The Complete John Lennon Songs Paul Du Noyer, 2025-05-08 INCLUDES COMPLETE JOHN LENNON LYRICS FOR THE FIRST TIME Lennon's life after the Beatles was eventful and fascinating. He moved from stardom in the world's biggest pop group to global peace campaigner and figurehead for radical causes. He left England for a new life in the USA with Yoko Ono. He later abandoned public life and retired to his New York apartment to raise their son and live the life of a recluse. In 1980 he re-emerged with a new album, but the plan to resume his career was cruelly curtailed on a fateful night outside the Dakota Building when he was murdered. Upon first publication, this book was the first to examine and assess all of John Lennon's solo work. This updated edition includes lyrics and is released on the 40th anniversary of his death and the 80th anniversary of his birth.

The Words and Music of John Lennon Ben Urish, Kenneth G. Bielen, 2007-06-30 Despite John Lennon's immense popularity, little attention has been paid to his work apart from the Beatles. Yet his solo artistry not only illuminates what he gave to the Beatles, but also constitutes a significant contribution to popular music in general. Lennon was able to fuse experiments in technology, instrumentation, lyrics, and musical form into recordings that were both artistically and commercially successful. Few singer-songwriters have been his equal. In this long overdue investigation, authors Ben Urish and Ken Bielen give Lennon's artistry the opportunity to speak for itself. After a brief biographical introduction, chronologically arranged chapters discuss his incredible body of work album-by-album and single-by-single. A discography and annotated bibliography conclude the book. Despite John Lennon's immense popularity, little attention has been paid to the overall efforts of his work apart from the Beatles. Yet his solo artistry not only illuminates what he gave to the Beatles (and what the Beatles experience gave to him), but also constitutes a significant contribution to popular music in general. Lennon was able to fuse experiments in technology, instrumentation, lyrics, and musical form into recordings that were both artistically and commercially successful. Whether expressing emotions, explaining philosophies, protesting social situations, or ruminating on the joys and pains of personal entanglements, few singer-songwriters have been his equal. In this long overdue investigation, authors Ben Urish and Ken Bielen give Lennon's artistry the opportunity to speak for itself. After a brief biographical introduction, chronologically arranged chapters discuss his incredible body of work album-by-album and single-by-single. A discography and annotated bibliography conclude the book. Although he is often lauded as a spokesperson for his generation, this praise, however intended, is far too limiting. Lennon was able to transform the intensely personal into the deeply universal (as well as the reverse), often with humor and pointed insight. At their core, his songs are simultaneously humanistic and transcendent. And as such, they-and he-continue to be relevant, and will certainly remain a valuable part of our cultural heritage for a long time to come.

I've Got John Sherry Ann White,2013-04-29 Is it possible that I was once a woman who lived first in New Orleans, then in New York City in the 1800s? The next nine chapters chronicle the life and times of a woman by the name of Sarah Anne Wells, who was later in her lifetime known as Sunflower. Most of the information within this biography has been given to me through messages in the form of synchronistic coincidence and spiritual readings, private prayer and meditation, hypnotic past-life regression session, spirit photographs, and through meeting many people in this life whom I am sure were a part of my past lifetime. Ive had many dreams later come true. Ive also been given little physical gifts that are difficult to explain as just coincidence. These gifts were given to me from someone on the other side of the looking glass. Once I accepted the possibility that it was possible to communicate with those on the other side of this reality, the memories of Sarahs life came to me quite easily. They continue to this day. As I wrote each chapter of her life, she began to feel very real to me. I began to hear her voice, feel how her clothing felt next to her skin, and see her image in my minds mirror. Born into slavery then sold into prostitution, I learned through many messages how difficult it was for her to just survive. My reason for putting all of these messages from Spirit into words is simple. If by reading my book, it provides some comfort and hope, then all the efforts by not only me but all those on the other side of reality, has meaning. WE ARE ONE

John & Paul Ian Leslie,2025-04-08 A new take on a legendary partnership...Thoroughly delightful...Fans will love this fresh, insightful approach to the band. —Kirkus Reviews (Starred Review) John Lennon and Paul McCartney knew each other for twenty-three years, from 1957 to 1980. This book is the myth-shattering biography of a relationship that changed the cultural history of the world. The Beatles shook the world to its core in the 1960's and, to this day, new generations continue to fall in love with their songs and their story. At the heart of this phenomenon lies the dynamic between John Lennon and Paul McCartney. Few other musical partnerships have been rooted in such a deep, intense and complicated personal relationship. John and Paul's relationship was defined by its complexity: compulsive, tender and tempestuous; full of longing, riven by jealousy. Like the band, their relationship was always in motion, never in equilibrium for long. John & Paul traces its twists and turns and reveals how these shifts manifested themselves in the music. The two of them shared a private language, rooted in the stories, comedy and songs they both loved as teenagers, and later, in the lyrics of Beatles songs. In John & Paul, acclaimed writer Ian Leslie uses the songs they wrote to trace the shared journey of these two compelling men before, during, and after The Beatles. Drawing on recently released footage and recordings, Leslie offers us an intimate and insightful new look at two of the greatest icons in music history, and rich insights into the nature of creativity, collaboration, and human intimacy.

Killings Stars, toured the world & enjoyed numerous hits while holding on to an integrity they forged through the revolution of punk & new wave. Inevitably, the hits dried up, his time ran out. He's now a washed up alcoholic.
