The Champion's Mind Jim Afremow, 2015-05-15 Even among the most elite performers, certain athletes stand out as a cut above the rest, able to outperform in clutch, game-deciding moments. These athletes prove that raw athletic ability doesn't necessarily translate to a superior on-field experience—its the mental game that matters most. Sports participation—from the recreational to the collegiate Division I level—is at an all-time high. While the caliber of their games may differ, athletes at every level have one thing in common: the desire to excel. In *The Champion's Mind*, sports psychologist Jim Afremow, PhD, offers the same advice he uses with Olympians, Heisman Trophy winners, and professional athletes, including:

- How to get in a zone, thrive on a team, and stay humble
- How to progress within a sport and sustain long-term excellence

Customizable pre-performance routines to hit full power when the gun goes off or the puck is dropped With hundreds of useful tips, breakthrough science, and cutting-edge workouts from the world's top trainers, *The Champion's Mind* will help you shape your body to ensure a longer, healthier, happier lifetime.
