The Week in Germany ,1998

Directory of Research Grants 2008 Schoolhouse Partners Llc,2008-05 It was the 50s and life was simple, until September 25, 1954. That was the night that would be etched in the memory of the citizens of Stanfield, Massachusetts. The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city. A fourteen-year-old girl, and the four-year-old boy in her care were murdered at the hands of a deranged, depraved killer. A Thread of Evidence places the reader at the scene of the crime, an eye witness to the senseless stabbing of two innocent children. With a piece of crochet thread as their only clue, the entire police department, lead by detectives Steven Logan and Raymond Gage, scour the city in search of a maniacal savage. When all tips and leads have been exhausted, they review all evidence. They come back to the thread. The only real evidence. With tenacity and perseverance of Logan and Gage the killer is apprehended. The reader experiences the twists and turns of the investigation, and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence. A Thread of Evidence has been written as fiction, but inspired by an actual event. Fifty years later, it remains etched in the minds of all who had lived in the area. The author has researched court records, newspapers, interviewed neighbors, police and has drawn on personal recollections of the crime. The story has been recounted over and over and to this day, it continues to be discussed. A Thread of Evidence is a compelling account of superb detective work, and unprecedented dedication of an entire police department.

Judaism Musical and Unmusical Michael P. Steinberg,2007 Modernity gave rise to a Jewish consciousness that has increasingly distanced itself from the sacred in favor of worldliness and secularity. Judaism Musical and Unmusical traces the formulation of this secular Jewishness from its Enlightenment roots through the twentieth century to explore the infinite variations of modern Jewish experience in Central Europe and beyond. Engaging the work of such figures as Sigmund Freud, Walter Benjamin, Hannah Arendt, Charlotte Salomon, Arnaldo Momigliano, Leonard Bernstein, and Daniel Libeskind, Michael Steinberg shows how modern Jews advanced cosmopolitanism and multiplicity by helping to loosen--whether by choice or by necessity--the ties that bind any culture to accounts of its origins. In the process, Steinberg composes a mosaic

of texts and events, often distant from one another in time and place, that speak to his theme of musicality. As both a literal value and a metaphorical one, musicality opens the possibility of a fusion of aesthetics and analysis--a coupling analogous to European modernity's twin concerns of art and politics.
