Escape Into the Future John Stroup, Glenn W. Shuck, 2007 *Escape into the Future* analyzes the power of pessimism, showing links between present-day religious pessimism and the nihilism of popular culture. Stroup and Shuck rummage through an interesting and eclectic body of pop culture--from *Fight Club* to *X-Files* to the *Left Behind* series--pointing out the presence of pessimistic themes throughout. This volume identifies and illuminates the religious language used in these works to articulate America's need to escape from its present cultural path and, ultimately, provide hope that it might do so.

Media and Digital Management Eli M. Noam, 2019-01-23 Being a successful manager or entrepreneur in the media and digital sector requires creativity, innovation, and performance. It also requires an understanding of the principles and tools of management. Aimed at the college market, this book is a short, foundational volume on media management. It summarizes

the major dimensions of a business school curriculum and applies them to the entire media, media-tech, and digital sector. Its chapters cover—in a jargonless, non-technical way—the major functions of management. First, creating a media product: the financing of projects, and the management of technology, HR, production operations, intellectual assets, and government relations. Second, harvesting the product created: market research, marketing, pricing, and distribution. And third, the control loop: media accounting and strategy planning. In the process, this book becomes an indispensable resource for those aiming for a career in the media and digital field, both in startups and established organizations. This book is designed to help those aiming to join the media and digital sector to become creative managers and managerial creatives. It aims to make them more knowledgeable, less blinded by hype, more effective, and more responsible.

Fight Club Jim Uhls, 2024 Descend into the anarchic world of *Fight Club* with this exclusive paperback edition, featuring the complete screenplay of the cult classic. -- Back cover.

The Press Gang Godfrey Cheshire, Matt Zoller Seitz, Armond White, 2020-09-29 A dialogue about cinema's legacy and best directors through essays by three of the best long-form critics out there, collected from the legendary NYPress for the first time. Comprising of the kind of long-form criticism that is all too rare these days, the weekly film columns in the NYPress included polemics, reviews, interviews, festival reports and features. A far cry from what is often derisively termed the consumer report mode of criticism, Cheshire, Seitz and White were passionately engaged with the film culture of both their own time, and what had come before. They constituted three distinctly different voices: equally accomplished, yet notably individual, perspectives on cinema. Their distinctive tastes and approaches were often positioned in direct dialogue with each other, a constant critical conversation that frequently saw each writer directly challenging his colleagues. Dialogue is important in criticism, and here you can find a healthy example of it existing under one proverbial roof. This three-way dialogue between Cheshire, Seitz and White assesses the 1990s in cinema, along with pieces on New York's vibrant repertory scene that allow us to read the authors' takes on directors such as Hitchcock, Lean, Kubrick, Welles, Fassbinder and Bresson; as well as topics such as the legacy of Star Wars, film noir, early film projection in New York City, the New York Film Critics Circle, Sundance, the terrorist attacks of 9/11 and the emerging cinema of Iran and Taiwan.

Featuring reports from behind-the-scenes and commentary from actors, writers and
