

The Politics Of The English Language

Marnie Holborow

Politics and the English Language George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play.

The Politics of English as a World Language Christian Mair, 2003 The complex politics of English as a world language provides the backdrop both for linguistic studies of varieties of English around the world and for postcolonial literary criticism. The present volume offers contributions from linguists and literary scholars that explore this common ground in a spirit of open interdisciplinary dialogue. Leading authorities assess the state of the art to suggest directions for further research, with substantial case studies ranging over a wide variety of topics - from the legitimacy of language norms of lingua franca communication to the recognition of newer post-colonial varieties of English in the online OED. Four regional sections treat the Caribbean (including the diaspora), Africa, the Indian subcontinent, and Australasia and the Pacific Rim. Each section maintains a careful balance between linguistics and literature, and external and indigenous perspectives on issues. The book is the most balanced, complete and up-to-date treatment of the topic to date.

Politics and the English Language George Orwell, 1947

English Around the World Jenny Cheshire, 1991-04-26 The social development of English as a world language emerges from a comprehensive account of our current knowledge of it as well as the gaps in understanding which future research can remedy.

The Politics of English Marnie Holborow, 1999-10-06 'A very welcome and much-needed broadening of current theoretical perspectives' - Professor Norman Fairclough, University of Lancaster This book offers a major reappraisal of the

role of language in the social world. Focusing on three main areas - the global spread of English; Standard English; and language and sexism - *The Politics of English*: examines World English in relation to international capitalism and colonialism; analyzes the ideological underpinnings of the debate about Standard English; and locates sexism in language as arising from social relations. Locating itself in the classical Marxist tradition, this book shows how language is both shaped by, and contributes to social life.

The Politics of English Language Education and Social Inequality Maya Kalyanpur, Padmini Bhuyan Boruah, Sarina Chugani Molina, Sunaina Shenoy, 2022-12-30 Based on policy analysis and empirical data, this book examines the problematic consequences of colonial legacies of language policies and English language education in the multilingual contexts of the Global South. Using a postcolonial lens, the volume explores the raciolinguistics of language hierarchies that results in students from low-income backgrounds losing their mother tongues without acquiring academic fluency in English. Using findings from five major research projects, the book analyzes the specific context of India, where ambiguous language policies have led to uneasy tensions between the colonial language of English, national and state languages, and students' linguistic diversity is mistaken for cognitive deficits when English is the medium of instruction in schools. The authors situate their own professional and personal experiences in their efforts at dismantling postcolonial structures through reflective practice as teacher educators, and present solutions of decolonial resistance to linguistic hierarchies that include critical pedagogical alternatives to bilingual education and opportunities for increased teacher agency. Ultimately, this timely volume will appeal to researchers, scholars, academics, and students in the fields of international and comparative education, English and literacy studies, and language arts more broadly. Those interested in English language learning in low-income countries specifically will also find this book to be of benefit to their research.

Orwell and the Politics of Despair Alok Rai, 1988 Drawing on a wide range of Orwell's writing Rai charts his progression from rebellion through reconciliation to despair.

George Orwell, 'Politics and the English Language,' 1946, Vincent Ferraro presents the full text of a 1946 essay entitled *Politics and the English Language*, written by English writer Eric Arthur Blair (1903-1950), who used the pseudonym George Orwell. Blair discusses the alleged decline of the English language and notes the trite imagery and lack of precision found in examples of contemporary writing. Blair also suggests ways to improve the quality of one's writing.

George Orwell Politics and The English Language George Orwell, 1946 *Politics and the English Language* (1946) is an essay by George Orwell that criticised the ugly and inaccurate written English of his time and examines the connection between political orthodoxies and the debasement of language. The essay focuses on political language, which, according to Orwell, is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind. Orwell believed that the language used was necessarily vague or meaningless because it was intended to hide the truth

rather than express it. This unclear prose was a contagion which had spread to those who did not intend to hide the truth, and it concealed a writer's thoughts from himself and others. Orwell encourages concreteness and clarity instead of vagueness, and individuality over political conformity. Orwell relates what he believes to be a close association between bad prose and oppressive ideology: In our time, political speech and writing are largely the defence of the indefensible. Things like the continuance of British rule in India, the Russian purges and deportations, the dropping of the atom bombs on Japan, can indeed be defended, but only by arguments which are too brutal for most people to face, and which do not square with the professed aims of political parties. Thus political language has to consist largely of euphemism, question-begging and sheer cloudy vagueness. Defenceless villages are bombarded from the air, the inhabitants driven out into the countryside, the cattle machine-gunned, the huts set on fire with incendiary bullets: this is called pacification. Millions of peasants are robbed of their farms and sent trudging along the roads with no more than they can carry: this is called transfer of population or rectification of frontiers. People are imprisoned for years without trial, or shot in the back of the neck or sent to die of scurvy in Arctic lumber camps: this is called elimination of unreliable elements. Such phraseology is needed if one wants to name things without calling up mental pictures of them. One of Orwell's points is: The great enemy of clear language is insincerity. When there is a gap between one's real and one's declared aims, one turns as it were instinctively to long words and exhausted idioms, like a cuttlefish spurting out ink. The insincerity of the writer perpetuates the decline of the language as people (particularly politicians, Orwell later notes) attempt to disguise their intentions behind euphemisms and convoluted phrasing. Orwell says that this decline is self-perpetuating. He argues that it is easier to think with poor English because the language is in decline; and, as the language declines, foolish thoughts become even easier, reinforcing the original cause: A man may take to drink because he feels himself to be a failure, and then fail all the more completely because he drinks. It is rather the same thing that is happening to the English language. It becomes ugly and inaccurate because our thoughts are foolish, but the slovenliness of our language makes it easier to have foolish thoughts.

Orwell's *"Politics and the English Language"* in the *Age of Pseudocracy* Hans A. Ostrom, William Haltom, 2018 Orwell's *Politics and the English Language in the Age of Pseudocracy* visits the essay as if for the first time, clearing away lore about the essay and responding to the prose itself. It shows how many of Orwell's rules and admonitions are far less useful than they are famed to be, but it also shows how some of them can be refurbished for our age, and how his major claim—that politics corrupts language, which then corrupts political discourse further, and so on indefinitely—can best be re-deployed today. *Politics and the English Language* has encouraged generations of writers and readers and teachers and students to take great care, to be skeptical and clear-sighted. The essay itself requires a fresh, clear, skeptical analysis so that it can, with reapplication, reclaim its status as a touchstone in our era of the rule of falsehood: the age of pseudocracy.

The Local Politics of Global English Selma K. Sonntag, 2003-01-01 The Local Politics of Global English analyzes linguistic

globalization in five countries that differ greatly in both their degree of global integration and their use of English. Concepts of hegemony and resistance, elites and subalterns, and liberalization and democratization are incorporated in case studies that provide insight into the politics of linguistic globalization from above and below.

The Cultural Politics of English as an International Language Alastair Pennycook, 2017-03-16 Covering a wide range of areas including international politics, colonial history, critical pedagogy, postcolonial literature and applied linguistics, this book examines ways to understand the cultural and political implications of the global spread of English. Including a useful mixture of theory, research and practice, this will be of use to advanced students of education, English and applied linguistics, for courses on teaching second languages, critical pedagogy, comparative education and world Englishes. It will also be of interest to students of postcolonial literature and international relations.

The Politics of English in Hong Kong Jette G. Hansen Edwards, 2018-12-07 The focus of this book is on the impact of politics on language and identity in Hong Kong. The book is the first study to track real time language attitude changes against a divisive political landscape. It is also the most comprehensive study of language attitudes in Hong Kong to date, taking place over four years with over 1600 participants. Through both survey and interview data, a multifaceted portrait of language change in progress is presented, providing a more nuanced and complex view of language and identity than has previously been presented. The book examines the status of Hong Kong English in the light of attitudes towards Cantonese, English, and Putonghua, providing a deeper analysis of the linguistic complexity of Hong Kong; it can be argued that one cannot understand attitudes towards Hong Kong English without fully understanding the status and use of English in Hong Kong today. The book also presents a complex examination of language attitudes in Hong Kong by focusing not only on the what of language attitudes, but also the question of for whom, through an analysis of language attitudes by gender, age, identity, and speaking HKE.

The Politics of Language, 1791-1819 Olivia Smith, 1986 A compelling account of the relationship of language and politics, this study illustrates how language reinforced class distinctions in 18th- and 19th-century England. During this repressive period, concepts of vulgar and refined language reinforced class distinctions and, at moments of political conflict--such as trials for sedition--these ideas were used to deny political and social rights to those deemed vulgar. Smith also examines the radical literati and self-educated leaders who challenged the accepted politics of language--among them Wordsworth, Coleridge, Spence, and Cobbett.

Politics and the English Language: By George Orwell Hardcover Book George Orwell, 2020-08-07 Politics and the English Language (1946) is an essay by George Orwell that criticised the ugly and inaccurate written English of his time and examines the connection between political orthodoxies and the debasement of language. The essay focuses on political language, which, according to Orwell, is designed to make lies sound truthful and murder respectable, and to give an

appearance of solidity to pure wind. Orwell believed that the language used was necessarily vague or meaningless because it was intended to hide the truth rather than express it. This unclear prose was a contagion which had spread to those who did not intend to hide the truth, and it concealed a writer's thoughts from himself and others. Orwell encourages concreteness and clarity instead of vagueness, and individuality over political conformity. Remedy of Six Rules. Orwell said it was easy for his contemporaries to slip into bad writing of the sort he had described and that the temptation to use meaningless or hackneyed phrases was like a packet of aspirins always at one's elbow. In particular, such phrases are always ready to form the writer's thoughts for him, to save him the bother of thinking-or writing-clearly. However, he concluded that the progressive decline of the English language was reversible[and suggested six rules which, he claimed, would prevent many of these faults, although one could keep all of them and still write bad English. Never use a metaphor, simile, or other figure of speech which you are used to seeing in print. (Examples that Orwell gave included ring the changes, Achilles' heel, swan song, and hotbed. He described such phrases as dying metaphors and argued that they were used without knowing what was truly being said. Furthermore, he said that using metaphors of this kind made the original meaning of the phrases meaningless, because those who used them did not know their original meaning. He wrote that some metaphors now current have been twisted out of their original meaning without those who use them even being aware of the fact.) Never use a long word where a short one will do. If it is possible to cut a word out, always cut it out. Never use the passive where you can use the active. Never use a foreign phrase, a scientific word, or a jargon word if you can think of an everyday English equivalent. Break any of these rules sooner than say anything outright barbarous.

Political English Thomas Docherty, 2019 From post-truth politics to 'no-platforming' on university campuses, the English language has been both a potent weapon and a crucial battlefield for our divided politics. In this important and wide-ranging intervention, Thomas Docherty explores the politics of the English language, its implication in the dynamics of political power and the spaces it offers for dissent and resistance. From the authorised English of the King James Bible to the colonial project of University English Studies, this book develops a powerful history for contemporary debates about propaganda, free speech and truth-telling in our politics. Taking examples from the US, UK and beyond - from debates about the Second Amendment and free-speech on campus, to the Iraq War and the Grenfell Tower fire - this book is a powerful and polemical return to Orwell's observation that a degraded political language is intimately connected to an equally degraded political culture.-- Bloomsbury Publishing

The Rise of English Rosemary Salomone, Rosemary C. Salomone, 2022 A sweeping account of the global rise of English and the high-stakes politics of language. Spoken by a quarter of the world's population, English is today's lingua franca - its common tongue. The language of business, popular media, and international politics, English has become commodified for its economic value and increasingly detached from any particular nation. This meteoric rise of English has many obvious

benefits to communication. Tourists can travel abroad with greater ease. Political leaders can directly engage their counterparts. Researchers can collaborate with foreign colleagues. Business interests can flourish in the global economy. But the rise of English has very real downsides as well. In Europe, imperatives of political integration and job mobility compete with pride in national language and heritage. In the United States and England, English isolates us from the cultural and economic benefits of speaking other languages. And in countries like India, South Africa, Morocco, and Rwanda, it has stratified society along lines of English proficiency. In *The Rise of English*, Rosemary Salomone offers a commanding view of the unprecedented spread of English and the far-reaching effects it has on global and local politics, economics, media, education, and business. From the inner workings of the European Union to linguistic battles over influence in Africa, Salomone draws on a wealth of research to tell the complex story of English - and, ultimately, to argue for English not as a force for domination but as a core component of multilingualism and the transcendence of linguistic and cultural borders.

Unequal Englishes R. Tupas, 2015-05-26 This book proposes, examines and unpacks the notion of unequal Englishes as a way to understand English today. Unlike many studies on the pluralization of English, the volume assumes that inequalities and Englishes are inextricably linked and must be understood and theorized together.

The Politics of Language Carol L. Schmid, 2001 This volume surveys and analyzes the historical background of recent controversies over language in the US, and compares the country to two official multilingual societies: Canada and Switzerland.; This book should be suitable for courses in linguistics, political science, and sociology. It is intended for undergraduate students and graduate students interested in the relationship between language and race, ethnic relations, and political sociology.

The Politics of English in South Africa Patricia Patkovszky, 2009-01-30 Seminar paper from the year 2008 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2,0, Humboldt-University of Berlin (Department of English and American Studies), course: The Politics of English as a Global Language, 19 entries in the bibliography, language: English, abstract: Before one can start discussing the language policy of South Africa, it is important to stress its diversity of language and culture groups. Around 25 languages are used in South Africa by more than 44.8 million people. That is the result of the influx of various groups of people to that region over the last centuries, meaning not only the by the African themselves, but also by people from Europe (Portuguese, Dutch, French, Germans, and British) and also from the East (Malaysia, Indonesia and India). Nevertheless, the majority of South Africans, almost 80% of the population, use an African language as their home language. The language situation in South Africa has for a long time been, and still is, quite difficult. Here, the indigenous languages of the South African people met with the European languages of the colonists, intermixed and coexisted with the many languages that were already spoken as mother tongues or as first languages. Like in many other former colonies, the European languages had then been used by those who held political

power, and who considered the African languages as inferior. Both the European (English and Afrikaans) and the African languages were therefore distinguished into two varieties of prestige and referred to as H (high) or L (low) languages. [...] However, until today, the linguistic situation in South Africa is still quite difficult. Especially the use of English is a problematic one. Therefore this paper intends to give an overview of the politics of English in South Africa. Even though this paper wants to concentrate on the current status of English in South Africa, it is necessary to make a digression into the la

The Captivating World of E-book Books: A Thorough Guide Unveiling the Advantages of Kindle Books: A World of Ease and Flexibility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the constraints of physical books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in shops. E-book devices, sleek and lightweight, effortlessly store an extensive library of books, allowing readers to immerse in their favorite reads anytime, everywhere. Whether traveling on a busy train, relaxing on a sunny beach, or simply cozying up in bed, Kindle books provide an unparalleled level of convenience. A Reading Universe Unfolded: Exploring the Wide Array of E-book The Politics Of The English Language The Politics Of The English Language The Kindle Store, a virtual treasure trove of bookish gems, boasts an wide collection of books spanning varied genres, catering to every readers taste and preference. From captivating fiction and mind-stimulating non-fiction to classic classics and contemporary bestsellers, the E-book Store offers an exceptional variety of titles to explore. Whether seeking escape through immersive tales of imagination and exploration, delving into the depths of historical narratives, or expanding ones understanding with insightful works of science and philosophical, the Kindle Shop provides a doorway to a bookish world brimming with limitless possibilities. A Transformative Factor in the Literary Scene: The Lasting Influence of E-book Books The Politics Of The English Language The advent of E-book books has certainly reshaped the literary landscape, introducing a paradigm shift in the way books are released, disseminated, and read. Traditional publishing houses have embraced the digital revolution, adapting their approaches to accommodate the growing need for e-books. This has led to a surge in the availability of Kindle titles, ensuring that readers have access to a vast array of literary works at their fingertips. Moreover, Kindle books have equalized entry to books, breaking down geographical barriers and offering readers worldwide with equal opportunities to engage with the written word. Irrespective of their place or socioeconomic background, individuals can now engross themselves in the captivating world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience The Politics Of The English Language E-book books The Politics Of The English Language , with their inherent convenience, versatility, and wide array of titles, have unquestionably transformed the way we experience literature. They offer readers the freedom to explore the limitless realm of written expression, whenever, anywhere. As we continue to travel the ever-

evolving digital scene, E-book books stand as testament to the persistent power of storytelling, ensuring that the joy of reading remains accessible to all.

The Politics Of The English Language Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its

research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Politics Of The English Language free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless

experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Politics Of The English Language free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and

genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Politics Of The English Language free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading The Politics Of The English Language. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms

mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Politics Of The English Language any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Politics Of The English Language Books

1. Where can I buy The Politics Of The English Language books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more

- expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Politics Of The English Language book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
 4. How do I take care of The Politics Of The English Language books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range

- of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
