**John Willis**

**Singing - Body and Soul** Barbara J. Simon,2013-11-04 Singing Body and Soul is for the young singer, to help you discover how your voice, body and mind work together. There are great books about the links between science and music - but most are written for adults with strong music backgrounds, and college degrees. Young singers need a streamlined version so your voice can express your inner life - right now! The voice has the most exciting sound when a singer is between 20 to 25 years old. That's when desire starts to ride on the sound, and helps you stand out at an audition. By then, you already need years of singing experience - to make the most of your opportunities. That means learning about your voice early - at 14 years old or younger. Singing - Body and Soul offers new guidance for developing your singing. It includes artistic and scientific descriptions, and uses song lyrics to illustrate states of mind. Musical Theater plots, characters, and songs fill the book, so the text is more storytelling than classroom lecture. With quotes and references from Charlie Brown, Albert Einstein, and Dr. Seuss, Singing - Body and Soul can help you understand your voice in new ways, and make the world hear what you have to say.

**The Complete Book of 2010s Broadway Musicals** Dan Dietz,2020-09-10 This volume contains detailed information about every musical that opened on Broadway from 2010 through the end of 2019. This book discusses the decade's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues.

**The New Broadway Song Companion** David P. DeVenney,2009-07-29 This is a completely revised and expanded second edition of The Broadway Song Companion, the first complete guide and access point to the vast literature of the Broadway musical for the solo performer. Designed with the working actor in mind, the volume lists every song from over 300 Broadway shows, including at least 90 more than the first edition. Organized by show, each song is annotated with the name of the character(s) who sing(s) the song, the vocal range, and a style category, such as uptempo, narrative ballad, swing ballad, moderate character piece, etc. Several indexes are supplied, organizing the songs by voice type (soprano, baritone, etc.) and song style, vocal arrangement (duets, trios, chorus, etc.), and composer and lyricist, allowing increased access to the repertoire. For instance, a soprano looking for a ballad to sing will find every song in that category in the index. All solos, duets, and trios are indexed in this manner, with quartets and larger ensembles listed by voice type. Furthermore,

the instant breakdowns (how many lead characters, who sings what song, and the range requirements of each character) will be a valuable resource to directors and producers.

The Palgrave Handbook of Neo-Victorianism Brenda Ayres, Sarah E. Maier, 2024-01-20 This handbook offers analysis of diverse genres and media of neo-Victorianism, including film and television adaptations of Victorian texts, authors' life stories, graphic novels, and contemporary fiction set in the nineteenth century. Contextualized by Sarah E Maier and Brenda Ayres in a comprehensive introduction, the collection describes current trends in neo-Victorian scholarship of novels, film, theatre, crime, empire/postcolonialism, Gothic, materiality, religion and science, amongst others. A variety of scholars from around the world contribute to this volume by applying an assortment of theoretical approaches and interdisciplinary focus in their critique of a wide range of narratives—from early neo-Victorian texts such as A. S. Byatt's *Possession* (1963) and Jean Rhys' *Wide Sargasso Sea* (1966) to recent steampunk, from musical theatre to slumming, and from *The Alienist* to queerness—in their investigation of how this fiction reconstructs the past, informed by and reinforming the present.

More Theatre Alvin H. Marill, 2003 A continuation of *More Theatre: Stage to Screen to Television*, this new volume brings the previous volumes into the new millennium, covering the years 1993-2001. All volumes cover productions that have been performed in all of three media: stage, screen, and television. Whether the production began on the stage, screen, or television is not part of the criteria; it is only necessary that it eventually was performed in all three media. Where new information was added to old entries, the entries have been repeated. Plenty of new entries have been added, as many new shows have qualified for inclusion since the last volume. Each entry includes a brief historical overview of the evolution of the stories behind the various productions, followed by a list of the production titles, along with production dates and credits. The stage, screen and television fan and researcher alike will not be able to dispense with this fun and useful tool.

*Broadway, Movie, TV, and Studio Cast Musicals on Record* ,1996 Is there a recording of the songs from Smile? How many scores by Sondheim have been recorded in the past ten years? Answers to these and other such questions can be found in this unique volume. All shows are listed alphabetically, and essential information is included for each song, as well as other recordings of the same score and who recorded them. There are performer, composer, lyricist, and musical director indexes, making this a user-friendly reference. This volume, along with the author's previous discographies (Greenwood 1987, 1989, 1990), provides a definitive reference source for recorded musicals—from Broadway, Hollywood, television, or merely hoping-to-be-produced—up to 1995. The work is useful not only to scholars and students but also to the collector of musical show recordings. Show recordings are listed by title in alphabetical order. Each song is listed in the order it was recorded on the album or CD, and the performer of the song is given. The recording is identified by composer, lyricist, and musical director, as well as the date of original production and date of this particular recording. There is a chronology of all shows included in this volume, and there are two indexes: one by performer and one by composer, lyricist, and musical director.
