Summary of Cleavage SellWave Audio, 2025-10-28 Jennifer Finney Boylan's *Cleavage* offers an intimate, reflective, and often humorous exploration of identity, belonging, and the evolving landscape of gender in modern America. Two decades after her groundbreaking memoir *She's Not There*—the first bestselling book by a transgender American—Boylan returns with a renewed perspective on what it means to live authentically in a world that has grown both more open and more divided. The book contrasts the warmth and support Boylan encountered when she came out in 2000 with the growing climate of fear and hostility that marks today's conversations about gender. Yet *Cleavage* reaches far beyond politics or public discourse—it's a meditation on how gender shapes every part of our lives, from the way we inhabit our bodies to the passage of time, from friendships that fade to those that endure. Through a series of deeply personal essays, Boylan reflects on her womanhood and the men who once influenced her, piecing together the fragments of her identity as a writer, activist, parent, and spouse. With her signature blend of humor and tenderness, Boylan captures the tension of living between worlds—the sense of liminality that never quite disappears, even after transformation. Still, through love and human connection, she discovers moments of clarity and joy that transcend gender altogether. Witty, insightful, and profoundly moving, *Cleavage* celebrates resilience and redefinition. It's a testament to the power of embracing one's truth and an invitation to imagine a future where everyone is free to live fully—as men, as women, or somewhere beautifully in between.

Mad Honey, Original Author, Jodi Picoult, Jennifer Finney Boylan, 2023 Olivia McAfee understands rebirth. Her perfect life—living in Boston, married to a brilliant cardiothoracic surgeon, and raising their beautiful son Asher—was upended when her husband revealed a darker side. She never imagined returning to her sleepy New Hampshire hometown, living in her childhood home, and running her father's beekeeping business. Lily Campanello has done-overs too. She and her mom hope to start over in Adams, New Hampshire, for her senior year. Olivia and Lily need these fresh starts for a while. Asher falls for the new girl, and Lily falls for him. First happy with Ash. . . Olivia insists her son is innocent. But she can't deny Ash's flashes of his father's temper, and as the case against him unfolds, she realizes he's kept more from her.

Change of Heart Jodi Picoult, 2023-03-28 The acclaimed #1 New York Times bestselling author presents a spellbinding tale of a mother's tragic loss and one man's last chance at gaining salvation. Once again, Picoult mesmerizes and enthralls readers with this story of redemption, justice, and love.

The Book of Two Ways Jodi Picoult, 2020-10-20 Order Jodi Picoult's stunning new novel about life, death, and missed opportunities. THE #1 NEW YORK TIMES BESTSELLER 'A writer the world should be reading right now.' Independent Who would you be, if you hadn't turned out to be the person you are now? Dawn is a death doula, and spends her life helping people make the final transition peacefully. But when the plane she's on plummets, she finds herself thinking not of the perfect life she has, but the life she was forced to abandon fifteen years ago - when she left behind a career in Egyptology, and a man she loved. Against the odds, she survives, and the airline offers her a ticket to wherever she needs to get to - but the answer to that question suddenly seems uncertain. As the path of her life forks in two very different directions, Dawn must confront questions she's never truly asked: what does a well-lived life look like? What do we leave behind when we go? And do we make our choices, or do our choices make us? Two possible futures. One impossible choice. -----
----- 'It is hard to exaggerate how well Picoult writes.' Financial Times 'A matchless talent for hitting emotional notes.' Irish Times 'A wise, cerebral, propulsive adventure . . . eruditely spans the worlds of Egyptology, university physics and end-of-life care, while never losing sight of its high-stakes human story . . . a captivatingly immersive, multilayered, painstakingly researched and impressively realised exploration of deeply human geographies.' The Sunday Times 'This complex, time-shifting romance combines moral hazard with Wuthering Heights echoes and degree-level Egyptology. And there aren't many books you can say that about.' Daily Mail
