El hombre rico y el hombre pobre René Antonio Bravo Rojas, Un hombre rico paga por todo el daño que ha provocado.

The Richest Poor Man Carole Kastrinos,2022-12-06 Tapalpa, a small village in Guadalajara, Mexico, is a quiet town famous for its mountains, cobbled streets, white-fronted houses, and red-roofed tiles. There lived a young man of humble beginnings, the third of four brothers. They all worked daily in the fields from dawn to dusk, but there was never enough money. One day, the young man was talking with a friend and after hearing his thoughts, hopes, and goals, the friend said, You should go to America! The land of opportunity. And so he did. He worked hard, and eventually he was able to open his own restaurant. Business boomed! After years working long nights and early mornings, one restaurant turned into two. Two became three, and three expanded to several throughout New York City. The man became very wealthy and successful. But as the years went by he felt something important was missing from his life. Love and family. He realized life without love has no real success. So he decided to return home to Mexico to visit his cherished brothers, looking forward to basking in their unconditional love. But his reception was not what he expected, and things didn't turn out exactly as he'd planned. Based on a true story, this humble and compassionate bilingual (English-Spanish) tale carries a valuable message.--from publisher's description.

EN TODO, DAR LAS GRACIAS Obispo Louis Ngomo Okitembo,2013-05 In all world religions, gratitude is considered as an essential part of the act of worship and always viewed as a better way of life. This new book is an attempt to demonstrate the power of gratitude and how it can transform someone's life. Giving thanks in everything makes people happier,

strengthens relationships, improves well-being and health, reduces stress and comply with God's will in Jesus-Christ. Counting blessings, noticing simple pleasures, and acknowledging everything that we receive every day as a gift from God is a power that changes Lives. Giving thanks can change someone's life from worst to better. Gratitude helps to see every thing in God's perspective. Learning how to say THANK YOU in all circumstances constitutes the most effective way to put into action the transformative power of the daily gratitude.

Obras escogidas (Los mejores clásicos) Ramon Llull,2016-01-07 Penguin Clásicos conmemora, con esta edición de la Obra escogida, el septingentésimo aniversario de la muerte de Ramon Llull, el gran genio medieval de las letras catalanas. Introducción de Miquel Batllori, catedrático de la Pontificia Universidad Gregoriana de Roma Traducción de Pere Gimferrer La obra de Ramon Llull es una de las más ricas y variadas de toda la literatura universal. Su producción comprende más de doscientos libros de muy distintos géneros y temáticas: poesía, novela, mística, ciencia, filosofía, lógica. Las leyendas que durante siglos vistieron y enmarañaron la figura de Llull, convirtiéndolo en un alquimista y un ocultista, no pudieron, sin embargo, ocultar quien es: ante todo y sobre todo, el primer gran escritor en catalán. Los escritos recogidos en este volumen, en mayúscula traducción del poeta Pere Gimferrer y precedidas por un prolijo estudio del padre Batllori, son solamente una muestra del genio y la sapiencia del no por nada llamado «el doctor iluminado». Así, Vida coetánea es un dictado autobiográfico y el Libro de maravillas la mejor de entre todas las novelas del escritor, mientras que el Árbol ejemplifical nos acerca al Llull más científico. Cierran el volumen dos largas poesías en edición bilingüe, Desconsuelo y el Canto de Ramon, auténticos itinerarios espirituales de este creador altísimo.

Translation and Global Spaces of Power Stefan Baumgarten, Jordi Cornellà-Detrell, 2018-10-09 This book focuses on the role of translation in a globalising world. It presents a series of case studies that explore the ways in which translation is subject to ideology and power play across diverging domains and genres. Broadly based on a discussion of 'translation and the economies of power', the chapters examine an array of contextual and textual factors, ranging from global, regional and institutional power relations to the linguistic, stylistic and rhetorical implications of translation decisions. The book maps the multiple ways in which power relations and ideological positions affect cross-cultural communication, with special reference to repressive practices in history, translation policies, media power and commercial hegemonies. It concludes that future translation research will benefit from a more sustained emphasis on the power of technology and economic capital.

El Universo Kiki- Boubá: Ideaestesia, Empatía y Neuromárketing Emilio Gómez Milán, Oscar Iborra Martínez, María José de Córdoba Serrano, 2014-08-08 El libro El Universo kiki boubá: Ideaestesia, empatía y neuromarketing, se ha escrito en los últimos tres años, a partir de los estudios de nuestro equipo de investigación sobre el efecto kiki boubá y la extensión de su importancia científica, al estudio del origen del lenguaje, la ideaestesia y la personificación, así como sobre sus aplicaciones prácticas en el campo del neuromarketing. De otro lado, la docencia en la asignatura Psicología Teórica, que he impartido por más de doce años en la licenciatura de Psicología de la Universidad de Granada, hasta el año 2014, en quinto curso; donde los alumnos actúan como investigadores, en este caso del Universo Kiki Boubá, realizando estudios propios como trabajo final para la asignatura. Necesitábamos un Paradigma Experimental interesante, barato, que no requiriese para

su aplicación más que unos folios y una pregunta y que nos permitiera penetrar en algunos enigmas de la mente humana, como la conciencia, la empatía o la sinestesia. Especial mención merecen los congresos Internacionales de Sinestesia, Ciencia y Arte, que desde 2005 hasta la actualidad continúa realizando y dirigiendo María José de Córdoba de la Fundación internacional Artecitta. En las comunicaciones de estos congresos hemos encontrado inspiración, así como interlocutores para discutir nuestras ideas sobre la sinestesia, la ideaestesia y el efecto Kiki Bouba. Por ello, la Fundación Internacional Artecitta era el lugar más adecuado para publicar este libro. Por último, el trabajo fundador, básico para este libro, se encuentra en la tesis del Doctor Oscar Iborra (2011) sobre La sinestesia: El ejecutivo central ante tareas de modalidad cruzada. Universidad de Granada. Nos hemos divertido escribiendo, supervisando, dirigiendo, corrigiendo, construyendo, sobre los anteriores tres apoyos, este libro; incluso hemos organizado un congreso solidario llamada La Penumbra de la Conciencia (2014) en la Facultad de Psicología de la Universidad de Granada, donde hemos expuesto en forma de conferencias, posters y comunicaciones orales, los contenidos del mismo, y otros trabajos sobre el efecto Kiki Bouba que por límites de extensión han quedado fuera, pero que tuvieron gran aceptación y despertaron curiosidad. El lector podrá encontrarlos en la página web del grupo de investigación (poniendo setshift en el buscador google). Granada, 1 de Junio de 2014 Profesor Emilio Gómez Milán
