Mother Teresa Quotes, Wisdoms, Stories and Thoughts Dr Hulk, 2020-12-22 Mother Teresa was born Agnes Gonxha Bojaxhiu in Skopje, Macedonia, on August 26, 1910. Her family was of Albanian descent. At the age of twelve, she felt strongly the call of God. She knew she had to be a missionary to spread the love of Christ. At the age of eighteen she left her parental home in Skopje and joined the Sisters of Loreto, an Irish community of nuns with missions in India. After a few months' training in Dublin she was sent to India, where on May 24, 1931, she took her initial vows as a nun. From 1931 to 1948 Mother Teresa taught at St. Mary's High School in Calcutta, but the suffering and poverty she glimpsed outside the convent walls made such a deep impression on her that in 1948 she received permission from her superiors to leave the convent school and devote herself to working among the poorest of the poor in the slums of Calcutta. Although she had no funds, she depended on Divine Providence, and started an open-air school for slum children. Soon she was joined by voluntary helpers, and financial support was also forthcoming. This made it possible for her to extend the scope of her work. On October 7, 1950, Mother Teresa received permission from the Holy See to start her own order, The Missionaries of Charity, whose primary task was to love and care for those persons nobody was prepared to look after. In 1965 the Society became an International Religious Family by a decree of Pope Paul VI. Today the order comprises Active and Contemplative branches of Sisters and Brothers in many countries. In 1963 both the Contemplative branch of the Sisters and the Active branch of the Brothers was founded. In 1979 the Contemplative branch of the Brothers was added, and in 1984 the Priest branch was established. The Society of Missionaries has spread all over the world, including the former Soviet Union and Eastern European countries. They provide effective help to the poorest of the poor in a number of countries in Asia, Africa, and Latin America, and they undertake relief work in the wake of natural catastrophes such as floods, epidemics, and famine, and for refugees. The order also has houses in North America, Europe and Australia, where they take care of the shut-ins, alcoholics, homeless, and AIDS sufferers. The Missionaries of Charity throughout the world are aided and assisted by Co-Workers who became an official International Association on March 29, 1969. By the 1990s there were over one million Co-Workers in more than 40 countries. Along with the Co-Workers, the lay Missionaries of Charity try to follow Mother Teresa's spirit and charism in their families. Mother Teresa's work has been recognized and acclaimed throughout the world and she has received a number of awards and distinctions, including the Pope John XXIII Peace Prize (1971) and the Nehru Prize for

her promotion of international peace and understanding (1972). She also received the Balzan Prize (1979) and the Templeton and Magsaysay awards.

Beneath the Roar and Tumult Rachel Wheeler, Karen E. Eifler, 2025-10-26 How do Catholic university faculty attend to and support the prophetic imaginations of their students? Among the treasures of the Catholic intellectual tradition, two are especially vital for contemporary Catholic education: the sacramental imagination and prophetic imagination. A sacramental imagination, as illuminated in this book's companion *Becoming Beholders*, posits that God is made manifest in all the academic life. But that reality of beauty and goodness must be held in tension with the prophetic imagination—a worldview that is acutely attuned to injustices and looks with creative eyes towards a more peaceful and equitable world. Composed of essays by faculty in Catholic higher education in various fields, *Beneath the Roar and Tumult* addresses this tension, with insight into practical strategies for attending to the prophetic imagination in the classroom. In the classroom, educators are called on to create spaces for their students to grapple with inequalities and to dream of an actionable way forward while cultivating a more wholistic vision of academic life in solidarity with the world outside of it. *Beneath the Roar and Tumult* offers practical guidance for fostering inclusion and belonging in college classrooms to provide a space where the prophetic imagination is embraced.

Pearls of Wisdom Mamutty Chola, 2019-07-09 The book — Pearls of wisdom presents a historical and panoramic view of human civilization. It is a compilation of quotes /sayings of prophets, philosophers, thinkers, poets, emperors, politicians and business tycoons; on various aspects of human lives; be it religions, ethics, morals, business, principles of governance, evolution of science and technology, besides quotes on Nature, Earth, Soul, Love, Beauty, Human Minds, Human Hearts, and Eyes. There are quotes about the qualities of animals; like Dog, Horse, Lion and their influence on human lives. There are in all 26 sections chapters as reflected in the Index. On perusal of these quotes following facts emerge: 1) The human race loves to live in peace. The religions, though was intended to achieve peace in society, have unfortunately been one of the main reasons for wars, crimes, destruction, and genocides because of the intolerance among the believers since faith is blind.

Rationality had been and is the first casualty. 2) All the religions are the gifts of the East. The gifts of the west are communism and Atheism. 3) Things once considered as blasphemies have come to be accepted as truth. The example of Galileo Galilei is remarkable. 5)The governing principles have been evolutionary. There can never be a uniformed pattern of governance as peoples differ in their thinking and beliefs for that reasons there have been clashes of civilization down the ages. 6)The exploration of our solar systems is the result of endless and insatiable urge in man to unravel nature. The achievements of science and technology belong to the whole of humanity. I have tried to present a snapshot profile of March of human civilization through the voices of the great minds ever walked on mother earth. This compilation will serve as ready reckoner
