The Reception of Cleopatra in the Age of Mass Media Gregory N. Daugherty, 2022-10-06 This study examines the reception of Cleopatra from the beginning of the 20th century to the present day as it has been reflected in popular culture in the United States of America. Daugherty provides a broad overview of the influence of the Egyptian queen by looking at her presence in film, novels, comics, cartoons, TV shows, music, advertising and toys. The aim of the book is to show the different ways in which the figure of Cleopatra was able to reach a large and non-elite audience. Furthermore, Daugherty makes a study of the reception of Cleopatra during her own lifetime. He begins by looking at her portrayal in the vicious propaganda campaign waged by Octavian against his rival Marc Antony. The consequence was that Cleopatra was left with a tarnished reputation after the civil war. Daugherty's examination of both the historical and contemporary reception of Cleopatra shows the enduring legacy of one of history's most remarkable queens.

Queen of the Nile: A Graphic Novel (Cleopatra in Space #6) Mike Maihack, 2020-08-04 The extraordinary conclusion to Mike Maihack's thrilling graphic novel series starring a young Cleopatra and her adventures in space. Now an animated TV series streaming on Hulu and Peacock! The time has come for Cleo to fulfill the ancient prophecy that declares her a savior and a hero, a prophecy she still struggles to accept. Cleo is joined by old and new friends as they fight to defend the galaxy she's come to call home against the evil Xaius Octavian. The Queen of the Nile must summon the strength to face down her enemy one last time, and keep her friends -- and herself -- alive.

Cleopatra's Nose Daniel J. Boorstin, 2011-06-01 The Pulitzer Prize-winning author of *The Discoverers* demonstrates the truth behind the aphorism that if Cleopatra's nose had been shorter, the face of the world would have been changed. Boorstin goes on to uncover the elements of accident, improvisation and contradiction at the core of American institutions and beliefs.

Alternative Rock Dave Thompson, 2000-11 Provides profiles of solo performers, bands, producers, and record labels from the alternative rock movement, ranging from the mid-1970s to the present, and includes discographies, album reviews, and photographs.

The Oxford Dictionary of Quotations Elizabeth M. Knowles, 1999 This major new edition of *The Oxford Dictionary of Quotations* offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and

with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.

The Complete Works of W.R. Bion W. R. Bion, 2019-01-15 The Complete Works of W. R. Bion is now available in a coherent and corrected format. Comprising sixteen volumes bound in green cloth, this edition has been brought together and edited by Chris Mawson with the assistance of Francesca Bion. Incorporating many corrections to previously published works, it also features previously unpublished papers. Including a general index and editorial introductions to all the works, these volumes will be a useful and valuable aid to psychoanalytic scholars and clinicians, and all those interested in studying and making use of Bion's thinking. Bion's writings, including the previously unpublished papers and additions to his *Cogitations*, collected together in the Complete Works, show that the clinical thrust of Bion's work has clear lines of continuity with that of Melanie Klein, just as her work has an essential continuity with the later work of Freud. In Bion's clinical work and supervision the goal remains insightful understanding of psychic reality through a disciplined experiencing of the transference and countertransference; the setting and the method - however much Bion's terminology might suggest otherwise - remains rigorously psychoanalytic.

Oxford Dictionary of Quotations Elizabeth Knowles, 2014-09-18 The first edition of the Oxford Dictionary of Quotations was published in 1941 and for over 70 years this bestselling book has remained unrivalled in its coverage of quotations past and present. The eighth edition is a vast treasury of wit and wisdom spanning the centuries and providing the ultimate answer to the question, 'Who said that?' Find that half-remembered line in a browser's paradise of over 20,000 quotations, comprehensively indexed for ready reference. Lord Byron may have taken the view: 'I think it great affectation not to quote oneself', but for the less self-centred the Oxford Dictionary of Quotations provides a quote for every occasion from the greatest minds of history and from undistinguished characters known only for one happy line. Drawing on Oxford's unrivalled dictionary research programme and unique language monitoring, over 700 new quotations have been added to this eighth edition from authors ranging from St Joan of Arc and Coco Chanel to Albrecht Dürer and Thomas Jefferson. New sayings from across the ages include 'It would not be better if things happened to men just as they wish' (the classical writer Heraclitus), 'Fight on, and God will give the Victory' (the suffragette Emily Wilding Davison), and 'The future is already here--it's just not evenly distributed' (the writer William Gibson).
