Annelies Wilder-Smith

Colorstrology Michele Bernhardt, 2005 Four out of 10 North Americans read their horoscope daily, 10 out of 10 have a birthday, and almost all of them see the world in living colour. Colorstrology, already with a highly successful website at colorstrology.com, infuses elements of astrology and numerology with the spirituality of colour to create a colour profile for every day of the year. Cleverly packaged with 32 pages of perforated colour chips, this new genre of metaphysical fun will bridge the consumer gap between the house-proud urbanite and the barefoot spiritualist. Colorstrology, the company, is rolling out an entire line of branded products, from cosmetics and jewellery to cards and flowers, but this is the only comprehensive book available by the author who New York magazine calls a must-see phenomenon.
