Remembering The Hansons Who Served Kingsburg, CA Jared William Carter, 2015-09-04 The author remembers his famous professor Victor Davis Hanson and decides to write a tribute to his entire family of veterans and a unfinished work dedicated to the memory of his daughter.

Bonfire of the Humanities Bruce S. Thornton, Victor Davis Hanson, John Heath, 2014-05-27 With humor, lucidity, and unflinching rigor, the acclaimed authors of *Who Killed Homer?* and *Plagues of the Mind* unsparingly document the degeneration of a central, if beleaguered, discipline—classics—and reveal the root causes of its decline. Hanson, Heath, and Thornton point to academics themselves—their careerist ambitions, incessant self-promotion, and overspecialized scholarship, among other things—as the progenitors of the crisis, and call for a return to “academic populism,” an approach characterized by accessible, unspecialized writing, selfless commitment to students and teaching, and respect for the legacy of freedom and democracy that the ancients bequeathed to the West.

Carnage and Culture Victor Davis Hanson, 2007-12-18 Examining nine landmark battles from ancient to modern times--from Salamis, where outnumbered Greeks devastated the slave army of Xerxes, to Cortes's conquest of Mexico to the Tet offensive--Victor Davis Hanson explains why the armies of the West have been the most lethal and effective of any fighting forces in the world. Looking beyond popular explanations such as geography or superior technology, Hanson argues that it is in fact Western culture and values--the tradition of dissent, the value placed on inventiveness and adaptation, the concept of citizenship--which have consistently produced superior arms and soldiers. Offering riveting battle narratives and a balanced perspective that avoids simple triumphalism, *Carnage and Culture* demonstrates how armies cannot be separated from the cultures that produce them and explains why an army produced by a free culture will always have the advantage.

The Soul of Battle Victor Davis Hanson, 2001-04-17 Argues that American generals Sherman and Patton, as well as Athenian general Epaminondas, were the greatest military leaders in history.
