**Tennyson Echoing Wordsworth** Jayne Thomas, 2019-03-14 Uncovering Wordsworth's influence on Tennyson This book explores Tennyson's poetic relationship with Wordsworth through a close analysis of Tennyson's borrowing of the earlier poet's words and phrases, an approach that positions Wordsworth in Tennyson's poetry in a more centralised way than previously recognised. Focusing on some of the most representative poems of Tennyson's career, including 'The Lady of Shalott', 'Ulysses' and 'In Memoriam', the study examines the echoes from Wordsworth that these poems contain and the transformative part they play in his poetry, moving beyond existing accounts of Wordsworthian influence in the selected texts to uncover new and revealing connections and interactions that shed a penetrating light on Tennyson's poetic relationship with his Romantic predecessor. **Key Features** First book-length study of Tennyson's poetic relationship with Wordsworth By focusing on echoes or parallel passages, book reevaluates Tennyson's poetic relationship with Wordsworth Reveals Wordsworth as the lynchpin of Tennyson's poetry Recalibrates critical estimates of Tennyson as poet, Poet Laureate and Post-Romantic poet

**The Cultural Legacies of Chinese Schools in Singapore and Malaysia** Cheun Hoe Yow, Jingyi Qu, 2021-02-28 This edited volume examines the historical development of Chinese-medium schools from the British colonial era to recent decades of divergent development after the 1965 separation of Singapore and Malaysia. Educational institutions have been a crucial state apparatus in shaping the cultural identity and ideology of ethnic Chinese in Singapore and Malaysia. This volume applies various perspectives from education theory to heritage studies in dealing with the cultural legacy and memory of such schools as situated in larger contexts of society. The book offers comprehensive practice-based analysis and reflection about the complex relationships between language acquisition, identity construction, and state formation from socio-political-cultural perspectives. It covers a broad range of aspects from identities of culture, gender, and religion, to the roles played by the state and the community in various aspects of education such as textbooks, cultural activities, and adult education, as well as the representation of culture in Chinese schools through cultural memory and literature. The readership includes academics, students and members of the public interested in the history and society of the Chinese diaspora, especially in South East Asia. This also appeals to scholars interested in a bilingual or multilingual outlook in education as well as diasporic studies.

You and Contemporary Poetry George Abbe,1965 Illustrated with over sixty examples from the work of twentieth century poets, this is a firm defense of the belief that poetry expresses ideas. These ideas are cast in the idiom contemporary to the poet, and image, diction, rhythm, and sound are as important as they have ever been. The reader must work to apprehend the poem, but their personal interpretation is valid, as long as it is based upon the words and the situation of the poem.

Pontification by critics and teachers endangers the poem, poetry, and the reader, for creation is a mystic process. Clearly written guide for students, teachers, and incipient poets.
