H. G. Wells Quotes... Vol. 27 H. G. Wells, The Secret Libraries, 2017-02-07 This book provides a selected collection of 190 quotes from the works of Herbert George Wells. Human history becomes more and more a race between education and catastrophe. Our true nationality is mankind. We all have our time machines, don't we. Those that take us back are memories... And those that carry us forward, are dreams. Quotes... Vol. 27 - H. G. Wells - Published by The SECRET Libraries Motivational & Inspirational Life Quotes by H. G. Wells (Philosophy quotation book)

H. G. Wells' Little Book of Selected Quotes Vienna Imprints, 2022-10-03 New and stirring things are belittled because if they are not belittled the humiliating question arises, 'Why then are you not taking part in them?' H. G. Wells Selected Quotes by H. G. Wells now at your fingertips Perfect for casual reading, taking ideas, or inspiration Makes for a great gift choice -- A time when all such good things will be for all men may be coming more nearly than we think. Each one who believes that brings the good time nearer; each heart that fails delays it. H. G. Wells -- Every citizen knows his place. He is born to that place, and the elaborate discipline of training and education and surgery he undergoes fits him at last so completely to it that he has neither ideas nor organs for any purpose beyond it. H. G. Wells -- A time will come when a politician who has willfully made war and promoted international dissension will be as sure of the dock and much surer of the noose than a private homicide. It is not reasonable that those who gamble with men's lives should not stake their own. H. G. Wells

Moving Forward with Power and Victory Rhonda Jennifer, 2019-11-15 You are being gifted with the greatest opportunity ever, the freedom to move forward. You have the open pathway free without any ulterior motives that would prevent you moving forward without guilt, condemnation or shame. The journey forward has a process that pulls away the many layers

we have. Working through the layers and putting in the work is well worth it. No longer will you be co-dependent to seek others approval; no longer will you seek validation of who or what you are. Your willingness to allow the teachings provided and allowing them to resonate will lead you forward into a greater healing than ever before.

Quotes by H. G. Wells Lilith Regan,2020-03-28 If you fell down yesterday, stand up today.Adapt or perish, now as ever, is nature's inexorable imperative.If we don't end war, war will end us.Our true nationality is mankind.Moral indignation is jealousy with a halo.Beauty is in the heart of the beholder.History is a race between education and catastrophe.The crisis of today is the joke of tomorrow.Human history becomes more and more a race between education and catastrophe.Advertising is legalized lying.

The Star, the Original Short Story H. G. Wells,2015-11-17 (The Star, H G Wells)The complete original short story,Includes:Famous quotes of H G Wells,Complete bibliography of H G Wells,Biography of H G Wells,It was on the first day of the New Year that the announcement was made, almost simultaneously from three observatories, that the motion of the planet Neptune, the outermost of all the planets that wheel about the sun, had become very erratic. Ogilvy had already called attention to a suspected retardation in its velocity in December. Such a piece of news was scarcely calculated to interest a world the greater portion of whose inhabitants were unaware of the existence of the planet Neptune, nor outside the astronomical profession did the subsequent discovery of a faint remote speck of light in the region of the perturbed

planet cause any very great excitement. Scientific people, however, found the intelligence remarkable enough, even before it became known that the new body was rapidly growing larger and brighter, that its motion was quite different from the orderly progress of the planets, and that the deflection of Neptune and its satellite was becoming now of an unprecedented kind.

Woman of Valor Ellen Chesler, 2007-10-16 This illuminating biography of Margaret Sanger—the woman who fought for birth control in America—describes her childhood, her private life, her relationships with Emma Goldman and John Reed, her public role, and more. Margaret Sanger went to jail in 1917 for distributing contraceptives to immigrant women in a makeshift clinic in Brooklyn. She died a half-century later, just after the Supreme Court guaranteed constitutional protection for the use of contraceptives. Now, Ellen Chesler provides an authoritative and widely acclaimed biography of this great emancipator, whose lifelong struggle helped women gain control over their own bodies. An idealist who mastered practical politics, Sanger seized on contraception as the key to redistributing power to women in the bedroom, the home, and the community. For fifty years, she battled formidable opponents ranging from the US Government to the Catholic Church. Her crusade was both passionate and paradoxical. She was an advocate of female solidarity who often preferred the company of men; an adoring mother who abandoned her children; a socialist who became a registered Republican; a sexual adventurer who remained an incurable romantic. Her comrades-in-arms included Emma Goldman and John Reed; her lovers, Havelock Ellis and H.G. Wells. Drawing on new information from archives and interviews, Chesler illuminates Sanger's turbulent personal story as well as the history of the birth control movement. An intimate biography of a visionary rebel, *Woman of Valor* is also an epic story that extends from the radical movements of pre-World War I to the family planning initiatives of the Great Society. At a time when women's reproductive and sexual autonomy is once again under attack, this landmark biography is indispensable reading for the generations in debt to Sanger for the freedoms they take for granted.

Anticipations, the Original Publication (Annotated) H. G. Wells, 2015-11-04 (*Anticipations*, H G Wells) Includes: famous quotes of H G Wells, Complete bibliography of H G Wells, Biography of H G Wells, Recommended reading list, It is proposed in this book to present in as orderly an arrangement as the necessarily diffused nature of the subject admits, certain speculations about the trend of present forces, speculations which, taken all together, will build up an imperfect and very hypothetical, but sincerely intended forecast of the way things will probably go in this new century. Necessarily diffidence will be one of the graces of the performance. Hitherto such forecasts have been presented almost invariably in the form of fiction, and commonly the provocation of the satirical opportunity has been too much for the writer; the narrative form becomes more and more of a nuisance as the speculative inductions become sincerer, and here it will be abandoned altogether in favour of a texture of frank inquiries and arranged considerations. Our utmost aim is a rough sketch of the coming time, a prospectus, as it were, of the joint undertaking of mankind in facing these impending years. The reader is a

prospective shareholder-he and his heirs-though whether he will find this anticipatory balance-sheet to his belief or liking is another matter.

Taking the Town Kolan Thomas Morelock, 2008-08-22 The relationship between a town and its local institutions of higher education is often fraught with turmoil. The complicated tensions between the identity of a city and the character of a university can challenge both communities. Lexington, Kentucky, displays these characteristic conflicts, with two historic educational institutions within its city limits: Transylvania University, the first college west of the Allegheny Mountains, and the University of Kentucky, formerly State College. An investigative cultural history of the town that called itself The Athens of the West, *Taking the Town: Collegiate and Community Culture in Lexington, Kentucky, 1880-1917* depicts the origins and development of this relationship at the turn of the twentieth century. Lexington's location in the upper South makes it a rich region for examination. Despite a history of turmoil and violence, Lexington's universities serve as catalysts for change. Until the publication of this book, Lexington was still characterized by academic interpretations that largely consider Southern intellectual life an oxymoron. Kolan Thomas Morelock illuminates how intellectual life flourished in Lexington from the period following Reconstruction to the nation's entry into the First World War. Drawing from local newspapers and other primary sources from around the region, Morelock offers a comprehensive look at early town-gown dynamics in a city of contradictions. He illuminates Lexington's identity by investigating the lives of some influential personalities from the era, including Margaret Preston and Joseph Tanner. Focusing on literary societies and dramatic clubs, the author inspects the impact of social and educational university organizations on the town's popular culture from the Gilded Age to the Progressive Era. Morelock's work is an enlightening analysis of the intersection between student and citizen intellectual life in the Bluegrass city during an era of profound change and progress. *Taking the Town* explores an overlooked aspect of Lexington's history during a time in which the city was establishing its cultural and intellectual identity.
