The Leadership Genius of Elon Musk Dennis Kneale, 2025-01-28 An admiring portrait of the pioneering entrepreneur from the former CNBC host and Forbes editor. One of the most influential figures of our time, Elon Musk is the most talked about man in America who isn't running for president (yet!). In *The Leadership Genius of Elon Musk*, veteran business journalist Dennis Kneale chronicles Musk's extraordinary journey, presenting him as a beacon of inspiration. Musk's unparalleled success as an innovator and entrepreneur is not just a testament to his genius, but a playbook for those daring to dream big. Synonymous with groundbreaking advancements and daring ventures, Elon Musk has not only shaped the future with companies like Tesla, SpaceX, Neuralink, the Boring Company, and xAI, but has also redefined what it means to be a leader today. Despite facing relentless criticism and controversy, Musk's relentless pursuit of his visions provides invaluable lessons about resilience, innovation, and the power of conviction. Filled with counterintuitive advice like "Tease your critics and torture your enemies" and "work impossible hours and make them keep up," this illuminating biography reveals how the richest man in the world got that way. Kneale delves into the essence of Musk's philosophy, dissecting the principles that have guided his extraordinary journey. From embracing the possibility of the impossible to the strategic handling of critics and media, Musk's approach to life and business offers a unique blueprint for success in today's fast-paced world. His ability to dream big, bet on himself, and turn crises into opportunities serves as a masterclass in achieving greatness against all odds.

Devaluing Public Apologies in the Age of Social Media Joshua M. Bentley, 2024-12-15 In *Devaluing Public Apologies in the Age of Social Media*, Joshua M. Bentley argues that apologies are losing their meaning in American society as organizations and public figures treat them as strategic tools without considering their ethical implications. As the demand for apologies in the age of social media continues to increase exponentially, Bentley posits, the apologies that are given carry less and less weight to the public. This book examines how controversial figures like Donald Trump and Joe Rogan, as well as brands like Google and Bud Light, have addressed public controversies both effectively and ineffectively, illustrating how social media, polarization, and cancel culture are changing the way apologies are given and received. If apologies are to serve their historical role of resolving conflict peacefully, Bentley argues, they must be placed back into their proper ethical context. This book offers insight on how individuals and organizations can ensure their apologies reflect their authentic values.

Scholars of communication, ethics, media studies, political science, and public relations will find it especially useful.

Race to the Bottom of the Earth Rebecca E. F. Barone, 2021-01-05 Equal parts adventure and STEM, Rebecca E. F. Barone's *Race to the Bottom of the Earth: Surviving Antarctica* is a thrilling nonfiction book for young readers chronicling two treacherous, groundbreaking expeditions to the South Pole—and includes eye-catching photos of the Antarctic landscape. Riveting! I raced to the end of this book! —Alan Gratz, New York Times bestselling author of *Refugee* In 1910, Captain Robert Scott prepared his crew for a trip that no one had ever completed: a journey to the South Pole. He vowed to get there any way he could, even if it meant looking death in the eye. Then, not long before he set out, another intrepid explorer, Roald Amundsen, set his sights on the same goal. Suddenly two teams were vying to be the first to make history—what was to be an expedition had become a perilous race. In 2018, Captain Louis Rudd readied himself for a similarly grueling task: the first unaided, unsupported solo crossing of treacherous Antarctica. But little did he know that athlete Colin O'Brady was training for the same trek—and he was determined to beat Louis to the finish line. For fans of Michael Tougias' *The Finest Hours*, this gripping account of two history-making moments of exploration and competition is perfect for budding scientists, survivalists, and thrill seekers. A nail-biting tale of adventure, tragedy, and superhuman determination—and also a luminous example of how our present lives are shaped by our immeasurably deep connection to our past. —Elizabeth Wein, #1 New York Times bestselling author of *Code Name Verity* A huge treat for adventure story fans—not one, but two incredible races across the fearsome and fascinating Antarctic! —Steve Sheinkin, New York Times bestselling author of *Bomb and Undefeated*

The Squad Ryan Grim, 2023-12-05 *Semafor's Best Political Book of 2023* A riveting insider account of the progressive movement in Congress centering A.O.C., Rashida Tlaib, Jamaal Bowman, Cori Bush, Ayanna Pressley, and Ilhan Omar—their rise, their efforts to set an ambitious agenda for the country, and their struggle to find their footing within the Democratic party. *The Squad* is the definitive, must-read book about the most exciting figures defining our new era. The story is urgent, and the stakes are high—for the country and the world—and Grim, an experienced political reporter who covered the Squad before they were the Squad, is uniquely qualified to tell it. When Bernie Sanders, an obscure Vermont senator, launched his quixotic 2016 presidential campaign, few could have seen just how radically the Democratic Party would transform in just a few short years—or that such a transformation could be led by a Bronx bartender volunteering for Bernie in her spare time. The world as it was when that campaign began is almost unrecognizable today, and the Squad has both shaped and been shaped by the seismic social, cultural, and political changes underway. Referred to informally as the Squad, led by the preternaturally politically savvy Alexandria Ocasio-Cortez, the group laid down a marker for an aggressive left-wing agenda. Grim takes you behind the scenes as that new energy makes impact with Washington, and the Squad spends as much time fending off assaults from Donald Trump—who regularly singled them out and led chants of “send them back” at rallies—as

they did battling their own party's sclerotic leadership. As they've grown in office, they've had to contend with the eternal question that confronts outsiders who power their way into the inside: Are they still radical organizers willing and able to lead a political revolution?

Conspirituality Julian Walker, Matthew Remski, Derek Beres, 2023-06-13 Conspirituality takes a deep dive into the troubling phenomenon of influencers who have curdled New Age spirituality and wellness with the politics of paranoia—peddling vaccine misinformation, tales of child trafficking, and wild conspiracy theories. In the early days of the COVID-19 pandemic, a disturbing social media trend emerged: a large number of yoga instructors and alt-health influencers were posting stories about a secretive global cabal bent on controlling the world's population with a genocidal vaccine. Instagram feeds that had been serving up green smoothie recipes and Mary Oliver poems became firehoses of Fox News links, memes from 4chan, and prophecies of global transformation. Since May 2020, Derek Beres, Matthew Remski and Julian Walker have used their Conspirituality podcast to expose countless facets of the intersection of alt-health practitioners with far-right conspiracy trolls. Now this expansive and revelatory book unpacks the follies, frauds, cons and cults that dominate the New Age and wellness spheres and betray the trust of people who seek genuine relief in this uncertain age. Each of the three authors has witnessed firsthand the use of fear-based political agendas to manipulate the human desire for spiritual fulfillment. They throw a spotlight on the telltale signs of cult dynamics and expose how influencers have stoked suspicion of public health initiatives. And they show how charlatans and pseudo-doctors encourage their followers to oppose mainstream advice as a form of spiritual quest. With analytical rigor and flashes of irreverent humor, Conspirituality offers an antidote to our times, helping readers recognize wellness grifts, engage with loved ones who've fallen under the influence, and counter lies and distortions with insight and empathy.

Uncovered Steve Krakauer, 2023-02-21 From the COVID lab leak theory to Hunter Biden's laptop to Jeffrey Epstein, media critic and former CNN producer Steve Krakauer spotlights the problems of a news industry filled with geographically isolated, introspection-free, egomaniacal journalists. In *Uncovered*, America's sharpest media critic, former CNN insider Steve Krakauer, reveals exactly what went wrong—and why the media went off the rails. The fourth estate is supposed to be a conduit to the people and a check on power. But instead, we have geographically isolated, introspection-free, cozy-with-power, egomaniacal journalists thirsty for elite approval. Krakauer dives deep into some of the most egregious examples of the elite censorship collusion racket, like how tech suppression and media fear led to the New York Post-Hunter Biden email debacle before the 2020 election. Krakauer takes readers inside CNN after the shock Trump election, inside the New York Times after the Tom Cotton op-ed backlash, inside ESPN after the shift away from sports-only coverage, and more. No one understands these problems (and people) better than Krakauer. He has spent years getting to know the most influential players in the industry and this fascinating book is what he's learned. But most importantly, Krakauer equips readers with

the crucial tools to sniff out when the press is lying or misleading the people of America in the future—so together, we can bypass them altogether. Steve Krakauer's new book, *Uncovered*, is vital reading. It's the best and most perceptive deep dive into legacy media bias out there, from someone who knows where all the bodies are buried. — Ben Shapiro One of the most insightful critiques that has been published on this topic in years. — Glenn Greenwald

Heavily Meditated Dave Asprey, 2025-05-20 The New York Times bestselling author, Bulletproof Coffee creator, and father of biohacking teaches you how to upgrade your brain to speed it up or slow it down at will and alter your physical and mental states. In his twenties, Dave Asprey battled debilitating brain fog and chronic fatigue syndrome. Frustrated by his broken brain, he embarked on a lifelong quest to upgrade his “MeatOS”—to fix his brain, biohack his biology to live past the age of 180, and push the boundaries of human potential. Asprey discovered that cultivating a mentally and physically healthy life depends on a solid grounding for our inner life. Now, in this, his sixth book, he shares the mind-blowing discoveries he has found. Based on his immersive program 40 Years of Zen, *Heavily Meditated* combines ancient wisdom traditions and practices with modern technology and cutting-edge science to provide a roadmap for making positive changes in our bodies and minds. Asprey gives you the key to unlock altered states of consciousness and tap into unlimited energy, happiness, and inner peace. Dive into breathwork, harness sexual energy, learn how to safely induce pain, reset your relationship with technology, explore psychedelics, and geek out with EEG and neurofeedback. Discover the magic of the Reset Process, the core program from Dave’s renowned neurofeedback center, to remove the triggers draining your power. These methods—including meditation, ego management, breathwork, sleep practices, sexual energetics, psychedelics, and more—are your toolkit to enhance cognitive performance, biohack your MeatOS, boost productivity, and unlock your hidden potential to ensure you have the energy you need for the things that matter most. With *Heavily Meditated* you will: Experience Greater Cognitive Function Perform at Your Peak Improve Emotional Resilience Deepen Self-Understanding Unleash Your Creativity Reduce Your Stress Nurture Positive Relationships Heighten Your Intuition No one is in charge of you but you. Asprey helps you to learn to let go and forgive, walk with compassion, and feel gratitude so you can unleash your brain's full potential, take control of your destiny, and upgrade your brain and life.

Consumer Joe Paul Davidson,2003 In the bestselling tradition of The Lazlow Letters and Letters from a Nut, screenwriter Paul Davidson has been firing off humble but humorous letters to Fortune 500 companies to find answers to such hot-button questions like why hasn't Minute Maid begun to sell an all pulp, juice-free product yet, and whether it's safe to microwave a bowl of Marshmallow Fluff on high for ten minutes. And the funny thing is . . . consumer-care departments everywhere have been writing back to him, addressing his queries with deadpan seriousness. Collecting dozens of selections from Davidson's funniest correspondence, Consumer Joe uncovers why a box of fifty envelopes only contained forty-seven and how colorblind people are supposed to tell whether their Ziploc baggies (yellow and blue makes green) are properly sealed, while making numerous product-improvement suggestions along the way (such as adding Tuna Melt flavor to the Jamba Juice product line). Taking aim at the increasingly advertising-sponsored society, Consumer Joe features utterly absurd but irresistible missives to companies ranging from Barnes & Noble and Fed-Ex to Southwest Airlines and Taco Bell. Full of kvetches we all can relate to, Consumer Joe is poised to become the patron saint of every beleaguered shopper.

The Origins of Woke Richard Hanania,2023-09-19 Richard Hanania has emerged as one of the most talked-about writers in the nation, and in this book, he puts forward a stunning new theory about the culture war that could turn our debates upside down. Richard Hanania has come out of nowhere to become one of the best-known writers in the nation in the last few years. In this book, he directs his attention to the culture war that has driven society apart and presents a stunning new theory about what is going on. In a nation nearly-evenly split between conservatives and liberals, the left dominates nearly all major institutions, including universities, the government, and corporate America. Hanania argues that this is as much a legal requirement as it is an issue of one side triumphing in the marketplace of ideas. Culture has its own independent force, but the state has, since the 1960s, been putting its thumb on the scale. This book answers many of the puzzling questions about modern society, such as: • Why does more and more of life seem like a competition to see who is the most oppressed? • Who is really behind the sudden proliferation of woke ideas? • How did ideas that seem so intellectually bankrupt achieve hegemony over elite culture? • Which laws and regulations have helped the left rise to power everywhere? • How did workplaces come to be the main enforcers of political ideology? • When and how did Pakistanis, Samoans, and Koreans all become the same race (AAPI)? • Why did America become so obsessed with inequalities based on race but not religion? For those angry about wokeness and what it has done to American institutions, this book offers concrete suggestions regarding policies that can move us back to being a country that emphasizes merit, individual liberty, and color-blind governance.
