**The Saddest Music Ever Written** Thomas Larson, 2010-09-15 An exploration of the cultural impact of Samuel Barber's Adagio for Strings, the Pieta of music, and its enigmatic composer. Whenever the American dream suffers a catastrophic setback, Barber's Adagio plays on the radio." —Alex Ross, author of *The Rest is Noise* In the first book ever to explore Samuel Barber's Adagio for Strings, music and literary critic Thomas Larson tells the story of the prodigal composer and his seminal masterpiece: from its composition in 1936, when Barber was just twenty-six, to its orchestral premiere two years later, led by the great Arturo Toscanini, and its fascinating history as America's secular hymn for grieving our dead. Older Americans know Adagio from the funerals and memorials for Presidents Roosevelt and Kennedy, Albert Einstein, and Grace Kelly. Younger Americans recall the work as the antiwar theme of the movie *Platoon*. Still others treasure the piece in its choral version under the name *Agnus Dei*. More recently, mourners heard Adagio played as a memorial to the victims of the 9/11 attacks. Barber's Adagio is truly the saddest music ever written, enrapturing listeners with its lyric beauty as few laments have. The Adagio's sonorous intensity also speaks of the turbulent inner life of its composer, Samuel Barber (1910-1981), a melancholic who, in later years, descended into alcoholism and severe depression. Part biography, part cultural history, part memoir, *The Saddest Music ever Written* captures the deep emotion Barber's great elegy has stirred throughout the world during its seventy-five-year history, becoming an icon of our national soul.

A Conductor's Guide to Adagio for Strings by Samuel Barber Scott Toshikazu Arakawa, 2007

Samuel Barber Barbara B. Heyman, 1994-05-12 Samuel Barber (1910-1981) was one of the most important and honored American composers of the twentieth century. Writing in a great variety of musical forms--symphonies, concertos, operas, vocal music, and chamber music--he infused his works with poetic lyricism and gave tonal language and forms new vitality. His rich legacy includes such famous compositions as the Adagio for Strings, the orchestral song Knoxville: Summer of 1915, three concertos, and his two operas, the Pulitzer Prize-winning *Vanessa* and *Antony and Cleopatra*, a commissioned work that opened the new Metropolitan Opera House at Lincoln Center. Generously documented by letters, sketchbooks, original musical manuscripts, and interviews with friends, colleagues and performers with whom he worked, this is the first book to cover Barber's entire career and all of his compositions. The biographical material on Barber is closely interspersed with a discussion of his music, displaying Barber's creative processes at work from his early student compositions to his mature masterpieces. Heyman also provides the social context in which this major composer grew: his education, how he built his career, the evolving musical tastes of American audiences, his relationship to musical giants like Serge Koussevitzky, and the role of radio in the promotion of his music. A testament to the significance of the new Romanticism, Samuel Barber stands as a model biography of an important American musical figure.

Chapters: Adagio for Strings, Agnus Dei (Barber), Capricorn Concerto, Cello Concerto (Barber), Cello Sonata (Barber), Essay for Orchestra (Barber), Excursions (Barber), Hermit Songs, Knoxville: Summer of 1915, List of compositions by Samuel Barber, Medea's Dance of Vengeance, Medea

(ballet), Piano Concerto (Barber), Piano Sonata (Barber), Prayers of Kierkegaard, Second Essay for Orchestra (Barber), String Quartet (Barber), Summer Music for Wind Quintet, Symphony in One Movement (Barber), The School for Scandal (Barber), Violin Concerto (Barber). Excerpt: Excursions, Op. 20, is the first published solo piano piece by Samuel Barber. Barber himself explains: These are 'Excursions' in small classical forms into regional American idioms. Their rhythmic characteristics, as well as their source in folk material and their scoring, reminiscent of local instruments are easily recognized. This is typical of neo-Romantic composers such as Barber. As Susan Carter explains in her Dissertation, The Piano Music of Samuel Barber, that neo-Romantic composers returned to a style characterized by broad lyricism and dramatic expression. She also states that the traditional structures of form from the eighteenth and nineteenth centuries were conserved while drawing upon a contemporary technical vocabulary. From a Boogie-woogie style of a five-part Rondo to a theme and variations of a well known cowboy ballad, and even to a barn yard dance with a fiddler, Barber uses each style effectively and accurately, according to the neo-Romantic ideas. Before composing his Piano Sonata, Samuel Barber was asked by Jeanna Behrend, a personal friend of his and an accomplished pianist, to write a longer, more involved piece for piano that would be appropriate to perform on one of her programs of American music. Barber obliged, and in June...

Samuel Barber Barbara B. Heyman, 2019-12-20 Samuel Barber (1910-1981) is one of the most admired and honored American composers of the twentieth century. An unabashed Romantic, largely independent of worldwide trends and the avant-garde, he infused his works with poetic lyricism and gave tonal language and forms new vitality. His rich legacy includes every genre, including the famous Adagio for Strings, Knoxville: Summer of 1915, three concertos, a plethora of songs, and two operas, the Pulitzer prize-winning Vanessa, and Antony and Cleopatra, the commissioned work that opened the new Metropolitan Opera House at Lincoln Center in 1966. Generously documented by letter, sketches, autograph manuscripts, and interviews with friends, colleagues, and performers with whom he worked, this ASCAP-Award winning book is still unquestionably the most authoritative biography on Barber, covering his entire career and interweaving the events of his life with his compositional process. This second edition benefits from many new discoveries, including a Violin Sonata recovered from an artist's estate, a diary Barber kept his seventeenth year, a trove of letters and manuscripts that were

recovered from a suitcase found in a dumpster, documentation that dispels earlier myths about the composition of Barber's Violin Concerto, and research of scholars that was stimulated by Heyman's work. Barber's intimate relations are discussed when they bear on his creativity. A testament to the lasting significance of Romanticism, Samuel Barber stands as a model biography of an important musical figure.

**Samuel Barber Remembered** Peter Dickinson, 2010 Samuel Barber is one of America's most popular classical composers. The main source for this book is a panoply of vivid and eminently readable interviews by Peter Dickinson for a BBC Radio 3 documentary in 1981. The book also includes three of the few interviews extant with Barber himself.

**Samuel Barber : The Composer and His Music** Barbara B. Heyman Musicologist and Deputy Director of Publication Brooklyn College, 1992-08-13 Samuel Barber (1910-1981) was one of the most important and honored American composers of the twentieth century. Barber wrote in a great variety of musical forms--symphonies, concertos, operas, vocal music, chamber music--but is best known by such compositions as the Adagio for Strings, the orchestral song Knoxville: Summer of 1915, his piano and violin concertos, and his two operas Vanessa and Antony and Cleopatra the second of which opened the new Metropolitan Opera House at Lincoln Center. Covering Barber's career and all of his published and unpublished works, this is the only book based upon primary sources: his own letters and those written to or about him, his sketchbooks, his original musical manuscripts, and interviews with friends, colleagues, and performers who were directly involved with him. The biographical material on Barber is closely interspersed with a discussion of his music. Displaying Barber's creative processes at work from his early student compositions to his mature masterpieces, Heyman provides the social context in which a major composer such as Barber moved: his education, how he built his career, the evolving musical tastes of American audiences, his relationship to musical giants like Serge Koussevitsky, and the role of radio in the promotion of his music.
