The Ways of the Wolf Smriti Prasad-Halls, 2017-10-05 WINNER of the English 7-11 Best Non-fiction Picture Book Award. Shortlisted for the SLA Awards 2018! The wolf stalks the wilderness and our own imaginations. Uncover its mysteries in this beautifully written non-fiction picture book. Majestic and fierce, proud and strong, the wolf has always been a source of fascination - and fear. It remains one of the most misunderstood of all creatures, frequently cast as our mortal enemy. The truth is that wolves and humans are more closely connected than we dare to admit. With beautifully lyrical language, Smriti Prasad-Halls explores the lightning speed, echoing howl and family life of these mysterious animals, revealing astonishing facts and overturning misconceptions as she does so. Wildlife illustrator Jonathan Woodward brings the creatures to life with breathtaking papercut collage artwork. This is non-fiction storytelling at its very finest. The Ways of the Wolf has been endorsed by the UK Wolf Conservation Trust. IN THE SAME SERIES: The World of the Whale.

**The Wolf Connection** Teo Alfero, 2019-06-25 Discover the transformative lessons from one of humanity's oldest teachers—the wolf—with this enthralling and accessible guidebook to help us restore our connection with nature, our communities, and our deepest selves. The wolf has enthralled humankind for millennia, as a creature to be both feared and admired. It is the focus of countless myths around the world, in cultures as varied as the Ainu people of Japan to the Apache First Nation elders who worshipped the wolf. Now in The Wolf Connection, Teo Alfero, shamanic practitioner and wolf sanctuary founder, shares the profound knowledge that can be gleaned from these majestic creatures to restore our bond with nature and our connection to humanity. Legends, behavioral science, and biological research all suggest that human beings picked up many of their key evolutionary traits—such as cooperative hunting and raising of their young, and their high degree of emotional intelligence and deep bonding—from wolves. Teo and his team at Wolf Heart Ranch conservatory have seen first-hand how wolves and wolfdogs can shift people's outlooks, empowering at-risk youth and benefitting people from all walks of life through their wolf therapy program, the Wolf Connection. As we restore our ancestral bond with these inspiring, resourceful beings, we begin to reclaim the best of what it means to be human. Grounded in Teo's years of working with wolves, as well as the findings of wolf biologists and the wisdom of First Nation elders, The Wolf Connection offers a set of twelve Wolf Principles to awaken our intuition, live more authentically, and heal from past trauma. By integrating a myriad of sources—including inspiring stories from the Wolf Heart Ranch—Teo provides a complete understanding of wolves and the

lessons they have to teach us, so you can harness their powerful and transformative insights in your own life.

**The Way Home for Wolf** Rachel Bright, 2019-09-05 A sparkling story of friendship, set in the snowy Arctic, from the bestselling creators of *The Lion Inside*. Wolf cub Wilf doesn't want help from anyone. Whatever it is, he can do it all by himself. But when Wilf finds himself lost and alone in the chill of the Arctic night, he discovers something important: sometimes we all need the helping hand of a friend. This positive rhyming tale of friendship and community is perfect for stubbornly independent little cubs everywhere! Look out for more heart-tingling tales from Rachel Bright and Jim Field: *The Lion Inside* *The Koala Who Could* *The Squirrels Who Squabbled*

*Of Wolves and Men* Barry Lopez, 1979-09-01 Originally published in 1978, this classic exploration of humanity's complex relationship with and understanding of wolves returns with a new afterword by the author. Humankind's relationship with the wolf is the sum of a spectrum of responses ranging from fear to admiration and affection. Lopez's classic, careful study has won praise from a wide range of reviewers and improved the way books on wild animals are written. *Of Wolves and Men* explores the uneasy interaction between wolves and civilization over the centuries, and the wolf's prominence in our thoughts about wild creatures. Drawing upon an impressive array of literature, history, science, and mythology as well as extensive personal experience with captive and free-ranging wolves, Lopez argues for the wolf's preservation and immerses the reader in its sensory world, creating a compelling portrait of the wolf both as a real animal and as imagined by different kinds of men. A scientist might perceive the wolf as defined by research data, while an Eskimo hunter sees a family provider much like himself. For many Native Americans the wolf is also a spiritual symbol, a respected animal that can strengthen the individual and the community. With irresistible charm and elegance, *Of Wolves and Men* celebrates careful scientific fieldwork, dispels folklore that has enabled the Western mind to demonize wolves, explains myths, and honors indigenous traditions, allowing us to understand how this remarkable animal has become so prominent for so long in the human heart.
