Hit Songs, 1900-1955 Don Tyler, 2007-04-16 This is a chronology of the most famous songs from the years before rock 'n' roll. The top hits for each year are described, including vital information such as song origin, artist(s), and chart information. For many songs, the author includes any web or library holdings of sheet music covers, musical scores, and free audio files. An extensive collection of biographical sketches follows, providing performing credits, relevant professional awards, and brief biographies for hundreds of the era's most popular performers, lyricists, and composers. Includes an alphabetical song index and bibliography.

The Great American Songbook Steven Suskin, 2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute, the Great American Songbook endures. After all, the Songbook—that sprawling canon of popular songs, standards, and show tunes from roughly the 1920s through the 1950s—is a foundational text of American pop music. Rare indeed is the song that doesn't in some way draw on this magnificent corpus, and rare is the person who hasn't heard at least a few of its most enduring melodies. Nonetheless, the Songbook is broader and deeper than most listeners can imagine, and on the margins, the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike. Attempting to plumb its depths can be a daunting prospect. Enter Steven Suskin, who has been writing about music since the days that Rodgers, Arlen, and Berlin still roamed the streets of Manhattan. In this carefully curated and cheerfully opinionated guidebook, Suskin surveys 201 of the most significant selections from the Songbook, ranging from celebrated masterpieces to forgotten gems. Year by year, he puts songwriters and their contributions in their context, and explains what makes each song such a distinctive treat—whether felicitous melody, colorful harmony, compositional originality, or merely the sheer, irreducible joy of listening to it. Old and new favorites await all readers of this

painstakingly compiled, enthusiastically written catalog.

The American Popular Ballad of the Golden Era, 1924-1950 Allen Forte, 1995 In this pathbreaking book, Allen Forte uses modern analytical procedures to explore the large repertoire of beautiful love songs written during the heyday of American musical theater, the Big Bands, and Tin Pan Alley. Covering the work of such songwriters as Jerome Kern, Irving Berlin, Cole Porter, George Gershwin, Richard Rodgers, and Harold Arlen, he seeks to illuminate this extraordinary music indigenous to America by revealing its deeper organizational characteristics. In so doing, he aims to establish it as a unique corpus of music that deserves more intensive study and appreciation by scholars and connoisseurs in the broader fields of American popular music and jazz. Expressing much of the traditional tonality associated with European music in the eighteenth and nineteenth centuries, the love songs of the Golden Age are shown to draw on a rich variety of elements--popular harmony, idiomatic lyric-writing, and Afro-American dance rhythms. His analyses of such songs as Embraceable You or Yesterdays in particular exemplify his ability to convey the sublime, unpretentious simplicity of this great music.
