATURE 1950 TO THE PRESENT Featuring works from notable authors as varied as Salinger and the Beats to Vonnegut, Capote, Morrison, Rich, Walker, Eggers, and DeLillo, A History of American Literature: 1950 to the Present offers a comprehensive analysis of the wide range of literary works produced in the United States over the last six decades and a fascinating survey of the dramatic changes during America's transition from the innocence of the fifties to the harsh realities of the first decade of the new millennium. Author Linda Wagner-Martin - a highly acclaimed authority on all facets of modern American literature - covers major works of drama, poetry, fiction, non-fiction, memoirs, and popular genres such as science fiction and detective novels. Viewing works produced during this fertile literary period from a wide-ranging perspective, Wagner-Martin considers literature in relation to such issues as the politics of civil rights, feminism, sexual preferences, and race- and gender-based marketing. She also places a special emphasis on works produced during the twenty-first century, and writings influenced by recent historic events such as the 9/11 terrorist attacks, Hurricane Katrina, and the global financial crisis. With its careful balance of scholarly precision and accessibility, A History of American Literature: 1950 to the Present provides readers of all levels with rich and revealing insights into the diversity of literary forms and influences that characterize postmodern America. "A monumental distillation of an enormous range of material, Wagner-Martin's rich book should be required reading for anyone grappling with making sense of the prolific, broad-spectrum, and diverse writing in the US since 1950." Thadious M. Davis, University of Pennsylvania "Linda Wagner-Martin's history impressively and judiciously surveys all fields of American writing over the past sixty years, taking full account of significant cultural and historical contexts and the major critical commentaries that have helped shape our understanding of developments in the second half of the last century and the dozen years following the millennium. Balanced, informative, and always highly readable there is much here for general readers, students, and specialists alike." Christopher MacGowan, the College of William and Mary

*Native American Mystery Writing* Mary Stoecklein, 2019-04-04 Though mystery, crime, and detective fiction are some of the most popular genres in the world, little scholarship currently exists regarding Native American writers and how they add new dimensions to this widely read literary form. Rather, the majority of scholarship examines the depiction of Native characters from the perspective of non-Native authors. Native American Mystery Writing: Indigenous Investigations analyzes how Native authors use the genre to foreground centuries of settler-colonial crimes and comment upon the ways in which

these acts continue to impact Native individuals and communities today. Considering fourteen novels and two made-for-TV films, this book surveys a spectrum of settler-colonial crimes: the Osage oil murders, sexual assault against Native women, missing and murdered Indigenous women, the California mission system, suppression of spiritual beliefs, theft—of land, children, and cultural items—and, of course, murder. Examination of these texts shows how Native authors working with the mystery, crime, and detective fiction formats are able to entertain readers while also sending strong social, cultural, and political messages that argue for strengthened tribal sovereignty and illustrate the resilience of Indigenous peoples—all in order to promote discussions about creating a more just system for Native Nations.

**Places for Dead Bodies** Gary J. Hausladen, 2010-01-01 From Tony Hillerman's Navajo Southwest to Martin Cruz Smith's Moscow, an exotic, vividly described locale is one of the great pleasures of many murder mysteries. Indeed, the sense of place, no less than the compelling character of the detective, is often what keeps authors writing and readers reading a particular series of mystery novels. This book investigates how police procedural murder mysteries have been used to convey a sense of place. Gary Hausladen delves into the work of more than thirty authors, including Tony Hillerman, Martin Cruz Smith, James Lee Burke, David Lindsey, P. D. James, and many others. Arranging the authors by their region of choice, he discusses police procedurals set in America, the United Kingdom and Ireland, Europe, Moscow, Asia, and selected locales in other parts of the world, as well as in historical places ranging from the Roman Empire to turn-of-the-century Cairo.

The blind shaman called *Listening Woman* speaks of witches and restless spirits, of supernatural evil unleashed. But Lieutenant Joe Leaphorn of the Navajo Tribal Police is sure the monster who savagely slaughtered an old man and a teenage girl was human. Now the solution to a horrific crime is buried somewhere in a dead man's secrets—and in the shocking events of a hundred years past. To ignore the warnings of a venerable seer, however, might be reckless foolishness when Leaphorn's investigation leads him farther away from the comprehensible . . . and closer to the most brutally violent confrontation of his career.

**Fantasies of the Master Race** Ward Churchill, 1998 Chosen an Outstanding Book on the Subject of Human Rights in the United States by the Gustavus Myers Center for the Study of Human Rights. In this volume of incisive essays, Ward Churchill looks at representations of American Indians in literature and film, delineating a history of cultural propaganda that has served to support the continued colonization of Native America. During each phase of the genocide of American Indians, the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption. Literature about Indians was first written and published in order to provoke and sanctify warfare against them. Later, the focus changed to enlisting public support for civilizing the savages, stripping them of their culture and assimilating them into the dominant society. Now, in the final stages of cultural genocide, it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth. The primary means by which this is accomplished is through the powerful publishing and film industries. Whether they are the tragically doomed noble savages walking into the sunset of *Dances With*

Wolves or Carlos Castaneda's Don Juan, the exotic mythical Indians constitute no threat to the established order. Literature and art crafted by the dominant culture are an insidious political force, disinforming people who might otherwise develop a clearer understanding of indigenous struggles for justice and freedom. This book is offered to counter that deception, and to move people to take action on issues confronting American Indians today.
