*The Connection* Anthony Silard, 2012-01-10 Leadership guru Anthony Silard shows how to bring greater purpose to life by transforming dreams into concrete, deadline-driven goals and aligning values with everyday actions. In this landmark book, leadership guru Anthony Silard takes a holistic view of success that makes sense in a modern world. With the proliferation of texting, emails, smart phones, and more, our home lives have begun to look a lot like work and now, more than ever, people crave deep connections and fulfillment in both their personal and professional lives. *The Connection* provides ways to handle the unprecedented information flow, increased loneliness, and lack of purpose that so often characterizes modern culture. *The Connection* is a valuable resource for people who wish to live with value and purpose and develop a more centered, directed, and resilient approach to life. With a simple set of exercises, Silard shows you how to bring worth and drive to every aspect of your life by transforming your lofty dreams into concrete, deadline-driven goals that align your deepest values with your everyday existence. Silard will help you understand the true source of your passion and motivation to build a foundation for change, and, ultimately, the skills to cultivate a truly authentic life. *The Connection* includes dozens of specific tools and strategies, all enhanced with personal examples, inspiring quotes, and insightful anecdotes to offer an entertaining and life-changing read.

Daschle vs. Thune Jon K. Lauck, 2016-04-18 The story behind the unseating of a Senate majority leader the race between Tom Daschle and John Thune in South Dakota was widely acknowledged as “the other big race of 2004.” Second in prominence only to the presidential race, the Daschle-Thune contest pitted the rival political ideologies that have animated American politics since the 1960s. In a sign of the ongoing strength of political conservatism, Daschle became the first Senate leader in fifty years to lose a re-election bid. Historian Jon K. Lauck, a South Dakotan who was an insider during that heated campaign, now offers a multilayered examination of this hard-fought and symbolically charged race. Blending historical narrative, political analysis, and personal reflection, he offers a close-up view of the issues that divide the nation—a case study of the continuing clash between liberalism and conservatism that has played out for more than a generation in U.S. politics. *Daschle vs. Thune* moves beyond the nitty-gritty of public policy to deftly show how the recent past continues to shape the ongoing political battles that animate pundits and bloggers. It is a compelling story told by a writer who knows both his home ground and how it fits into the wider U.S. context.

Atlas of Imagined Cities Matt Brown, Rhys B. Davies, 2023-10-12 From the Ghostbusters HQ in New York to Nemo's fish tank in Sydney, from the Phantom of the Opera's Parisian lair to scenes from Grand Theft Auto in LA, this is an amazing atlas of imaginary locations in real-life cities around the world. Locations from film, TV, books, computer games and comics are ingeniously plotted on a series of beautiful vintage-looking maps. Featuring 14 of the world's greatest cities, the maps show exactly where your favourite characters lived, loved, worked and played, and where iconic scenes took place. The locations have been painstakingly tracked down, mapped, annotated and wittily divulged by the authors, and an extensive index helps you find them all. Within the pages of this book, you'll discover: • Where in London super-spies James Bond and George Smiley are neighbours. • The route of the exciting San Francisco car chase in Bullitt. • The Tokyo homes of all the magical girls from the classic Sailor Moon anime. And many more fascinating locations drawn from the world's imagination. Accompanying the maps are illuminating essays that explain how the authors came to their decisions, along with explorations of the key locations and fun timelines of imaginary events. Find out how to get to Sesame Street, where to join Starfleet and thousands of other places besides, in this indispensable guidebook to all those places you always wanted to visit – if only they were real.

*Kayla Blaze: a Tale of the New Southwest—Or, the Will to Resist* Gooding, 2015-08-21 The novel is based on an actual case of the kind of persecution American colleges and universities have become known for in the last thirty years or so. The instructor who was suspended without pay, and nearly fired, only retained his position after his case received national exposure. The faculty association charged with protecting his rights hung him out to dry, apparently as anxious to get rid of him as were his accusers. So much for academic freedom.

**The Revenge of the Donut Boys** Mike Sager, 2007-07-20 From his landmark story The Devil and Miss Jones to his Rick James piece, this new collection focuses on the dark side of American life, including an intimate glimpse of Roseanne Barrs multiple personality disorder and an essay about hanging out on the road with death metal gods.
