George Crabb

The Laws of Heredity George Archdall Reid, 1910

Awakening in the Dream David Wilcock, 2021-08-10 New York Times bestselling author David Wilcock's latest captivating work of nonfiction, exploring new hidden truths about extraterrestrials, dreams, sacred science, channeling your Higher Self, and Ascension What happens when a UFO researcher suddenly comes into telepathic contact with the very beings he has been so avidly studying, after years of increasingly provocative dreams? What happens when these telepathic readings begin predicting the future with astonishing precision—and speaking about an incredible upcoming event in which all life in our solar system will undergo a spontaneous transfiguration? David Wilcock is a master at weaving together cutting-edge alternative science, shocking insider information, and his own personal experiences to reveal stunning truths about humanity, positive and negative extraterrestrials, lost civilizations, and the universe we share. In *Awakening in the Dream*, David once again combines his extensive research, the Law of One series, new insider revelations, and his own connection with the divine to bring humanity closer to full disclosure than ever before—as well as to help us activate our full potential on the eve of Ascension. A New York Times bestselling author, TV personality, filmmaker, lecturer, and consciousness expert, David is the perfect person to guide us through the hidden realities of our world. With its myriad information, anecdotes, big picture comparative analysis with over six hundred references, and trustworthy messages channeled directly from the highest-level angelic sources, including a remarkable set of future prophecies built into the Great Pyramid itself, *Awakening in the Dream* promises to be his most astounding book yet.
