

# Hildegarde De Bingen

## Wighard Strehlow

*Hildegard Von Bingen's Physica* Saint Hildegard, 1998-09 Saint, mystic, healer, visionary, and fighter, Hildegard von Bingen stands as one of the great figures in the history of women in medicine. She was renowned for her healing work and her original theories of medicine.

**Secrets of God** Hildegard of Bingen, 1996-07-09 A unique glimpse into the mind of the 12-century visionary Hildegard of Bingen through her “creative and insightful” writings on medicine, spirituality, and more (Booklist) Visionary, mystic, poet, musician, naturalist, healer, theologian—the Rhineland nun Hildegard of Bingen (1098–1179) was a Renaissance woman long before there was a Renaissance. This is the first book in English to offer a representative selection of writings from all of her amazing range of work. Hildegard wrote many volumes on subjects from mystical vision to sexuality, from theology to natural medicine—in letters, treatises, poetry, and songs—all in an age when few women wrote more than an occasional letter. She was a woman of extraordinary influence whose work not only surpassed that of her male contemporaries in its range, but also outshone them in visionary beauty and intellectual power. This collection includes a brief biography of Hildegard, and selections from the following works: • Scivias (literally, “know the ways”), the record of Hildegard’s visions and her commentary on them • The Book of Life’s Merits, visionary work • The Book of Divine Works, a work of cosmology and anthropology • Natural History, a record of plants, animals, and minerals, translated here into English for the first time • Causes and Cures, a compendium of her writing on natural medicine • Symphonia, her songs and poetry • Biographical works • Selected letters

**Hildegard of Bingen** Régine Pernoud, 1998 Describes and interprets events in the life of the ninth-century Benedictine nun who was noted for her mystical visions as well as her talents as a musician and composer

**Hildegard of Bingen** Honey Meconi, 2018-10-24 A Renaissance woman long before the Renaissance, the visionary Hildegard of Bingen (1098–1179) corresponded with Europe’s elite, founded and led a noted women’s religious community, and wrote on topics ranging from theology to natural history. Yet we know her best as Western music’s most accomplished early composer, responsible for a wealth of musical creations for her fellow monastics. Honey Meconi draws on her own experience as a scholar and performer of Hildegard’s music to explore the life and work of this foundational figure. Combining historical detail with musical analysis, Meconi delves into Hildegard’s mastery of plainchant, her innovative

musical drama, and her voluminous writings. Hildegard's distinctive musical style still excites modern listeners through wide-ranging, sinuous melodies set to her own evocative poetry. Together with her passionate religious texts, her music reveals a holistic understanding of the medieval world still relevant to today's readers.

*The Letters of Hildegard of Bingen : Volume I* Hildegard of Bingen, 1994-07-26 The first translation into English of the complete correspondence of the remarkable twelfth-century Benedictine abbess Hildegard of Bingen (1098-1179), this study consists of nearly four hundred letters, in four projected volumes. Addressed to some of the most notable people of the day, as well as to some of humble status, the correspondence reveals the saint in ways her more famous works leave obscure: as determined reformer, as castigating seer, as theoretical musician, as patient adviser, as exorcist. Sometimes diffident and restrained, sometimes thunderously imperious, her letters are indispensable to understanding fully this luminary of medieval philosophy, poetry, and music. In addition, they provide a fascinating glimpse at life in tumultuous twelfth-century Germany, beset with schism and political unrest. This first volume includes ninety letters to the highest ranking prelates in Hildegard's world--popes, archbishops, and bishops. Three following volumes will be divided according to the rank of the addressees.

Hildegard of Bingen Carol Reed-Jones, 2004-10 The life and works of Hildegard of Bingen--nun, visionary, writer, composer, healer, naturalist, traveling preacher, for young readers.

**Hildegard of Bingen's Book of Divine Works** Matthew Fox, 1987-06-01 Hildegard of Bingen, a Rhineland mystic of the twelfth century, has been called an ideal model of the liberated woman. She was a poet and scientist, painter and musician, healer and abbess, playwright, prophet, preacher and social critic. The Book of Divine Works was written between 1170 and 1173, and this is its first appearance in English. The third volume of a trilogy which includes Scivias, published by Bear & Company in 1985, this visionary work is a signal resounding throughout the planet that a time of healing and balance is at hand. The Book of Divine Works is a cosmology which reunites religion, science, and art, and readers will discover an astonishing symbiosis with contemporary physics in these 800-year-old visions. The present volume also contains 51 letters written by Hildegard to significant political and religious figures of her day and translations of twelve of her songs.

**Hildegard of Bingen** Demi, 2019 Hildegard of Bingen (1098-1179) was one of the most remarkable and influential women of her time. Blessed with an astonishing array of talents, she was at once a mystic, theologian, scientist, doctor, nutritionist, composer, writer, linguist, and artist. Born to a noble family in Mainz, Germany, Hildegard entered a Benedictine monastery and went on to become abbess of a thriving community near Bingen. From a young age she received extraordinary 'lights' or visions of Heaven, which she described in a book called Know the Ways (of God). Hildegard's collection of imaginative music and poetry includes seventy-seven songs for the liturgical year and a morality play, making her the most prolific composer of early music in Europe. Her pioneering scientific work formed the basis for the study of natural history in Germany, while her holistic medical studies helped to provide cures for numerous diseases. Hildegard was also the author of

a cookbook recommending nutritional 'foods of joy' and she even invented a new language! Such was Hildegard's fame and influence that bishops, popes, and kings, as well as humble peasants, sought out her wise counsel. Today, Hildegard of Bingen is recognized as a saint and doctor by the Catholic Church and is also revered by many Lutherans and other Protestants. Find out more about her life in this beautifully illustrated book by award-winning author, Demi.

**The Cambridge Companion to Hildegard of Bingen** Jennifer Bain, 2021-11-04 This specially commissioned collection of thirteen essays explores the life and works of Hildegard of Bingen (1098-1179), monastic founder, leader of a community of nuns, composer, active correspondent, and writer of religious visions, theological treatises, sermons, and scientific and medical texts. Aimed at advanced university students and new Hildegard researchers, the essays provide a broad context for Hildegard's life and monastic setting, and offer comprehensive discussions on each of the main areas of her output. Engagingly written by experts in medieval history, theology, German literature, musicology, and the history of medicine, the essays are grounded in Hildegard's twelfth-century context, and investigate her output within its monastic and liturgical environments, her reputation during and after her life, and the materiality of the transmission of her works, considering aspects of manuscript layout, illumination, and scribal practices at her Rupertsberg monastery.

**The Hildegard of Bingen Pilgrimage Book** Annette Esser, 2022-07-15 The Hildegard of Bingen Pilgrimage Way is a new path that invites pilgrims from all over the world to walk along the historic sites where the saint lived in the twelfth century. The route leads pilgrims on 140 kilometers (87 miles) from Idar-Oberstein via Disibodenberg and Sponheim to St. Hildegard's Abbey in Eibingen on the Rhine. It is a path through a fascinating Central European landscape, into Hildegard's visionary work, into one's own spirituality, and into God. The Hildegard of Bingen Pilgrimage Book directs you along the way, offering short descriptions of each of the ten stages. It also provides profound information about Hildegard's life and her theological, musical, medical, and botanical works. Biblical texts and meditative poems are included to offer you additional inspiration, furthering the potential for your own spiritual discoveries in the company of Hildegard.

**The World of Hildegard of Bingen** Heinrich Schipperges, 1998 German scholar Heinrich Schipperges outlines the life of the 12th century abbess Hildegard of Bingen, considering her mind and thought from the basis of her understanding of wholeness. He sees her in the context of the political and ecclesiastical events of her time and expounds on her relevance for modern people today.

**The Letters of Hildegard of Bingen** Hildegard of Bingen, 2004-03-18 This is the third and final volume of the complete annotated correspondence of the extraordinary nun, Hildegard of Bingen (1098-1179). One of the most remarkable women of her day, Hildegard was, for more than 30 years, an unflinching advisor and correspondent of all levels of church and society, from popes and kings to ordinary lay persons, from Jerusalem to England. This present volume (letters 218-390) is noteworthy for its large collection of letters to a non-ecclesiastical audience, and because it contains letters not just to

such high-ranking notables as Frederick Barbarossa, King Henry II of England, or Eleanor of Aquitaine, but also to common, ordinary individuals of no importance whatsoever, save that they received a letter from Hildegard of Bingen. Addressing matters as diverse as the humors and their relation to health and salvation, the fate of departed souls, the frequency and horror of homicide in her age, a means of exorcising malignant spirits, an effective kind of incantation to alleviate nightmares, the proper attitude and response to the fact of excommunication, and male infidelity in marriage, Hildegard provides a unique view of the twelfth century world. Here also are found compositions in epistolary style that are actually sermons, meditations, prayers, or treatises on a wide range of theological topics, such as prophecy, celebration of the Mass, the Lord's Prayer, the creation, and the fall of Adam. Like previous volumes, the translation follows the most recent definitive Latin text, in which the letters are organized according to the rank and station of Hildegard's correspondents.

A Companion to Hildegard of Bingen, 2013-10-17 This volume provides an introduction to Hildegard and her works, with a focus on the historical, literary, and religious context of the seer's writings and music. Its essays explore the cultural milieu that informs Hildegard's life and various compositions, and examine understudied aspects of the magistra's oeuvre, such as the interconnections among her works. *A Companion to Hildegard of Bingen* builds on earlier studies and presents to an English-speaking audience various facets of the seer's historical persona and her cultural significance, so that the reader can grasp and appreciate the scope of the unparalleled life and contributions of Hildegard, who was declared to be a saint and a doctor of the Church in 2012. Contributors include: Michael Embach, Margot E. Fassler, Franz J. Felten, George Ferzoco, William T. Flynn, Felix Heinzer, Beverly Mayne Kienzle, Tova Leigh-Choate, Constant J. Mews, Susanne Ruge, Travis A. Stevens, Debra L. Stoudt, and Justin A. Stover.

*Hildegard of Bingen's Spiritual Remedies* Wighard Strehlow, 2002-07-10 Hildegard of Bingen recognized what the holistic health movement has only recently restored to our consciousness: that full health can only be experienced in a state of spiritual balance. Dr. Strehlow gives readers practical suggestions based on the integration of 35 spiritual forces of the human soul in order to cure the soul within, which he synthesized from five of Hildegard's books on spiritual and psychological healing principles.

The Personal Correspondence of Hildegard of Bingen Saint Hildegard, 2006-09-07 Joseph L. Baird presents a selection of 75 of the most interesting and revealing letters from volumes I, II and III.

*Hildegard of Bingen* Mirabai Starr, 2008-03-01 Some call Hildegard of Bingen the original rebel nun—a woman of stunning visionary gifts who rose above the restrictions of her time to shape the destiny of Christianity. In *Hildegard of Bingen*, you are invited to encounter this remarkable woman, who dared to speak out with such strength and purpose that even the twelfth-century Church had to respect her divinely inspired wisdom. Hildegard's life gives us a blueprint for taking charge of our own spiritual lives. From her brilliant and iconoclastic writings on the spiritual journey, women's health, and

herbal medicine to her courage in urging world rulers to choose peace over war, this enduring heroine shines across the centuries as an example of how to live fearlessly our own limitless radiance. Through her writings, musical and lyrical compositions, and compassionate bravery, Hildegard invites you today to a place of stillness where you can clearly hear the inner wisdom that is your birthright.

Hildegard Von Bingen ,

*Hildegard of Bingen* Joan Ohanneson, 2016-06 Historically accurate, spiritually profound, and evocatively written, this fictional biography of Hildegard of Bingen offers an unforgettable encounter with the astonishing medieval nun, visionary and prophet, artist and healer, counselor of kings and popes, and composer of divine and long-lasting music. The story paints a vivid picture of the medieval world, and masterfully weaves in Hildegard's own accounts of the Living Light, lending an air of authenticity to the narrative. This is an absorbing portrait of a spiritual leader who would become one of only 34 individuals--and one of only four women--to be named a Doctor of the Church and of a figure who shattered stereotypes of what it meant to be a woman and a scholar in the Middle Ages.

*The Journal of Hildegard of Bingen* Barbara Lachman, 1993 Fictitious journal on the life of a medieval mystic.

**Prayers of Hildegard of Bingen** Saint Hildegard, 2003 Open your heart to the words of prayer of Saint Hildegard of Bingen, twelfth-century mystic, healer and abbess, natural scientist, prophetess and spiritual guide—one of the greatest female spiritual figures of the last millennium. From the saint's great visionary works dealing with God, humans and the cosmos, one of her modern followers has compiled a simple, unpretentious, consoling book of prayer. The mystical writings of Hildegard of Bingen (1098-1179), the self-described "trumpet of God" and "zither of the Holy Spirit," invite you to enter into prayer that is dialogue on all levels: a dialogue between the Creator and the created, one person and another, the individual and nature, the body and the soul, virtue and vice.

If you ally need such a referred **Hildegarde De Bingen** book that will present you worth, acquire the very best seller from us currently from several preferred authors.
