

# John Stephens The Books Of Beginning

**Edgar Allan Poe, Burton Ralph Pollin, Jeffrey A. Savoye**

*The Emerald Atlas* John Stephens, 2011-04-05 A strong . . . trilogy, invoking just a little Harry Potter and Series of Unfortunate Events along the way.—Realms of Fantasy Siblings Kate, Michael, and Emma have been in one orphanage after another for the last ten years, passed along like lost baggage. Yet these unwanted children are more remarkable than they could possibly imagine. Ripped from their parents as babies, they are being protected from a horrible evil of devastating power, an evil they know nothing about. Until now. Before long, Kate, Michael, and Emma are on a journey through time to dangerous and secret corners of the world . . . a journey of allies and enemies, of magic and mayhem. And—if an ancient prophecy is true—what they do can change history, and it's up to them to set things right. A new Narnia for the tween set.—The New York Times [A] fast-paced, fully imagined fantasy.—Publishers Weekly Echoes of other popular fantasy series, from Harry Potter to the Narnia books, are easily found, but debut author Stephens has created a new and appealing read . . .—School Library Journal, Starred Review

**The Fire Chronicle** John Stephens, 2012-10-09 After the tumultuous events of last winter, Kate, Michael, and Emma long to continue the hunt for their missing parents. But they themselves are now in great danger, and so the wizard Stanislaus Pym hides the children at the Edgar Allan Poe Home for Hopeless and Incurable Orphans. There, he says, they will be safe. How wrong he is. The children are soon discovered by their enemies, and a frantic chase sends Kate a hundred years into the past, to a perilous, enchanted New York City. Searching for a way back to her brother and sister, she meets a mysterious boy whose fate is intricately—and dangerously—tied to her own. Meanwhile, Michael and Emma have set off to find the second of the Books of Beginning. A series of clues leads them into a hidden world where they must brave harsh polar storms, track down an ancient order of warriors, and confront terrible monsters. Will Michael and Emma find the legendary book of fire—and master its powers—before Kate is lost to them forever? Exciting, suspenseful, and brimming with humor and heart, the next installment of the bestselling Books of Beginning trilogy will lead Kate, Michael, and Emma closer to their family—and to the magic that could save, or destroy, them all.

*The Black Reckoning* John Stephens, 2016-04-12 The final book in the bestselling Books of Beginning trilogy that began with *The Emerald Atlas*, which the New York Times called “a new Narnia for the tween set.” The adventures of siblings Kate, Michael, and Emma come to a stunning conclusion when they must find the last Book of Beginning—the Book of

Death—before the Dire Magnus does, for when all three books are united, their combined power will be unstoppable. Soon Emma is on a journey to places both worldly and otherworldly, confronting terrifying monsters and ghosts, and what is darkest within herself. As the fabric of time begins to fray, she becomes the final piece of an extraordinary puzzle. Only if she can master the powers of this most dangerous book will she, Kate, and Michael be able to save the world from the dramatic, deadly final confrontation between magical and ordinary people that the Dire Magnus has in store.

**The Fire Chronicle: The Books of Beginning 2** John Stephens, 2012-10-11 It's been six months since Kate, Michael and Emma confronted the Dire Magnus, but the trail to their long-lost family remains cold. Then Michael and Emma find the man who was the last person to see them. He knows about a secret map of a distant, mysterious land - maybe this is the clue that will lead them to their parents... Meanwhile, Kate's connection to the Book of Time grows ever stronger, and when a dangerous trick traps her in the past, she must find new friends to help her return home. Once more the children must embark on a daring and perilous quest to find the second Book of Beginning and harness its power. But will it be enough to save them all?

*The Emerald Atlas: The Books of Beginning 1* John Stephens, 2011-04-14 The first thrilling book in the most exciting children's fantasy series since Harry Potter. They were taken from their beds one frozen night, when the world was covered in snow. The silhouette of a tall, thin man has haunted Kate ever since. Ten years on, Kate, Michael and Emma have grown up in a string of miserable orphanages, and all memories of their parents have faded to a blur. Arriving at Cambridge Falls, the children quickly realise there is something different about this place - and Kate feels sure she has seen the dark, crooked house before. As they explore, they discover an old, empty leather book. The moment they touch it, an ancient magical prophecy is set irrevocably in motion, and the children are thrown into a dangerous alternate reality of dark enchantments and terrifying monsters. Only they can prevent the terrible event that will ruin Cambridge Falls - and stop the world from falling into complete devastation.

*The Emerald Atlas Gift Bundle* John Stephens, 2012-11-06 Two wondrous adventures in one special gift set! Called a new Narnia for the tween set by the New York Times and perfect for fans of the His Dark Materials series, The Emerald Atlas and The Fire Chronicle brim with humor and action as they chart Kate, Michael, and Emma's extraordinary adventures through an unforgettable, enchanted world. These three siblings have been in one orphanage after another for the last ten years, passed along like lost baggage. Yet they are more remarkable than they could possibly imagine. Ripped from their parents as babies, they are being protected from a horrible evil of devastating power, an evil they know nothing about. Until now. Before long, Kate, Michael, and Emma are on a journey through time to dangerous and secret corners of the world . . . a journey of allies and enemies, of magic and mayhem. And--if an ancient prophecy is correct--their actions have the power to change history. It is up to them to set things right.

Richard Mocket: Doctrina et Politia Ecclesiae Anglicanae Richard Mocket, 2022-07-04 Warden Richard Mocket's *Doctrina et Politia Ecclesiae Anglicanae* is a Summa of Anglican doctrine and organisation compiled by a chaplain of Abbot, Archbishop of Canterbury. It includes (anonymously) Jewel's Apologia for the Church of England, Nowell's Catechism, the thirty-nine Articles (in a controversial Latin version), Mocket's own — unique — Latin translation of the Jacobean Book of Common Prayer, a brief summary of the official Anglican Homilies and Mocket's treatise *Disciplina et Politia Ecclesia Anglicanae* with the variants of his little-known manuscript and the issues of 1616 and 1617 of the printed edition. The whole volume is given in facsimile, the text being that of 1617 (edited). James I condemned the edition to be burnt (1617). It is therefore little known. The introduction (by M.A. Screech) discusses why so important a book was burnt, with the result that it — as well as this edition of Jewel's Apologia and Nowell's Catechism — are all but unknown.

*Beginnings of the English Essay* Wilbert Lorne MacDonald, 1914

*The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983

*The Books of Beginning* John Stephens, 2011 Kate, Michael, and Emma have passed from one orphanage to another in the ten years since their parents disappeared to protect them, but now they learn that they have special powers, a prophesied quest to find a magical book, and a fearsome enemy.

The Black Reckoning John Stephens, 2015-03-05 Emma, Michael and Kate are locked in a race against time: to find their parents; to defeat the evil Dire Magnus; and to locate the final Book of Beginning. When all three books are united, their power will be unstoppable. Embarking on a perilous journey to the land of the dead, Emma is forced to confront terrifying monsters and ghosts.

**Talking Book Topics**, 2013-11

The Books of Beginning John Stephens, 2011 In the second book in the Books of Beginning Trilogy, Michael and Emma must track down the Chronicle of Life, while Kate must find a way back to present day from the year 1899.
