International Handbook of Media Literacy Education Belinha S. De Abreu, Paul Mihailidis, Alice Y.L. Lee, Jad Melki, Julian McDougall, 2017-04-21 At the forefront in its field, this Handbook examines the theoretical, conceptual, pedagogical and methodological development of media literacy education and research around the world. Building on traditional media literacy frameworks in critical analysis, evaluation, and assessment, it incorporates new literacies emerging around connective technologies, mobile platforms, and social networks. A global perspective rather than a Western-centric point of view is explicitly highlighted, with contributors from all continents, to show the empirical research being done at the intersection of media, education, and engagement in daily life. Structured around five themes—Educational Interventions; Safeguarding/Data and Online Privacy; Engagement in Civic Life; Media, Creativity and Production; Digital Media Literacy—the volume as a whole emphasizes the competencies needed to engage in meaningful participation in digital culture.

Movies and Midrash Wendy I. Zierler, 2017-08-15 Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council Movies and Midrash uses cinema as a springboard to discuss central Jewish texts and matters of belief. A number of books have drawn on films to explicate Christian theology and belief,

but Wendy I. Zierler is the first to do so from a Jewish perspective, exploring what Jewish tradition, text, and theology have to say about the lessons and themes arising from influential and compelling films. The book uses the method of inverted midrash: while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal (parable) as a means of further explication, Zierler turns that process around, beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts. Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought. Films covered include *The Truman Show* (truth), *Memento* (memory), *Crimes and Misdemeanors* (sin), *Magnolia* (confession and redemption), *The Descendants* (birthright), *Forrest Gump* (cleverness and simplicity), and *The Hunger Games* (creation of humanity in God's image), among others.

The Encyclopaedia Britannica: Demijohn-Edward, 1910 The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained within its volumes.
